Sasa madam professor nitakupatia ustani utuongoze vile tutaendelea.

Com. Kabira: Asante sana Bwana Chairman of the Committee. Ngwedaga kuga tutatumia lughya yeyote. Waweza kutumia Kingereza, waweza kutumia Kiswahili, ukitaka kuzungumuza Kikuyu tutauliza mtu asaidie ku- translate. Kwa hivyo unaweza kutumia lughya yoyote unayotaka. Aria makwenda kwaria na Gikuyu, notwarie na Gikuyu na twakinya hauu mundu umwe nu a-translate. Mundu wina memorandum yandikitwo turamuhe dagika ithano nigetha ahuto ku- highlight issues iria andikite tondu ni tugucoka tuthome memorandum iyo. Na mundu urenda kwaria utari na memorandum tukumuhe dagika ikumi nigetha ahote gutuhe pointi ciake ciothe tondu hatiri handu hangi tugucoka guthoma. Nu andu mangiighiha nitugicenje uhoru wa dagika icio, andu mangiighiha notutinie utige gukorwo na dagika ikumi kana gukorwo na dagika ithano uguo.

Kwa hivyo ukiwa na memorandum utatumia dakika tano ku-highlight tuu zile points unataka kuzungumuza juu yao na ukiwa huna memorandum tunakupatia dakika kumi. Tutakuwa hapa mpaka saa kumi na moja au saa kumi na mbili na tukiwa watu hawajamalizika tutaendelea mpaka watu wamazilike. Kwa hivyo vile tutafanya, tutatumia hii registration form. So we are just going to go according to first come first served, so if you are the first one we will call you. We will go according to this list.

Now, there is another list of people who are just registering but they are saying that they do not intend to speak, but when they hear the other people speak then they might change their mind. So if they change their mind, then you'll need to come and tell this lady Roselyne so that we know how to deal with it. Whether we will go through the list or whether you will register a new, or whether we'll just tick to the names so that we don't have the confusion with the registration. Ndiui kana nitwaiguana. Andu aria matarenda kwaria, maugite matiraria, mangicoka mecirie ni marenda kwaria no mone mwiritu uyo wihaa mundu aneane

ritwa riake nigetha tucoke twungere list-ini. Handu haguthii through list iyo ingi ya resgistration tundo ni hakugia na confusion ya maritwa okey? Na ukija hapa tunataka uzungumuze kutoka hapa na ukimaliza utajiandiksha jina lako hapa, utawapatia memorandum yako ukiwa na memorandum au utajiandikisha jina lako. So can we begin with Peter Kimani?.

Peter Kimani: I greet you, I'm Peter Kimani, I was the first person to appear here and as you can see that I have been called the first one. This is because I am serious with this country amen! I am a bible school student and I saw it so important to come and present my views to the commissioners. I want to talk about two things: that is religion as you hear that I'm a bible college student. Number two I will talk about education and first I will start with religion.

I want to say that historically Kenya is a Christian nation and because of that I believe in the present Constitution. It states that in Kenya there is freedom of worship but this constitution is not specific on what or which is the object of worship that should be worshiped in Kenya. So I want just to say that in the present the Constitution that they are writing they should actually be specific on the object of worship and that is let there be a freedom of worship of capital 'G' God. That is my first point, that there should be a freedom of worship of capital 'G' God and then, we do not want instances where we go to our streets and we find people worshiping trees because we did not remember to specify what is supposed to be worshiped in Kenya.

The other thing about religion, I think it is very important for Kenya to realize that we did not just exist like mushrooms, there is a God and because there is a God, let the government of the nation before they budget anything to actually budget to tithe to the church, and what I mean by this is that if there are church organizations in Kenya which have projects and if actually in the national budget they can have a specific amount of money to support church projects.

Now I want to talk about education. I think each and every Kenyan who attends school in Kenya should have some privileges because of the amount of money we pay in this secondary and primary education. What I want to say is that each and every person who attends a primary and a secondary school education should have the privilege of some things that each and every person should be taught. One of the things that should be taught in secondary schools is civic education because of the amount of money that people pay in these schools. For instance I even don't know what the present Constitution talks about because I was not taught about it. So I am just presenting my views with no knowledge of what the present Constitution talks about, even when they were talking about civic education, I have never heard or seen anybody teaching civic education here in Limuru. I don't know where it was taught. So I think it should be put in the curriculum in secondary schools that each and every person who gets to secondary school can learn about civic education, to know about the Constitution, to know about the do's and the dont's of the Constitution. That will be one of the things that is very important to each and every person who attends schools in Kenya.

Number two, they should actually in the activities of the schools they should all learn about driving. This is a privilege for each and every one because we are in a free nation. We don't want a time whereby people are out the school and then they go and

pay for driving courses outside there. Let each and every school, let there be a law that indicates that each and every secondary school should have a lorry or bus whereby any person who attends the school can actually learn driving. The other thing that each and every person who attends should know, that is secondary I'm mostly talking about secondary, is computer lessons. We are living in a generation where everything is becoming computerized and we want each and every person who qualifies out of secondary school to be computer literate, you. This is my view about education.

The other thing I want to speak about is about the economy. I have ten minutes. We really wonder whether there is a law that actually governs or guides the industries in Kenya, because Nairobi for instance, is not meant for eight million people and the eight million people who are there, it is because all the industries are mushrooming in Nairobi. We would like there to be a law whereby these industries should be licensed in other provinces of the country to avoid a lot of congestion in Nairobi, and avoid a lot of slums in Nairobi. So my advise to the commissioner is to at least draft a law that will actually license these people to put their industries in other places in Kenya. That will help Kenyans on how they will live without being squeezed.

The other thing that I want to talk about; I don't know whether it is economy I don't know how to classify because I didn't attend any civic education is about civic education is about price regulation or regulating prices. We wonder how in Kenya people buy things, there is no fixed price for the things that they buy. You can buy in one place sugar of 20 shillings and then the next shop they sell to you the same sugar at 22 shillings. Can there be a law that actually regulates or controls the prices in Kenya? That's all I have may they Lord bless you! (clapping)

Com. Kabira: Thank you very much Bwana Kimani. Kimani before you go maybe you sign but I can I also ask you a question before you sign? You said that Kenya is a Christian country and we should understand that we worship God. What do you do with Muslims and the other non-christians?

Kimani: What we said is that we should have an object of worship when I say capital 'G' God. Even know the Muslims happen to worship God. Even we know the Budhists and the hindus happen to worship God. What we are avoiding is instances where people are worshipping trees and they are actually stopping us may be in the streets, you can't even pass because somebody is lying flat in the street. Those are the things that the government and the constitution can prevent.

Com. Kabira: Okey thank you very much, thank you very much Kimani. Can we ask all those with mobiles to switch them off. It is interfering with the recording so we need to switch them off. Thank you very much. Can we listen to Hassan Grieves. Oh I'm sorry Hassan before you speak I would like to introduce Com. Wambua who has just arrived and I'm going to ask him to greet you.

Com. Wambua: Hamjamboni! Hamjamboni tena! Okey nimefika nikichelewa kidogo manake sikuwa najua tulikuwa tunakutana wapi, nimezunguka kila pahali nikitafuta hapa lakini badaye nikapata. Kwa hivyo poleni.

Com. Kabira: Thank you very much, so we'll listen to Hassan Greeves.

Hassan Greeves: Asanteni, mimi naitwa Hassan Greeves. Kwetu ni hapa Limuru, mimi ni Mwislamu na ni vizuru nimemfwata huyu ndugu ambaye amesitisiza uhuru wa kuabudu. Ningelipenda hiyo Katiba ihakikishe kuna uhura wa dini. Freedom of religion. Naukisha weka hiyo freedom of religion, hivyo nikumaanisha kama Waisilamu kama mambo ya kuchagua makazi watafanya wao wenyewe bila kuingiliwa na serikali. Kwa hivyo kuhakikishwe kuna uhuru wa dini.

Tena nataka Katiba itangulie kwa kutaka haki na umoja wa kitaifa uwe niutangulizi wa Katiba tunayotaka. Pia ningeliomba, ama ningelipendelea wimbo wa taifa ambao tuko nao sasa uingizwe kwenye katiba kama dua yetu ya kitaifa. That's our National Anthem. Tena shughuli za kubadilisha Katiba zibakie katika mikono ya wananchi, zisirudishwe tena katika bunge. Tena nasema yakwamba raia wote wawe na haki sawa na wafundishwe majukumu yao ya kiraiya hasa ya kusaidia nchi na serikali. Hayo mambo yafundishwe kuanzia nursery school, citizenship ifundishwe kuanzia nursery.

Tena shughuli za viama vya kisiasa ziwekwe kwenye Katiba ziwe zikigharamiwa na fedha za umma. Hivi tutanyima kile chama ambacho kimo kwenye utawala uwezo wa kutumia vile kinavyotaka pesa za umma na kuwanyima vyama vingine lakini kuwe na vyama vya kisiasi visivyozi vinne, not more than four political parties. Tena ningelipenda tufwate muundo wamseto ambapo mamlaka ya nchi yanagawanywa baina ya Rais na Waziri Mkuu. Hayo ni maoni yangu. Wabunge wawe wakifanya kazi kila siku sio kuwenda mtu anainama pale kwa speaker halafu ana-assume amefanya jambo lolote. Hizo technical appearances tupilia mbali. Tena nasema wananchi wawe na haki ya kumfuta mbunge wao. Hatutaki wabunge ambao hawana vyama kama hapa Limuru. Yaani mbunge hana chama! Haya mambo yatakuwa tuwe referred kwetu sisi wananchi tuseme tunataka mbunge wa aina gani. Tena wabunge napenda waapishwe na wananchi na sio speaker. Ikiwa tumemchagua mbunge hapa Limuru siku ya kuwapisha arudishe hapa Limiru, tumwapishe hapa, nasio kwa katika Bunge. Tena Rais asiwe, member of Paliment. Rais awe ni mtu, constituency yake ni Kenya nzima na achaguliwe directly kama inavyofanyika. Tena, hili in oni langu. Rais awe akichaguliwa na wananchi wote wa Kenya isipokuwa wale wa kabilia lake. Rais nitarudia, rais awe akichaguliwa na wananchi wote wa Kenya isipokuwa wale ambao ni wa kabilia lake kwa hivyo sisi Wakikuyu tusiwe na uwezo wa kumchagua mtu kama Kibaki, tunyimwe Katiba na hiyo itakuwa inafanya check katika mambo ya tribalism. Tena Rais atutawala zaidi ya vipindi viwili vya miaka minne, kama United States.

Sasa naingia upande wa mahakama. Maafisa wa mahakama yaani majaji wateuliwe na tume ambayo itakuwa huru, ambayo Rais hana uwezo wakuingilia ama hata kufanya lolote kuhusu wamuzi wake na kuhusu uchaguzi. Maoni yangu ni kwamba umri wa kuchukuwa kura upunguzwe kidogo uje miaka kumi na sita kwa sababu watoto wetu siku hizi wanakua haraka na wanamka akili zao haraka. Tene tarehe ya uchaguzi itajwe katika Katiba maana ake siku hizi rais anaitumia kama secret weapon. Sasa iwe ni katika Katiba tunajua tarahe fulani kama ni 29, December imo katika Katiba yetu. Pia Katiba ilinde haki za kimsingi za wakenya wote kuhusu maswala ya afya, maji, elimu hizo ziwe ni bure tena bure kabisa! Na elimu ifanywe ya lazima kwa

primary na iwe free education. Hiyo yote iwe kwenye Katiba.

Nakuhusu hao masilahi ya walemvu, disabled people with disabilities, wawe wao wanashughulikiwa na serikali yenyewe. Isiwe ikawa inaachiwa familia zao zingine ni maskini na hazina uwezo kwa hivyo walemvu wawe wakishughulikiwa na serikali na ikiwezekana ikiwa mtu atazaliwa akiwa mlemau the government should compensate that person. Hayo ndiyo maoni yangu.

Audience: clapping

Com. Kabira: Okey thank you very much Hassan before you go ngojea maswali.

Com. Wambua: Tungelipenda kujuu hii compensation itakayopewa na serikari kwa wale walemvu ni ya aina, gani compensation for what?

Hassan Greeves: Yaani ikiwa mtu amezaliwa akiwa mlemau kwa maoni yangu atakuwa nahaki kulingana na disability yake kiwango kile imefikia hapa tunaweza kutoa uwezo kwa mahakama zetu kuweza ku-decide kama vile tunavyo decide kama mtu amepata accident hivi sasa zinamfidia yule mtu kulingana ule ulemavu aliyonao. La sivyo maoni yangu ni kwamba walemvu wote wawe ni mali ya serikali, wanashughulikiwa na serikali yenyewe kulingana na vile wanavyotaka wao na familia zao.

Com. Kabira: Thank you Hassan can I ask you another question? So we need only four political parties.

Hassan Greeves: Eh hayo ni maoni yangu.

Com. Kabira: How do you identify the four?

Hassan Greeves: Sasa hivi vyama vinne

Com. Kabira: What do you do with the others?

Hassan Greeves: Nafikiri hivi sasa kuna vyama arobaine na vine sindio?

Audience: Na saba.

Hassan Greeves: Na saba na nafikiri Kenya kuna makabila mangapi, almost equal number. Kwa hivyo ni kama kunamaananisha yakwamba kila kabila lina chama chao na hii hali ikiwa tunaangalia umoja wa kitaifa, national unity, lazima tuweke limit ya hivi vyama. Kwa hivyo itakuwa bora zaidi hili lifanyiwe referendum kwa wananchi wenyewe kwamba vyama

fulani, nafikiri saa hii chama ambacho ni cha kitaifa, nafikiri ni KANU saa hii ndiyo inasimamisha wabunge katika kila constituency. Vingine unakuta kama DP ni hapa Central peke yake unakuta area zingine hawana uwezoe hata hawajafikia kule.

Kwa hivyo lazima tufanye referendum ili wananchi waseme ni vyama vipi na kipi kitabaki. Hayo maoni yangu.

Com. Kabira: Thank you very much Hassan. Now Rosemary Kinyanjui.

Rosemary Kinyanjui: Honourable members of Constitution Review Committee, ladies and gentlemen, my name is Rosemary Kinyanjui from Rai. I'm a small scaled business lady. First and foremost is to extend my gratitude to the government of the day for providing a common mwananchi like me with a chance to challenge and change the whole social and political structure of a country, the essential character of our Constitution in which the country is deeply embedded. This is a chance many should receive with both hands. Our existing Constitution concerns everybody, yet it counts for nothing that is identical with the nation. That is why we have an inherent Constitutional crisis and we need to question the whole foundation of our existing Constitution. We live as if we don't have a Constitution.

Crises - political: The Executive arm of the Government exists on the same foundation of the Judiciary and the Legislature yet the power of the Executive is regarded as absolute and it is absolutely so far as there exists no public authority with acknowledged right to check or deny the power of the President to govern as he chooses. Executive political power is concentrated in few hands. Some people are excluded by the virtue of being of a certain tribe from most of the more responsible and dignified offices in the government.

Economic and social crises: Export has declined and import has increased, depreciating our shilling because of corruption. A lot of currency in circulation due to unlawful making of paper money. Due to an increased demand of goods on the part of our large population, and a relatively slow expansion in production, prices have inevitably risen up. There is no price control of essential commodities. Average money wages rise only about a third, as first as prices and the cost of living rise mostly for those who are living closest to subsistence level. Some privileged few have so much, while the majority are poverty-stricken and cannot make ends meet. Hence, a sharp and bitterly resented contrast between the rich and the poor. Though nature has added to the economic crises, el-nino and la-nina condition, the various means by which we can probably raise revenue is already fully and wastefully exposed, that the country is heavily burdened. Kenya is in a desperate financial strain and no meaningful change will come through election simply because due to financial constraint the common man is not yet for a fair and genuine election. So many unemployed will easily sell their right because they are frustrated, others who are poverty-stricken will do likewise because they cannot make ends meet, others will vote out of fear to lose their job. As such, this country needs ample time to mature for true democracy. There should be enough time to create employment and to improve our economy in such a way that the hungry will have enough to eat and the homeless a home. These people living in poverty cannot wait any longer. They need help as soon as possible. This economical crisis has brought extreme social distress which force desperate and hungry men and women in to few large towns, abandoning their families, increasing prostitution hence spreading of Aids

infection which is now a natural disaster. Increase of slum dwellers, increase of street children and beggars.

Solutions to these crisis: Men are born and should remain free and equal in rights. Thus the aim of our Constitution should be to preserve the natural and and in substitutable rights of man which are liberty, property, security and resistance to oppression. The Constitution should be for the benefit of a people everywhere who want to be free and make themselves of incomparable burden of absolute power. We need a Constitution that will restrict excessive powers of the Executive arm of the government. We hope for a Constitution that will safeguard civic rights.

Equality of all before the law: No one should be above the law. Eligibility of all citizens for all public offices have no freedom from arbitrary arrest or punishment, freedom of speech and freedom of prayer. Equitable distribution of national resources for example land. Many are landless while a few own hundred's of acres of land.

Rights of assembly and association: Free education, social security, and free health services for all. Law may likely prohibit only those actions that are injurious to society and not arresting innocent people. Freedom of opinion must not be abused by harassing. Freedom of economic enterprise: The privileged few should be persuaded to surrender voluntarily their great administrative and Judicial privileges, and their physical immunities. We need a Constitution that will involve a strong parliamentary institution. The current National Assembly is out of touch with public opinion and have a slender claim to represent the nation as a whole. We need a purely representative and parliamentary system based on ideas of popular sovereignty than on separation of powers. The government should use Parliament to put through a clear and comprehensive policy and constitutional and physical reforms to enable everyone in the country an act to economic means needed for the dignified development of individual, families and nation at large. The government should be composed of able personalities, education, morally upright and God fearing people who have a realistic plan of the needs of the moment. Let's stress this point with a quotation from the Holy Bible as a Christian.

Com. Kabira: Rosemary are you going to summarize soon?.

Rosemary: Yes I'm about to. Proverbs chapter 29 verse 2 "show me a righteous ruler and I will and I will show you a happy nation". When a King is concerned with justice the nation will be strong. There exists a very close connection between the justice of the individual and the peace of everyone. Our country Kenya needs a new composition of these fundamental virtues which dwell in the hearts of everyone. Justice defends and promotes the dignity of every human person and, its concern for the guardian operations between individual and people. The good of the individual and the good of the society go hand in hand, that is why Nigeria is recovering from corruption because the current president is an up-right man. Between the two virtues there exist delicate balance. Peace for all comes from the justice of each of us.

As I conclude, let me make an appeal please. As much as we want change. let us have it in a more amicable way. The last

thing we should want here in Kenya is violence and distraction which might deprive us of what we have without gaining what we wish. Let us imitate our brothers in Tanzania and in South Africa. No reason can justify insult and hatred. The first condition to have God with us here in Kenya as we always sing in our National Anthem, is to bear no ill will and to forgive. The second condition is to admit that we are all sinners full of wickedness. We must not only see other people's faults. Many a times man becomes weak because he had been misled and no one ever loved him to show him the truth. When we love people with the love of Christ our love purifies their souls and the Holy Spirit comes again to dwell in those temples that many bad things leave empty and filthy. When love is complete as the love of Jesus, it achieves every thing even what according to our opinion would seem impossible to achieve. No matter how guilty a man is (interruption)

Com Kabira: Rosemary, sorry can you please summarize this, you are reading and since you are going to give us the memorandum, we can read the rest.

Rosemary: (Arguing)

Com Kabira: But you have the next page and the next page.

Rosemary: Well sorry. No matter how guilty a man is he needs to be treated with respect and charity. We must not be pitiless, we should have mercy of those fall in order to receive mercy for every man is poor in one way or the other, some in money, some in affection, others in freedom while others in health. No one is perfect and all of us need help from God who created our country Kenya. For heaven's sake I'm appealing to all loving Kenyans to help the mzee president to retire in peace, from active politics and settle down in peace enjoying all the privilege he deserves, considering his long service to this nation and his age, president Moi deserves a degree of protection and respect. I'm therefore suggesting that Parliament to declare President Moi a life President as the people of Malawi did their late President on condition that he'll give us an up-right and God fearing person as a Prime Minister to carry on with the necessary constitutional reforms. Thank you. (Clapping)

Com. Kabira: Thank you very much eh Rosemary.

Chairman 3C - Njugua: Asanteni, there is an observation here. Kuna maoni hapa madam and bwana commissioner wanasema tuwakumbushe ya kwamba ukiwa uko na written memorandum unaongea kwa dakika tano na tunamchagua huyu madam, ikifika dakika tano ye ye atapiga kengele wewe ujue dakika zako tano zimekwisha. Ukiwa utaongea bila maandishi uwe huko na maandishi utapewa dakika kumi na zikifika dakika kumi time keeper tutamuuliza ye ye atapiga kakengele. Madam commission, akipiga kengele anaweza maliza dakika ingine moja au nini? (laughter). Haya iwe namna hiyo mkisikia kengele nikusema stop now! Kwa hivyo ukiwa ulikuwa unafika tunaomba haya, we utasema tu amen!

Audience: (Laughter)

Com Kabira: Thank you very much eh bwana chairman okey Ezekiel Kariuki.

Ezekiel Kariuki: Mr Commissioners, Ladies and Gentlemen my presentation is on regulating and controlling the formation of political parties, electoral process, voters registration, presidential powers and corruption.

Election starts with voters registration commission of political parties and definition of catalysts by different physical parties. If a free and fair democracy election has to be guaranteed the voters ID Cards should be issued within 30 days of application if not immediately. Voters registration should be a continuous process to reduce cost and guarantee every Kenyan eligible to vote is allowed to vote. Only the National Identity card should be required for voting. The registrar personnel should combine both National ID card registration and voters registration. Police abstract on lost I.D. card waiting to re-new and or temporally ID Card, which has national ID card number on it, should be valid for purpose of voting when one is registered as a voter. The production of voters card, the termination, replacement is very expensive and we do not need voters cards. Today the electoral Commission of Kenya relies only on the National I.D. cards it is only the National I.D. card one should need to vote at a center once you've registered.

The grading of political parties: Formation of political parties has been commercialized. Some parties were and are being registered for a purpose of a resale. The process of election rigging starts with the political parties nomination of candidates whereby a political party can influence nomination of its own rival political parties by sponsoring thuggery, violence and election of unpopular candidates. To control the election process right from the formation of political parties which are as selfish to influence and or participate in election, the Constitution should give guidelines as follows: Everybody should be free to form a political party but when a party so registered it should within six months have membership of 5% of registered, voters in every province. If it does not really take 5% of registered voters in every province it should cease to exist automatically. No political party should be allowed to nominate a candidate for presidential, parliamentary or civic elections unless it has held its elections as specified in the law.

Nomination of candidates for presidential, parliamentary and the council elections: The actual election process starts with nomination of a candidate by the political parties. It is imperative that the process being regulated. Election of candidates for presidential, parliamentary and civic are heavily influenced by people who are not eligible to vote. The youth who are below 18 years, foreigners and imported voters are used to influence nomination of political parties candidates who will eventually end up being Presidents, MPs and the councils. The Election Commission of Kenya should conduct the political parties nomination of candidates in each electoral area. The nomination shall be by secret ballot. That to be allowed to participate in a political party nomination one has to be registered as a voter in that particular electoral area. It should be illegal and criminal to be involving political party nomination if one is not a registered voter. Current voter decision should be used for political parties nomination of candidates in each electoral area.

Election of president, the minister and the powers of the President: I support the Executive President. It is very expensive to maintain a ceremonial President and a Prime Minister. It's also possible that there is a conflict going to arise when there is a ceremonial President who has to be very influential will be fighting the Prime Minister and divide the nation. Appointment of ministers among the members of Parliament is the start of corruption. It gives some constituencies an upper hand in Parliament while ministers are appointed among elected members of parliament, so ministers should not be members of parliament. They should be ex-officials. There should be no nominated members of parliament or nominated councilors. If it is this we'll also give the President a wider range to appoint his ministers rather than be restricted to members of Parliament who, some of them, are not capable. In order to reduce corruption my commissioners, I believe that every service in this country should be on a first come first served basis and it should be by law that wherever you go either it's a queuing system or even if you write a letter for application anywhere, the letter should be dealt with on a first come first served basis.

Commission enquiries in today's Kenya is for one individual person. He can appoint a commissioner of enquiry disband it, and do away with it. A commission of enquiries, if it is appointed by a governing official, should be approved by Parliament and any document written by the commission of enquiry should be the property of Parliament and the Parliament will know to deal with it.

Finally Mr commissioner this thing is not in the memorandum, (bell rings) just a minute to finish. Transfer of civil servants should be banned Mr. Chairman because transfer of civil servants is very expensive for the government, very expensive for the individual, it is redundancy, it is unproductive and it is the product of about 50% of the street children today. Thank you very much. (clapping)

Com. Kabira: Thank you very much Ezekiel. Can we listen to Peter Ndungu Ngongo.

Peter Ndungu: Commissioners, my fellow Kenyans morning every one?

Audience: Morning.

Peter Ndungu: Yangu nafikiri nitaongea na Kiswahili kidogo ndio tuweze kuelewana. Mimi naitwa peter Ndungu. Mimi nafanya kazi kwa jua kali kama fundi wa magari. Maoni yangu kwanza nitaanza na hali ya uchaguzi maana ni katika uchaguzi ndipo tunapochagua viongozi ambao wanaouna serikali au kuongoza nchi yetu. Kitu ya kwanza kwa maoni yangu ningesema mambo ya vyama tulivyonavyo vipunguzwe ili tuwe na vyama ambavyo havizidi vyama vitatu kwani bila shaka tumeona vyama tulizo nazo siku hizi bila shaka vimeundwa kulingana na ukabila.

Jambo la pili ningetaka kila chama kikingia uchaguzini, wawe manifesto yao imeelezea wananchi mambo watakayoyafanya.

Ikiwa wako wawe wametengeneza visional papers ambayo wataelezea kwa mundu kwa muda wa miaka mitano watakuwa wamefanya wananchi mambo gani. Katiba yetu isisitize kwamba, ikiwa hawa watu hawatatimiza yale mambo walio wambia wananchi, hicho chama kiweze kushtakiwa kwa kuwadanganya wananchi. I think this one will end false promises, kuweza kuwadanganya wananchi. Nikiwa bado kwa mambo ya uchaguzi ningetaka maoni yangu yawe kila mtu kwanzia councillor, any elective post mtu awe anatangaza mali yake kabla kuchaguliwa ndio akishachaguliwa tunaona pengine hana plots, unakuja kusikia mtu ako na plot tano au ako na sita.

Sasa naingia mambo ya utawala. Nchi yetu ya Kenya tangu tulipojinyakulia uhuru, utawala tuliokuwa nao huwa tunasema ni wa kufaidi wananchi. Tumeshona mambo ya kusema kama wananchi wote watapata maji kabla mwaka wa 2000. Naona mwaka wa 2000 ulifika maji wakenya hawajapata. So I believe in our government, katika utawala wetu ikiwa mambo wakenya, mambo imeambiwa wakenya watatendewa, muda upewanwe huu muda lazima hiyo mambo iwe imefanyika. Ikwa hiyo mambo haijafanyika, tungetaka Katiba isisitize wananchi wawe na haki yakupeleka serikali kortini.

Jambo lingine nitaongea ni kuhusu hali ya mashamba. Mambo ya mashamba mimi ningetoa maoni yangu. Katiba yetu isisitize kabisa kusiwe na mtu ambaye ako na zaidi ya ekari 1000 ya ardhi hali wengine hata pakulala ni shida. Pia ikiwa mtu anaweza kuwa na ardhi anayoifanya kazi tuseme large scale farming naiwe kweli inaonekana huyo mtu anafanya ukulima wa hali amba ni wa juu, acre yake isisidi elfu tano.

Jambo lingine amboa ningetaka kuongea kutoa maoni yake juu yake ni hali ya kulinda usalama wa nchi yetu. Katika bill of rights hii inafikiwa ni chapter tano ya Katiba yetu. Kushikwa kwa wana nchi kwa kitu ambacho tuseme makosa ambayo amefanya, nichukwe kwa mfano mambo ya pombe. Ikiwa mtu serikali yetu imeruhusu pombe ni halali iuzwe sioni kwanini tena mtu ashikwe kuwa ameleta. Ningetoa maoni yangu isipokua ni pomba ambayo haijaruhusiwa, pombe haramu. Ikiwa ni pombe ingine ambayo serikali inapeana licensi, natunajua makampuni mengine yanatumia pesa nyingi sana kulipa kodi kwa serikali. Makosa megine kama hayo yanafaya ufisadi hidi ya polisi uendele, kwa sababu tuu ukitoka nje ya bar polisi anakwambia wewe ni mlevi na afadhali utoe shilingi elfu moja kuliko kukaa siku moja katika celi zetu. Wale watu wako na bahati ya kuingia huko wanajua nachosema.

Jambo lingine nikiongea hapa, nikuhusu mahakama zetu makosa mengine ambayo mtu amefanya, ikiwa hukumu yake haitazidi mwezi miwili, mambo ya kuweka mtu kwa remand houses, ku-remand mtu kwa muda wa wiki mbili hiyo Katiba yetu isisitize, kwa sababu watu wengi washaingia katikaka remand house afadhali utoe shilingi elfu ishirini ama mia moja kuliko utumie wiki moja kati remand house. Your as well as, umetumwa kwa kifo.

Jambo langu ambalo ni la mwisho, nikuhusu wafanyi kazi. Katika nchi yetu, wafanyi kazi wengi ambao wanafanya kazi huwa ni vibarua. Ikiwa mtu amejiriwa kazi ya kibarua, azidi muda wa miezi mitatu, huyo mtu ningetoa maoni aajiriwe kama mfanyi kazi. Namimi kwa hapo nafika kikomo. (clapping)

Com. Kabira: Asante sana Peter Ndungu. We'll talk to Mr. Ngethe Njoroge

Ngethe Njoroge: Commissioners, other guests, welcome to Limuru. My name is Ngethe Njoroge a retired diplomat. I farm at the residence in this area. I will read the three parts of the preamble.

The first of my presentation will be on the three branches of government namely, the presidency: Executive, Parliament, and Judiciary although other matters could warrant mention. The current Constitution gives the President excessive powers which he exploits to maintain himself in power and suppress his opponents. Since the same constitution places him above the law which is wrong because he is infallible, he remains powerful. The immunity he enjoys also currently is to give freely in other branches of government at will, rendering the process of government a lot of undemocratic charges. The present structure of government is an institution of presidential and parliamentary system. It is therefore imperative to have separation of powers as far as possible rather than connecting the three branches of government enjoying a high degree of independence in their functions which is essential for successful management of national affairs. Once checked and bound in the new Constitution, abuse of power should be suppressed if not eliminated. I have 16 proposals of the Executive, 11 of the Legislature 4 of the judiciary 2 local government and 3 others. I will highlight some of them. Now you can start timing me.

Audience: Laughter and clapping.

Ngethe Njoroge: The President shall be elected by universal suffrage and not by Parliament for a single term of five years and must obtain at least a simple majority of 51%. If none of the presidential candidates achieves 51% of the votes, there shall be a second round run-off within one month between the two leading candidates. The presidential candidates shall have as a running mate, a vice presidential candidate. He shall be elected by the people for a term of five years. He shall be eligible for re-election for another five years term. The President and Vice-President shall not be members of parliament. Their constituencies shall be the republic of Kenya. The winning presidential candidate shall be eligible to stand for a second and final consecutive five years term which he must be represented or choose another. Both candidates shall be legally married. I'm suggesting this because the current Constitution ignores altogether family values. Having an active president will require winning of Kenya and advance their cause, as we saw during the late president Jomo Kenyatta's time. Further more, a well disposed first family will be a source of inspiration and encouragement to other families and inspire the sense of unity, belonging and strength. Such situations will likewise likely discourage immoral behaviour among top leaders. Haha ndirauga atiriri wi mutunguria wa bururi nomuhaka ugie na mutumia. Utari mutumia nduri mucii.

Audience: Clapping

Ngethe Njoroge: Na angikurwo nduri na mucii wa gutongoria-ri ugutongoraria bururi atia? Nimwetekania?

Audience: Mmm

Ngethe Njoroge: The executive power shall be vested itself to the Head of State. The vice-president shall be his principal assistant. The President shall be prosecuted for criminal offences. He shall enjoy no immunity, during and after his tenure from office. Impeachment shall be conducted while in Parliament and presided over by the Chief Justice. He will be liable to punishment. The impeached president shall in addition be barred from holding public office. The Vice President shall likewise be subject to prosecution and justice for any wrong doing. A motion for impeachment shall be supported by 20% of the members of Parliament.

The President shall nominate members of his cabinet or the members of Parliament based on merit and his practical contribution and I will advise the consent of Parliament. The President shall appoint other senior members of government including the head of civil service, the attorney general, the Chairman of the Central Bank and in the Ministries, ie the Permanent Secretaries, Directors of departments, Chairmen of Parastatal bodies and other senior officers in basis of merit and subject to prior approval of parliament.

The President shall have no power to alter district boundaries without the advice and consent of Parliament, the local authority and communities concerned. The President shall have no powers to allocate public land to individuals or be involved in politics.

In the event of deaths of the President or his resignation or removal from office or incapacitated to perform the powers due to his office, the speaker of the National Assembly shall assume power as the acting President for a period of two months after which there shall be presidential elections, to seek national and eligible candidates. If the speaker dies during his tenure of office the Executive power of his duties before election takes place, the cabinet shall choose one of their own to act as president for the remaining time.

Now about parliament, I can simply say that if you have reached the age of 21 you have the right to stand for a parliamentary seat or become a nominated member of a political party or an independent candidate must have a minimum a certificate for registration of Kenya Certificate of Secondary Education (KCSE). Parliament elections shall exist on proportional representation. This is to avoid the prevailing in-proportionate representation in some areas where one densely populated constituency with triple number of voters as compared with scarcely populated constituencies. The contesting political parties shall be entitled to receive government funds on the basis of its strength in Parliament to conduct parliamentary and other elections. The parties represented in Parliament shall have the rights to call a coalition government. (bell rings) The party or the party coalition shall be represented in Parliament by a Prime Minister appointed by the president. He shall be the leader of government business first. The parliament shall exercise the power to make a vote of no confidence to the President. The total number of elected members of Parliament to be published in the Kenya gazette to include private sector, professionals, educational leaders, religious, environmental groups, women and youth groups, disadvantaged pastoralists and so on.

Along the Judiciary there shall be established a Supreme Court of Kenya. Chief justice, judges senior members of the Judiciary shall be appointed by the President with advise from Parliament. The chief justice and judges shall enjoy a fixed tenure of office and judges convicted of a crime. Members of the Judiciary system shall perform their duties independently in elective parliament and of cause follow the law. The Mayor, local authority, the mayor shall be elected by the local authorities of institutions and communities they represent. Other matters they shall be established by the Parliament. On a national salary review board. The president to have powers to review and recommend terms of employment of all public institutions. This will eliminate criminal practices and bearing discrepancies of certain structures.

All reports compiled by the commissions of enquires to be made public or immediately they are ready. Finally, there shall be a fixed number of public rallies established by Parliament. The number shall not exceed four. The President will have eleven public rallies. For the County Council we do not need so much pressure, we need to work. Can you imagine how many hours are lost when the politicians don't work eleven times a year. Thank you.

Com. Kabira: Thank you very much Mr. Ngethe. Com. Wambua

Com. Wambua: Just a question Bwana Ngethe. You stated that the judicial officers shall be appointed for a fixed term of office. This can be suggestive that they will enjoy a security of tenure. The current Attorney General enjoys a similar security of tenure and you did not mention anything to do with that. Should he have that kind of privilege or not?

Ngethe Njoroge: The term of his office should limited. Thank you.

Com. Wambua: Okey

Com. Kabira: Thank you very much Mr. Ngethe. I don't know whether you have signed for us. Richard Nyanjui.

Richard Nyanjui: Thank you commissioners, ladies and gentleman my name is Richard Njoroge Nyanjui. The country cannot afford to be printing currency notes anytime we have a new president. We should retain one type of currency notes bearing the picture of the founding father.

The capital punishments should be abolished and substituted with life imprisonment. The minimum education of any future president should be the university level. The Constitution should facilitate two cheque systems in payment of claims by insurance companies. I would like to elaborate that, and I think some of the commissioners who are in the Constitution review are lawyers. I have the experience because I'm an insurance official. Some of the lawyers have been exploiting their clients where the insurance can't release big claims and this is why I am suggesting to the Constitutional Review to make it a law that

the lawyers should receive two cheques for their clients and also for... (interrupted by noise)

Interjection -Com. Kabira: Tafadhal can we please listen to him. Is that the registration? Sorry Mr. Richard Kinyanjui lets find out whether people can keep quiet.

Richard Nyanjui: The powers of the President should be reduced to bar him from being the final sole decision maker for the allocation of land, plots, appointment of parastatal heads and civil servants in order to curb tribalism. The powers to allocate any public land should be vested within the local government in conjunction with the Parliament. The school children and the residents should not be forced by the provincial administration to line up on the road side to give the president a welcome, unless his or her visit is within that area but not a passing route. We have seen in the current system if the President is going to Nakuru and he is passing on the Banana route, the school children and the residents are made by the provincial administration to line up to wait for him and they waste a lot of time, and he is only passing on his way to Nakuru either to have a meeting in Nakuru or Eldoret. So it is my suggestion that we lose a lot of time and we need to work to promote our economy and except where he is visiting, other people should not be made by the provincial administration to wait for him.

No.8. The position of the provincial administration held by the PC., the DC. And the DO. Should be abolished and the chiefs and assistant chiefs attached to be reporting to local government authorities. Through my own experience we, the members of public, you very well know there are very rare times you go to PC's office or to DC's office and sit with him or her and discuss about your personal issues. Normally our problems are solved by the chiefs where we go for getting certificates or burial permits or ID cards or some land disputes or those minor problems but very rarely do we go to PCs and DCs offices. Chiefs and assistant chiefs must be well paid and be made answerable by submitting quarterly returns to progress they have made to wipe out drugs, changaa, robbery, theft and poverty eradication in their area. The officer commanding police division should also be answerable in the same manner like chiefs and assistant chiefs, the problems they have been able to eradicate the same thing in their area other than poverty eradication.

Corruption eradication should be supported by the Constitution and a Commission to fight corruption should be formed and the members of the committee should be all people of good repute in private sector. The system of our education should be reversed to the old system of 8-2-4. All former presidents should be barred from the Constitution to hold office in capacity of Chairman or Secretary General of any political party, and in case he or she holds automatically loses all the retirement benefits. Thank you.

Com. Kabira: Thank you very much Kinyanjui. Can we hear Simon Ngigi Mbira are you there? Okey so Simon is not around? Okey Daniel Kamau Njoroge.

Daniel Njoroge: Nasema haraka haraka ndio nisipoteze wakati. Ninaitwa Njoroge kutoka Ndeiya na jambo la kwanza

ambalo nataka kusema ni kuhusu wakubwa.

Interjection -Com. Kabira: Mnasikia?

Daniel Njoroge: Mnanielewa?

Audience: Hapana.

Daniel Njoroge: Okey (laugh) Ninataka kuongea kuhusu wafungwa hapa Kenya. Hebu niseme ya kwamba katika jela za Kenya. Jela za Kenya ni baadhi ya jela zilizo mbaya katika ulimwengu. Kwa hivyo jela za Kenya ni mbaya. Kwa mfano ile chakula ambayo mfungwa anapatiwa wakati ambapo amewekwa rumande ni chakula kidogo ambacho hakifai kuliwa na mtu mzima. Kwa hivyo wafungwa ninaomba wawe wakiongezwa chakula ili mtu hata kama amewekwa rumande awe akipata chakula cha kutosha. Tena katika jela kuna mambo maovu ambayo yanafanywa na hawa wafungwa na hasa wanaume. Kuna kitu ambacho kinaitwa homosexuality. Hiyo inafanywa na wanaume kwa sababu wafungwa wawe ni wanaume au ni wanawake, wakati ambapo mtu anakaa jela, hatembelewi na bibi yake au bwana yake hata kama imefungwa miaka ishirini, miaka miwili au wakati wowote. Yeye anakaa huko peke yake mpaka amalize kifungo chake. Kwa hivyo ili kuepuka magonjwa ya ukimwi ambayo yanatokana na homosexuality nina omba wafungwa wawe ni wa kiume au ni wa kike, mtu awe akitembelewa na bibi yake au bwana yake. (clapping)

Pamoja na hayo katika nchi hii kunao watu ambao wana mashamba makubwa! Lakini wengine hawana hata mahali ya kuwekelea ndugu yao. Kwa hivyo ninaomba kuwe na land policy, mtu yejote ashikwe akizidi ekali 50, ili wale ambao hawana mashamba wawe wakipata mashamba. Tunajua ya kwamba katika jamii ya Wakikuyu ya zamani haikuwa ikimuruhusu mschana kupatiwa shamba na baba yake. Alikuwa akiridhi shamba mahali ambapo ameolewa lakini siku hizi mambo yamegeuka, kuna single mothers wengi. Katika hali hiyo mimi ninomba katika Katiba hii tunayounda, nikiwa nina wasichana na watoto wa kiume au wasichana watupu, hao watoto wangu wote nikifariki wawe wakiridhi mali yangu. Katika nchi hii tunajua ya kwamba mtu akifikisha umri wa miaka kumi na minane anafaa kuwa na kitabulisho na hivyo ni vizuri hakuna ubaya hapo. Vile vile mtu akifikisha umri wa miaka thelathini awe akipatiwa shamba kwa sababu hapa Kenya kuna mashamba mengi! Lakini hayo mashamba baadhi yao yameshikwa na watu wasio wengi. Hiyo ndio sababu ya watu wengi kukosa mashamba mengi kwa sababu mashamba mengi yameshikwa na watu walio wachache.

Inasemekana kuwa wale wafanya kazi wa jela wanawafundisha au shabaha ya kumpeleka mtu katika jela ni kumgeuza tabia, awe na tabia nzuri na hivyo ni vizuri. Lakini wafanyakazi wa jela, yaani askari jela wana tabia mbaya. Kwa mfano, nikiwa ni mzee kama mimi askari jela anataka kunipiga. Haniingilii mara moja, ana niita mzee au kijana au mama. Ikiwa sitaitika afande nitapigwa, nitapigwa kabisa pengine nifanywe kuwa kiwete au pengine ni uwawe. Hata mmewahi kusikia katika magazeti watu fulani, wafungwa fulani katika jela fulani waliuwawa na ikasemekana walipigwa risasi kwa sababu walikuwa wakitoroka. Mimi

sisemi hawakuwa wakitoroka lakini ninasema yakua askari jela wanatabia mbaya ya kuwapiga wafungwa ovyo bila sabaju yeoyote. Kwa hivyo ninaomba hiyo igeuzwe kwa njia ya kuwapeleka hao askari jela training kwa mara ya pili. Thank you, au niendeleee? (laughter and murmur) Askari wa usalama nao wana tabia ya kuwfanya washukiwa kukubali hatia ambayo si yao kwa njia ya kuwa wapiga kuwapiga, kuwapiga, kuwapiga, hata mshukiwa atakubali hatia ambayo si yake ili vita Vikome. Kwa hivyo ninaomba hiyo irekebishwe (clapping)

Kuhusu masomo ninaomba kuwe na free education for all primary shchool children. Mtu akistaafu anakaa kwa muda bila kupatiwa retirement benefits. Ninaomba kama ingewezekana katika Katiba hii ambayo tunaunda, mwenye kustaafu awe akipatiwa mali yake wakati anapokwenda nyumbani. Katika hii Constitution ambayo tunaomba iundwe, ninaomba iandikwe katika lugha zote za nchi hii, ili kila mtu awe akiweza kujisomea katika lugha yake. Hakuna mtu ambaye anafaa kuwa juu ya sheria, no one should be above law. Wakati jaji anapohukumu mtu, hamwambii ninakuhukumu katika sheria fulani, number fulani au umeshtakiwa kwa sheria number fulani, yeye anamhukumu tu. Anamsomea mamlaka tu. Lakini ninaomba wakati mshukiwa anapohukumiwa au anaposomewa mashtaka, awe akiambiwa umeshtakiwa kwa sheria number fulani, ninakuhukumu kwa sheria number fulani.

Hivyo, kulikuwa na tribal clashes hapa nchiini na watu wengi walipata hasara. Watu wengi wakauwawa, hasara nyingi ikapatikana. Ninaomba kama ingewezekana tukiunda hii Constitution wale watu ambao walipata hasara kutokana na hiyo tribal clashes walipwe fidia. (clapping)

Mkulima hana sauti katika mazao yake ya kilimo. Ikiwa wewe ni mkulima wa mboga mimi nikuje kununua mboga zako ni mimi ninatoa bei ya chakula zako. Nami sikuwapo wakati ulipokuwa ukilima, hapana. Kwa hivyo wewe kama mkulima inafaa uwe ukitoa sauti kuhusu mazao yako ya kilimo.

Mtu hohehohe akiuwawa hakuna mtu ambaye anajishugulisha naye lakini mtu aliye na mamlaka akiuwawa, wauwaji wanashikwa mara moja. Kwa hivyo ninaomba hii Constitution ambayo tunaunda iwe ikiwasawazisha kila mtu katika nchi hii. Hohehohe akiuwawa kuwe na watu ambao wanajishugulisha naye. (clapping)

Tunajua yakuwa kuna bribes katika nchi hii. Hiyo iko. Na sababu yakuwa na bribes ni kwa sababu wafanyi kazi wanapatiwa mshahara kidogo. Kwa hivyo ili kuepu na hiyo mambo ya bribes ninaomba mishahara iwe minono ili hao watu ambao wanapatiwa bribe wakome kufanya hivyo. Katika bibilia sijui ni kitabu gani (laughter) wakati bwana yesu alipopelekwa kwa Pilatu, naye bibi Pilatu alimwambia bwana yake. "Nimesumbuliwa na ndoto siku ya leo kuhusu mtu huyo, yaani kuhusu Bwana Yesu Christo. Kwa hivyo usijiingize katika hayo mambo ya mtu huyo." Na katika hali hiyo Pilatu alijioga mikono akawachana na hayo mambo ya kumhukumu Yesu Kristo kwa sababu Yesu Kristo, hakua na hatia. Kwa hivyo ninaomba kiongozi wa inchi hii, awe mtu aliye na bibi, ni hayo tu (loud laughter).

Com. Kabira: Asante sana Bwana Kamau.

Interjection: au awe na bibi (laughter and murmur)

Com. Kabira: Asante sana pengine ni vizuri tumkubushe yule ambaye ana memorandum na hataki kuzungumuza aweze kuwapatia secretariat na aandike jina. Lakini ukiwa hapa aweze kumpatia kuwapatia secretariate na andike jina lakina lakini ukiwa hapa ni vizuri tujue vile unasema. Waweza kuja hapa tu tu halafu tutaweka tick uwapatie secretariate. Ngige amekuja, Simon Ngigi Mbira? Natukimaliza na simon tutaenda kwa David Ngige Gitangi.

David Ngigi: Na nii ndimuturi wa Limuru,

Translator: Ningalipenda kuuliza makamishna swali kabla kutaja maoni yangu.

David Ngigi: Tundu bururu witu wanathurwo Commission nyingi-ri,

Translator: Kwa sababu hii nchi yetu imechaguwa Commission ambazo ni mingi,

David Ngigi: natukona ni cia gute maundu-ri,

Translator: na tumeona yakwamba zimekuwa za kupoteza mambo,

David Ngigi: hihi maundu maria tukumuhe umuthi ni maguthia na mbere bururi witu?

Translator: je mambo haya ambayo tunawapatia siku ya leo ya taendelea?

Com. Abubakah: Habari ya asubuhi tena? Mini naitwa Abubakar Zein, ni commissioner katika Tume ya Kurekebisha Katiba na nimeomba na mwenye kiti wa kikao hiki leo, Prof. Wanjiku Kabira nimjibu huyu bwana swali lake. Kama nimelielewa vizuri ni kwamba anauliza kwamba, katika historia ya nchi yetu, kuna uzoefu wa kishistoria kwamba Commission nyingi zimeundwa lakini kazi yake au tija au mazao yake hayajaonekana. Sijui nimemuelewa vizuri?

Interjection: Kweli.

Sasa swali lake hilo kabla sijalijibu ningependa kuzungumuzia kisa na sababu ya sisi kuulizwa swali kama hilo. Kwamba tunaulizwa swali kama hilo kwa sababu tunatoka katika historia ya nchi yetu yakutokuaminiyana, au ni uwongo huu?

Interjection: Ni kweli.

We do not trust each other as a people. This is our history, the context or the foundation of this question, is that we come from a history of suspicion and distrust, we are a people who distrust each and every thing, everyone, and anything. Au ni urongo huu?

Interjection: Ni kweli.

Com. Abubakah: Sasa anataka kupewa hakikisho yeye. Hakikisho gani tutampa yeye kwamba maoni anayotoa leo yatatiliwa maanani na yatakuwemo katika Katiba mpya. Nitampa majibu matatu haraka haraka kwa sabau leo sisi hatukua kuzungumza mambo ya elimu ya uraiya. Tumekuja hapa kuchukuwa maoni ya wakenya.

Kwanza maoni yake kama anavyo ona yana recodiwa, sijuwi kama mmeona wote? Tunayarecordi hii maoni kila anapo zungumuza sio kwamba sisi makamishna tunaandika peke yake lakini tuna yarekodi. Tukisha rekodi haya yanakuwa ni hifadhi ya maoni ya wakenya nchi nzima. Pili, baada ya sisi kukusanya maoni tutaandika repoti ya nchi nzima na tutairudisha kwenu pamoja na mapendekezo ya kikatiba ili muwe na siku sitini zilizotengwa na sheria mtatengiwa siku ngapi? Sitini. Mhakikishe kwamba yalio humo ndani ni yale mliyo tupa sisi. Sijui kama tunaelewana?

Lakini la mwhisho kabisa kuwaelezea ni kwamba juu ya kwamba, tumetenga mambo haya muhimu yawemo katika mfumo huu. Kila hatua, kila mwananchi aweze kuhakikisha mambo yanayo fanywa ni yale wananchi wanayosema. Ni kwamba hakuna hakikisho mtu anaweza kupewa kuliko hakikisho anaweza kujipea yeye mwenyewe kama raiya. Kwamba kila siku, atakuwa akiyatilizia mambo haya Katiba naone yanaenda vipi? Ilo ndiyo hakikisho kubwa mtu anaweza kupewa. Maanake nikikupa mimi hakikisho ndugu yangu. Naweza kumpa hamkikisho kwamba nikitoka nkipanda lile gari nitafika salama Nairobi? Nawea? Kwa hivyo hakikisho liwe la kila raiya, each and every day we shall pursue this Constitution review process and we shall follow it in the morning we want to know where the Constitution review process has reached, in the night before we go to sleep we must make sure we know where the Constitution review process is. I don't know if he needs more

assurances, than the ones we have given him, but finally, I must draw his attention, to the fact that there is a distinction between our commission and the presidential commissions he is making reference to.

Under the current constitution and legislative framework, the commission which are presidential commissions in essence are designed to advise the president. Sawa? Kwamba, zikiwa appointed by the President, their nature says that they advise the President. The President is under no obligation to tell you what this advise is. This Commissions is established by an act of Paliament. Sawa jamani? Imewekwa kwenye sheria ya Bunge. The only way you can get rid of this Commission is through kutoa hii sheria iliyoko Bunge. Sawa jamani? Haya, ningeomba aendele na maoni yake ndiyo tufanye haraka kila mtu apate fursa ya kutoa maoni. Asante sana. (clapping).

David Ngigi: Nithengiu,

Translator: hata hao wafwatwe vile vile na ile mali basi ichukuliwe na iregeshwe kwa wanainchi.

David Ngige: Ucio ungi ni wa civu na hedi meni.

Translator: Jambo lingine ni kumhusu chief na mdogo wake,

David Ngigi: Twehererio assistant chief thiinia wa bururi witu tundu una tene gutiari.

Translator: Tu ondolewe huyu ambaye ni mdogo wa chief katika inchi yetu kwa sababu hata hapo awali hakuwepo.

David Ngigi: Gukorwo na chibu,

Translator: Basi tuwe nayeye chief,

David Ngigi: na acaguragwo ni andu,

Translator: nawe akichaguliwe na wananchi wenyewe,

David Ngigi: na itumi chair lady ni ici nguga,

Translator: na hapa madam mwenye kitu nasema hivi,

Com. Kabira: Asante sana bwana David Ngige. Na leo tutaenda kwa Kariuki Gatitu.

Kariuki Gatitu: Ni ngumugeithia inyui othe muriega?

Translator: Nawasalimu wote hamjambo?

Kariuki Gatitu: Ni nii mwaigwa ngitwo Kariuki wa Gatitu,

Translator: Mimi ndiye Kariuki wa Gatitu.

Kariuki Gatitu: ndoka kwaria uhoro uria ingienda Constitution ya riu icenjio, tondu iria iho riu ni ya gutuhinyiriria andu aitu.

Translator: Nimekuja kuzungumzia kuhusu mabadiliko, nikitoa maoni kuhusu mabadiliko ya Katiba kwa sababu ile ambayo iko inatufinya sisi wananchi.

Kariuki Gatitu: Wambere Constitution igienda icenjio na yuge ta uu, it should have the introduction of the people it serves, tundu iria iho ndiri.

Translator: ah tafadhali umechanganya kidogo.

Kariuki Gatitu: It should have the introduction of the people it serves.

Translator: Katiba ambayo hi itakuwepo kwa wakati huu basi, basi na iwe na chanzo ambayo ambacho kimetokana na wananchi ambao itakuwa ikitumikia.

Kariuki Gatitu: Secondly a Constitution which will control corruption at all sectors.

Translator: Basi na jambo la Pili iwe basi ambao ni Katiba ambayo itaweza kuangalia na kuwa ni kama jambo ambalo lina-regulate mambo yote katika nchi.

Kariuki Gatitu: A Constitution which caters for the basic rights of its people.

Translator: Katiba ambayo inaangalia mambo ambayo ni ya kiina katika wananchi.

Kariuki Gatitu: Freedom of worship which should be specific. It should be specified who should be worshiped. Fifth Free education to be given to all, that means also the less fortunate will also have access to education. Also proper land policy. A constitution which tells all those who work for the government, whereby their pensions and retirement benefits should be given immediately at the day of retirement. A Constitution which is focussed on development, which does not focus development to certain areas whilst it does not focus on others. A Constitution to be written and distributed to all Kenyans in their languages. A Constitution which also caters for all the people but not the pertaining clan. Signing of the bill should be done by a committee consisting of members of Parliament. It should not be signed by the President because: He may fail to sign the bill if it does not go according to his will, while signing the Donde Bill alikataa (laughing and clapping).

The MP should only serve Kenyans for only two periods each of five year's term. The public should also be given authority to declare a vote of no confidence with their inactive MPs, councillors etc. Also we should be given authority to choose the chief and his assistant. We should also have free legal representations to all Kenyans in our modern courts whereby the weak or his servant, aside from uwezo ndie anasumbuliwa. The Controller and the Auditor General be given authority to persecute all corrupt public workers and, I think even from their offices. The President should not be a member of parliament, he should be an

ex-official member of Parliament. The electoral commissioner should also allow free candidates to fight for elections. Free candidates I mean, people with no parties as parties are corrupt. You can go this party unakosa kusimamiwa, unaenda ingine, unakuta mwingine ametoa hongo, sasa we should allow a free candidate to stand for election.

I would also like a government which can care for people who are in prison like mzee vile alisema, (laughter). In our courts, or in our mangereza, vile iko, mtu ata ukiona chakula ni kidogo, huwezi sema unaulizwa ulikuja na gunia ngapi za unga, na mtu ambaye umewekwa chini yake akulinde. That is all. (clapping)

Com. Kabira: Thank you very much Mr. Kariuki, asante sana okey Gicheha Gitu.

Gicheha Gitu: Before I talk I present my views. I am sorry I have to talk about this Commission. Either we have been given an answer about how they are and how they are organized. Why we do not trust the commission, my dear friend, is because we have been lied for a long time. And for example, now write up now here when we are presenting our views we have a balance of 252 days, I don't know why they squeezed this time which is equal to about 6200 hours or so. You see we don't trust you. That's why, we are not sure that the Commission, the constitution will be reviewed.

The other thing is, If I were the President of this country, I would not allow the change of this constitution, because most of the people want the powers, my powers scrapped of therefore we don't even trust the President of this country. Therefore he has hijacked the Constitution. Therefore this Commission has no power to confirm that the Constitution will be formed. Therefore I doubt the Constitution reform. Therefore we are too late and we cannot make it now. Otherwise at the top there is a disagreement and I don't know how it came to be, that the president of this country has all the powers even to appoint a commissioner, the chairman of this Commission of Constitution from a different country while we have competent constitutional lawyers. (clapping). We have a country that so many people, so learned and if you want to know so many no one Kenya. We have lived under oppression that I don't know what to say. Now I would not want a Constitution that allows the President of a country to appoint people.

Interjection: Have you started?

Gicheha Githu: Yah I have stated and start giving me time now. The commissioner of police, like for example, you know this person has all the power to kill in this form. They divide the police force into so many groups. We've got flying squad, CID, mention them, special branch reservists and then we have AP and they can kill you any time by dear learned friend, and the president is going to use this force to kill the people if they have refused to follow his orders.

The other thing he has been having the powers to appoint the ministers for example, a Minister for Agriculture. A Minister for Agriculture has a duty to perform, to destroy all the seeds of this country. We cannot have a good harvest due to this. The good seeds that require fertilizer and then we buy both the seeds and the fertilizer and the harvest is minimal. We are living in one of

the poorest countries in Africa and I am sorry that my country is the last one because of a poor Constitution inherited from our former colonialist.

There are so many things I would like to alert my fellow friends. We have to think before they present their views regarding the Constitution, because the civic education has not been performed well, there looks a saga that the Constitution is not true and it is not going to operate faithfully. The other thing I doubt is that the President has no power to extend Parliament. Like now they are striving to organize an extension of the next Parliament to two or three which is a tricky thing because anybody who is a minister in the Parliament is interested only in one thing to harvest a bigger salary, you know they go for about 400,000/= shillings plus allowances whereby they want to increase due to their debts. At least they go for an extended twelve months which will earn them so many millions. Those people are killing us alive. That is one very very serious thing. Look at the minister of cooperative, any minister for cooperative. We have been relying on agricultural cooperatives and like now pyrethrum is one of the best cash crops that can be organized easily, harvested and then sold and it has a demand of International requirement because we manufacture insecticide from it, the very good easily harvestable agricultural cash crop, pyrethrum.

However, the officials or the government officials of this country with the collaboration with the committee which is running cooperatives has destroyed our economy and it looks like, the President has the power at hand, which should not be there, to destroy the economy of the country intentionally so that he can govern the people. For that I feel hurt, I don't know how I'm going to present my views I had written them, so many views but I have decided to present a complaint full of confusion because I am not conversant with the constitution like most of you, and I believe you know what is constitution, I have never even seen the Constitution of this country. It is a very sad affair. That book should be distributed everywhere, because I am sure most of you do not know what is Constitution.

Interjection: So thank you, are you through?

Gicheha Githu: Thank you.

Com. Abubakah: Ningependa kuwashukuru sana kwa maoni yenyu lakini ningependa kuomba jambo moja, leo tumeitenga siku hii si siku ya siasa, tumeitenga siku hi ili kila mkenya atoe maoni yake kuhusu mambo gani tutabdalishia Katiba. Sijui kama tunaelewana? Tungeomba watu watoe maoni kuhusu ubadilishaji wa Katiba, asanten.

Com. Kabira: Mburu Waiganjo.

Mburu Waiganjo: Majina yangu ni Mburu wa Waiganjo. Mimi ni katibu mwandamizi wa kikundi cha mungano wa watu wa Limuru. Kikundi hiki madhumuni yake ni kuwazindua na kuwahamashisha wananchi, kupigana na dhuluma za aina yeoyote. Tungetaka tukiwa kikundi cha KBM kuwasilisha maoni yetu kwa njia ya shairi na nitawaita wenzangu.

Shairi la kwanza: Uwongo na kupokonywa maisha, hakuna kuzuia sisi wananchi, uwongo wa kudanganywa na Ghai, hautatuzuia sisi wananchi, kuja kuwa uhuru wetu na haki ya jasho letu, jasho letu, na haki ya jasho letu. Sisi hatutaki kusulubiwa hatutaki tena mauaji, zile kupe tuliaspushe, haki na huru zichanue zichanue, haki na uhuru zichanue. Uhuru wetu Kenya, Kenya, uhuru wetu wa Kenya tupiganie. Uhuru wetu Kenya Kenya uhuru wetu wa Kenya tupiganie. Uhuru wetu Kenya, Kenya, uhuru wetu wa Kenya tupiganie!

Mburu Waiganjo: Shairi lingine ambalo ni fupi sana litakuwa ni pia ni wimbo na ni maoni tena.

Shairi la pili: Ni yale ni yale yale mambo ni yale yale ni yale, ni yale yale eh mambo ya ukoloni. Mambo ni yale yale watu wetu, wetu wa wa kila mahali, na yote yote kwa makombo wanayo, wanayotupiwa na wataalimu wanyonyaji walimo nchini mwetu ngoma ni ile ile.

Wooi hash! woi ye mambo ni yale yale eh mambo ya ukoloni ni yale, ni yale yale, mambo ni yale yale ni yale ni yale yale mambo ya ukoloni.

Wabeberu waliwawa Kenya, kwa njia ya kuwazuiya kupigauongozi wao uwongozi wao wa mabavu. Na sasa serikali ya leo inawauwa wakenya kwa njia zile zile walioridhi kwa wabeberu.

Wooi woi hash! Woi ye mambo ni yale yale, mambo ya ukoloni, ni yale, ni yale yale mambo ni yale yale ni yale yale, mambo ya ukoloni. Chakula chetu wakenya tunacho tolea jasho cha uzwa kile kizuri, tunatupiwa mabaki mabaki. Mapato kwako ingekuwa na tule kile kizuri cha chakula chetu wenyewe tunachotolea jasho.

Wooi woi hash! Woi ye mambo ni yale yale eh mambo ya ukuloni. Ni yale, ni yale yale mambo ni yale yale, ni yale, ni yale yale, mambo ya ukoloni.

Kimathi, hio kama Pinto, (inaudible) na Steve Biko na Tito Adungozi ngoma ni ile ile. Wanjiru Mekatilili, J M Kariuki na sasa Karimi Nduthu, je ni upi mwingine.

Wooi woi hash! Woiye mambo ni yale yale, mambo ya ukoloni ni yale, ni yale yale mambo ni yale ni yale niyale yale mambo ya ukoloni.

Mburu Waiganjo: Asanteni sana. Sisi tukiwa kikundi cha Kiambu People's Forum hatuna imani na Tume hii natumekuja hapa kuwaeleza ni kwamba vile ilivyo kuwa wakati wa mkoloni mambo ni yale yale. Tume hi sasa ninaongozwa na wenye mali, wenye wametuibia sana, na wako hapa kulinda mishahara yao na tuwakilisha memorandum of dissent yaani tunawakilisha upingamizi wetu kwao.

Com. Kabira: Okey thank you very much Mr. Mburu Waiganjo, we know we are saying today is the day for every body to present their views, and we take that as part of the views that we are getting today. So thank you very much. Can we please get Patrick Migwi?

Patrick Migwi: My name is Patrick Migwi I'm a teacher by profession, and who has turned Author, I author books for children, I have authored mother tongue and also English. My aim is I don't know, part of the course but it is not in the Constitution, I wish it would be its line. I would want first of all to talk about Kenya. We people of Kenya do not have a national dress. We are not able to identify ourselves. We have been to countries of South Africa, West Africa, Ghana, and you notice that once you are in a group, you are in a seminar, you are able to identify yourself as a Ghanaian, as a Nigerian, and for that matter, if you observe countries like Scotland, it is ruled by, United Kingdom, and they have their national dress There is a dress that they use, during their big occasions, see. That's one.

The other one is about the language. Our children today, and for that matter, unless we speak English the way English I'm speaking, we never feel that we are educated, which is very unfortunate. Ningetaka kama ingewezekana, tuwe na language policy, tuwe na lugha yetu, kama ndugu wetu wa Tanzania hapa, wameweka Kiswahili ndio lugha yao. Na sisi hapa tuwe na lugha moja. Sio kusema English is the only language which can be spoken by those people who are learned. We are belittling ourselves, tumejiweka chini, angalia hata lugha zetu, lugha kama Kikuyu, Kikamba na lugha zingine, zimesahuliwa and we are encouraging people of this nation to forget their mother tongue. The language that has taken so many years to develop to disappear. Iyende tuu iyende.

But we notice people like the Unesco, a United Nations Organization, is very much concerned about even the small languages. These small people like Ogiek or Emolo they are very concerned about their language, their culture, they are asking, why are we losing this? We Africans because we seem to have no background we don't seem to respect ourselves, we belittle ourselves, we think we are nothing, so in other words I'm are saying, if it has not been entrenched in the Constituency I would like there to be a language policy in the Constitution. We would want the Ministry of Cultures and Social Services.

Ukienda kwa Wahindi, Mhindi mkute West Africa, Nigeria ama Ghana, Ama South Africa, ako na hio dress yake Mhindi. Hiyo dress yako mnaiona hapa mwende mahali popote katika ulimwengu, Utamkuta na hiyo dress. Na mtoto wake lazima ajue lugha yake, Kihindi na ajue kusoma. We people especially Kenyans, we have lost these you see, tunafikiria kama hatuongei Kiingereza, we are not educated, and this what now we are raising our children to believe that unless unaongea lugha ya mtu mweupe the civilized language you're not also civilized, so there should be a language policies and also there should be a national dress. Thank you very much.

Com. Kabira: Thank you very much Mr. Migwi, Em, Rahab Njoki Wanene. Thank you Migwi. Rahab oh Niwe?

Njoki Wanene: My name are as you have heared Rahab Njoki Wanene, na nitaongea kwa niaba ya wamama wa Limuru Constituency. Wamama tumeshaongea, tumeshaongea, na tumekuwa na hii karatasi ambayo imetayarishwa ambayo iko na maoni ya wamama. Nafikiri wamama wako ninawaona, wameacha kazi yao ya kulima, kupanda, ili waje hapa kwa maana wanataka wawe represented in the review for Constitution of Kenya. Kwa hivyo, ati?

Interjection-Com. Kabira: anirira tundu ni tura record-i .

Rahab Njoki: Now we women from Limuru constituency, Kiambu district, have agreed on the following recommendations. Kwanza kama introduction, at last a people driven Constitution has taken off. Hii Constitution ni ya watu, na tuko na shukurani kwa maana ile ya zamani hata ilitengeneza na Kiingereza. Sasa hii kila raia ako nafasi ya kupeana maoni yake na kwa hivyo tunafurahia hii mambo. Tena, congratulations to the women commissioners, like Dr. Wanjiku here, kwa maana wako saba. We have got seven women commissioners, and and this is history to be remembered by Kenyan women. Out of twenty seven we have got seven women and we are very happy about that. We wish every thing to be like this. This is a commendable milestone achievement in development of our nation and the struggle for women to address their specific physical issues and continuity. In this memorandum we would wish to have a Constitution that everyone has rights to.

Kwanza tungetaka hii Constitution iwe equal protection. Watu wote wawe protected. Free from discrimination, hakuna mtu mkubwa ama mdogo, mtu ni mtu. Freedom of expression and association. Wawe wako na huru ya kuongea kama vile tunaongea hapa, kila mtu anaongea, ako na freedom of expression and association.

The directive principles of equitable and presentation of both genders: Hapa tuko wake na waume na hivyo ndivyo inatakikana kila mtu awe represented. Man and women. Equality before the law for all citizens regardless of gender or status. Watu wote wawe na equality, hata kama ni mwanamke ama ni kiwete, ama hana macho, kila mtu awe represented. Hiyo ndiyo Constitution ambayo wamama wangependelea, iwe namna hiyo.

Kwanza tuangalie mambo ya citizenship. Iko watu ambao wamezaliwa hapa Kenya, toka 1963. Sio wa hapa, ni weupe,

wahindi, wazungu. Ikiwa walizaliwa hapa, after the year 1963, and persons staying in Kenya for a period for more than five years, are automatic Kenya citizens. Ukiwa ulizaliwa baada ya uhuru, na umekaa hapa Kenya kwa miaka mitano, upatiwe automatic citizenship. Persons born of Kenya's citizens within or outside Kenya, whether the parent is the father or mother should be an automatic Kenyan citizen. Ikiwa mtu amezaliwa nje ya Kenya mama ni mkenya ama baba ni mkenya, huyo mtoto apatiwe automatic Kenya, citizenship. A person or a man or a woman married to a Kenyan citizen should be entitled to automatic Kenyan citizenship unless they choose otherwise. Ikiwa Mkenya ameo Mzungu, Mwarabu, mhindi ama yeoyote ambaye ameo na yeye awe ni Mkenya, huyu ambaye apatiwe automatic citizenship. Mtoto ambaye ako na miaka less than 18 years, mtoto anaweza kuwa ni miaka less than 18 years, huyu ni mtoto akiwa bado hajatimiza 18 years kama akichukuliwa na familia ama mtu akimchukuwa awe mtoto yake awe adopted, huyu mtoto tungeuliza apatiwe citizenship. Kwa maana watu wa mtu wanawenza chukua mtoto ambaye sio Kenya citizen na akiwa bado hajatimiza miaka 18 awe vile vile ni citizen wa Kenya.

The Kenyan Constitution should allow, for dual citizenship to enable Kenyans living abroad to enjoy their rights as Kenyan citizens. Najua watu wengi, watu wengine wamepata ile Green Card, wameenda Uingereza, wameenda mahali pengine wamekuwa ma-citizen, lakini sio wawe ni ma-citizens wa kule wapatiwe dual. W awe citizen kule, na wawe ni citizen wa Kenya, tuisiwatupe. Rights and obligations of a citizen: The Kenyan constitution should provide that all citizens are equally entitled to the rights, privileges, and benefits of citizens regardless of gender.

Com. Kabira: Sorry escuse me Rahab,

Rahab Njoki: Yes?

Com.Kabira: Because the bell is about to ring and you're quite far in the memorandum, may be it is good u- highlight, nigetha uhote gukava the various sections.

Rahab Njoki: Rights and Obligation of a citizen ile vitu amambayo itakuwezesha upate citizenship, ni birth certificate, Kenya pass-port, ama national identity, na mtoto anapatiwa hiyo vitu na wazazi wake. Akienda na mama ama baba unapata birth certificate yako. Ile basic right and basic need, health care, free health care, maji, chakula, education, free education up to secondary, and cost sharing in higher education and public universities. (bell rings) hii masaa yetu (laughter). We also need security and employment for all Kenyan citizens. Gender disparity in decision making should be a basic right to equitable representation in decision making at all levels. The right to own and hold property for all Kenyans irrespective of gender or marital status should be upheld by the Constitution. The Kenyan woman should suffer no form of discrimination, oppression, that reduces her dignity.

Now the Affiliation Act that was repealed in 1967, should be entrenched in the new Constitution. Wale wa zamani mnajua vile kijana akimpatica mimba walikiwa na affiliation. Hii wamama wangetaka irudishwe kwa mana tumepata watoto wengi sana

wasichana wakizaa halafu wanaachiliwa na vijana. Kwa hivo tungetaka kuwe na Affirmative Action policy, rights of equality of all citizens. Constitution should provide for this policy and it is a legal requirement. Education opportunities should not, it is not enough to set quotas for employment if we do not have enough trained and qualified women to meet these quotas. The girl child education the youth, and the disabled need to be facilitated specifically, bursary should be provided for girls, the disabled or any other marginalised community like the pastoralists. Iko watu wengine hapa hawajulikani kwa hii taifa hata tuliwaona Nairobi ni watu wachache, very minor, very small communities hata wale wawe wakikubukwa katika hii Constitution yetu.

There should be a provision for the access basic rights by the marginalised group in the Constitution. Sasa nafikiri nitaacha wengine wataendelea, kwa maana mh, you'll read them or one of my people will continue.

Com. Kabira: Thank you very much Rahab. Hannah Njeri Martin.

Hannah Njeri Martin: Ile mimi nimewaletea ni Limuru Women's Recommendations to the Constitution of the Kenya Review Commission. Na nitaendelea pahali Rahab ameachia. Kwa majina ni Rahab Njeri Martin, ameachia Political Parties and the Legislature and the Judiciary.

Recommendations: The Constitution must ensure the Affirmative Action policy is employed in the composition of political party structure e.g., at least 1/3 of the officials in each of this organ must be of the opposite gender. Political Parties: The constitution should regulate the formation, management and conduct of political parties. All national political parties should have a national outlook with membership drawn from at least 60% of the Kenyan for the two different ethnic groups. All national political parties, should be funded by public funds, to avoid the individual domination of political parties. Mnaongea, ama hamnisikili?

Interjection- Com Kabira: Tumpatie Mda atuzungumuzie. Sindio?

Hannah Njeri Martin: Parties should not be run as private enterprises from which only the most economically able can benefit.

The electoral system: The electoral commission should enhance women participation in political leadership, by developing and disseminating material in an aim to educate society. On the value of women leadership, regarding the culture, laxity, that dictates against women leadership. The appointment of more women, in position of political responsibilities bear Affirmative Action e.g at least 33% of the total seats in Parliament and local authority be held by women. Political parties should be encouraged to have at least 1/3 of the official in the party organ as women to provide policies on women issues in their Constitution manifesto. The presidential election should be conducted by an electoral college to enable women to participate equitably in the race as a constituent. There should be a limit of money used to campaign, made accessible every candidate as their way to enhance women participation, and prevent corruption during campaign.

Civics, parliamentary and elections should be held separately from the presidential elections. Polls should be counted at the polling station and the results announced immediately at this same place. Yangu nitafika hapo, maana tuko group ya wanawake wanne na hii mambo ukiyandika ukikaa chini iyendele hivyo.

Com. Kabira: Asante sana Hannah Njeri, andika jina lako na... J K Nyoro or Nyamu ritwa ritirathomeka. J W Nyoro or Nyamu. I cant read this name. Is there somebody Nyoro, ritwa ritira thomeka wega, J W Nyoro. You think you might be the one? This one. Can you read it for us if we cant read? This one J. W what? Nyoro? We'll leave Nyoro. Uria ukuigwa ndanetwu ni akumenya ni ritwa riate ria rega guthomeka. Francis Githaiga Maina. You're the one? Yes you can proceed.

Githaiga Maina: Honourable commissioners, my dear fellow Kenyans, yangu kwanza ni kuwashukuru nyote and especially wale ambao walipata kuwa na hili jambo la kuleta commission, na ndio tuwe na CKRC na tuweze kuwasilisha maoni yetu kuhuzu katiba ambayo tunapenda. Na nikiingia katika jambo la kwanza ambalo nigalipenda kulitoa kama oni langu, ni hapa ambako tumefikia mahali pa education in Kenya. Hali ya elimu. Ni kweli ya kwamba mtakubaliana na mimi sisi ambao ni watu wazima, adults in Kenya have turned the children into objects. Tumewafanya watoto wetu ni kama vessels. Viombo ambavyo ni zetu sisi wenyewe kujiinua, zetu wenyewe kujaribu kujitafutia majina ambayo yana faa na hii ni kupitia kwa masomo. Kwa nini nasema hivi Kamishnas? Nasema hivi kwa sababu tumeona kama sasa ni wakati wa likizo ya watoto wa shule, Na tutaona ya kwamba hata mahali ambapo ni kikao chetu cha siku ya leo?

Tunaona ya kwamba tayari watoto wako shule. Sorry nime kumbushwa hapa, kwa majina ni Francis Githaiga Maina. Kwangu naona ya kwamba sio vizuri kuwanyima watoto wakati wao ambao ni wa mapumziko. Namtakubaliana nami ya kwamba tumewanyang'anya watoto wakati wao ambao ni wa mapumziko. Namtakubaliana nami ya kwamba nami ya kwamba tumewanyag'anya watoto wikendi zao. Almost in every school now, around here in Limuru and else where over the week end wakati ambapo watoto wanastahiliwa kuwa wakipumzika tunajua wanaenda shule. Na ni kwa nini? Nikwa sababu ati labda tunataka ati wasome vizuri au wasome zaidi. Mimi kwangu binafsi wakati nimesoma shule ya msingi, hadi hapo mwaka wa sabini na tano, niliona Saturday hata moja hatukuweza kuenda shule for the seven years I was in school. Yet bado tulisoma nawale wengine tulihitimu wengina wakaenda university na hali kadhalika. Kwa hiyko kuwasababisha watoto waendele na masomo siku ambazo ni zao za mapumziko si vizuri and we know even where we are right now and in the surrounding schools, watoto wanasoma hata zaidi ya saa kumi. Unapata saa kumi na moja, mwingine hata saa kumi na mbili bado wako kwenye shule. Ningelipenda kuomba ya kwamba katika Katiba yetu ambayo itaingia iwe ni hatia kwa watu wazima, kuwanyanyasa watoto jinsi hiyo.

Na isitoshe pia nikiongezea kuhusu masomo, tunaona ya kwamba tunaona imefikia mahali ambapo mzazi anaitwa mzazi mpya. Mzazi ambaye anapeleka mtoto kwa shule mara ya kwanza, kwa ile shule labda hana mtoto mwingine. Tunapata shule zinaitisha, pesa ambazo ni kiwango kikubwa, kiwango ambacho kinashinda hata wazazi wengine. Kwa mfano shule ambayo

haiko mbali sana na hapa, just less than a kilometer away, wanaitisha 7000/= kwa mzazi wa kwanza. Na shule ambayo hata haiko nusu kilometer kutoka mali tulipo sasa inaitisha 20,550=/. Elfu ishirini wajameni, makamishna. Itakua aje watoto wasasoma? Five years ago hapa Limuru, hatukuwa na mtoto hata mmoja street child. Hatukuwa na mtoto mmoja huku wa mabada au mtoto ambaye anazurura. Right now myself nafanya kazi ambayo ni ya chakula, hao watoto kila jioni ni lazima wanatujia sisi kutuomba chakula. Ni kwa sababu wazazi wameshindwa na kuwapeleka na kuwapeleka kwa shule.

Jambo lingine ambalo ningeliguzia ni kuhusu poverty eradication. Kumaliza umaskini katika nchi yetu. Inastahiliwa kuwa katika Katiba tuonyeshe jinsi ambavyo tunaweza maliza umaskini katika nchi yetu. Na Jambo la kwanza ambalo naona ni la muhimu katika Katiba ambalo linaweza elezewa na liwe serikali iweze kushika lile jambo natuweze kutoa umaskini, ni vile naweza sema, provision of basic amenities to the society. Utapata ya kwamba kunapo mahali kwingi na vijiji vingi na mahali pengi ambapo watu hata hawana maji.

Itakuwaje umaskini utaisha hata kama maji hatuna? Maji ya kunywa tu? Mimi kwa mfano natoka kiji ambacho kinaitwa Karajui, sio mbali na hapa. Kile kijiji hakina supply ya maji nkusema ukweli. Na five years down the line tokile kijiji kiwe kinakua mpaka sasa kina makumi ya maelfu ya watu, hakuna hata maji serikali siku moja imekuja au jinsi yeoyote ambayo tumeletewa maji. Sisi amba ni majirani tunaishi pamoja another deadly community ambayo siku hizi sio kama zamani. Twajua zamani radio labda ingekuwa kwa mwalimu, au kwa mtu ambaye ni tajiri na wengine kijiji wangenda kusikiza radio pale. Radio siku hizi ni basic amnities katika nyumba watu wapate kupata habari. Stima: Tumeitisha stima tukiwa watu wanne tumeungana pamoja tukifikiri itakuwa rahisi. Tuliulizwa tutoe elfu mia tano, mwananchi wa kawaida atatoa wapi elfu mia tano. Isitoshe Wakati tuligawanyika tukasema mmoja ndiye atakayejaribu kuitisha stima, tuliitishwa mtu mmoja 249,000=/. Basic amenities, tuangalieni Katiba ikubalie wananchi waweze kupewa mambo ambayo itawasaidia kumaliza umaskini. Nitataja pia jambo ambalo lingine pia nasema ni umasikini unaletewa wanainchi, Na katiba ingalitakiwa iyangalie mambo kama haya.

Simu kama hizi tunazoita celula, mobile, je ni ipi simu ambayo ina gharimu zaidi ile ambayo tunapanda vikingi barabarani na wire, zinafwata, na kisha nikipiga simu na piga kwa shilingi tano, au mobile ambayo na chajiwa kutoka shilingi kumi kwenda zaidi kwa dakika moja. Nafikiri technologia ime endelea, sorry, Katiba ni lazima ikinge wananchi, ya kwamba simu kama hizi ambazo tunajua ni waves zinatumika, Hakuna gharama zaidi. Isipokuwa ile mitambo iliwekwa mwanzo mwanzoni. Kwa hivyo Katiba iweze kuwalindi wananchi ambapo kama ni air waves kama hizo serikali ihahikishe ya kwamba hizi ni vitu ambazo cheap na available to the common mwananchi.

Jambo lingine ningalitaka kutaja ni kuhusu land policy. Kuna watu wengi ambao wachache ambao wana mashamba makubwa makubwa. Tens of thousands of acres. Na hawa watu labda ni sokwe tubiri na wanyama hali khadhalika ndio wako kwa yale mashamba ambayo haya mashamba sio misitu kama ili tu na sikia ilemisitu inagawa ah ah. Ni shamba haswa. Lakini huyu mtu halimi lile shamba. Tuwe na land policy katika Katiba yetu ambako, mtu yeoyote ambaye ana shamba likubwa na halitumii, basi na pawe na kodi, let there be taxation on this land. Yule anayo land kubwa na haitumii basi, akuwe nikama vile kunayo Kenya

Revenue Authority kwa sasa ambayo ina angalia kuhusu vile watu wanavyo toa kodi yao. Basi kuwe na authority ambayo inawezachunguza kuhusu vile utilization of land vile ardhi inavyo, vile mashamba yanavyotumika. Kama mtu hatumii na basi apigwe kodi ndio aweze kuwachilia mashamba yafikie wale ambao wanajuhudi na hawana shamba mahali.

Jambo lingine ningetaja kabla ya kumalizia, ni agricultural, (bell rings) policy on agriculture. Policy kuhusu agriculture naona ambapo nchi yetu, kila baada ya majira fulani, inakuwa ni chakula tunaomba kutoka nje. Kwa nini tuombe chakula na hali nchi yetu bado ni kubwa sana. Ingilitakiwa serikali, Katiba yetu, iwepo ambapo itamaanisha kama kwa mfano nipeane peane kutoka Coast kufika hadi hapa Athi river, Coast and Eastern. Hapo ni mahali ambapo pana mteremko. Kutoka hapo Athi River kuteremka had Coast natunajua ni area ile ambayo tunapeana chakula kwa wingi Manake ukambani ni mahali tunasema ni kama drought stricken area. Na hali maji tunajua Athi River, na Tana River, zote zinamwaga maji kwenye bahari. Bona isiwe ya kwamba Katiba yetu isistize ya kwamba serikali iweze kuwangalia jinsi ardhi ambayo tunajua ni yenyre rotuba ya ukambani, inaweza pata maji natuweze kulisha wananchi. Jambo, ni kimalizia, na pole kwa kuchukuwa muda, ni kuhusu forest excision na hii ni misitu vile inagawa kwa watu ambao wana majina fulani, watu ambao wanajulikana mahali fulani. Kwa nini misitu igawe, iwe mashamba na hadi huku hapa karibu ukambani, Athi River kuteremka hivyo kuna ardhi ambayo imekimya namna hiyo. Na huku pande ya Isiolo na pande ya Wajir na huko kwingine, Eastern kuna ardhi ambayo imeka hivi. Mashamba yapeanwe huko kwo wenyewe ambao wanataka hayo mashamba makubwa na ndiyo waweze ile reclamation ya land, na tukifanya reclamation itabakisha water catchment areas zetu bado zikiwa intact, zikiwa bado zimo na hatutakuwa na ukosofu wa maji hata kidogo. Nafikiri sitaendelea zaidi, lakini na washukuruni nyote kwa kuweza kunisikiza katika maoni yangu. Asanteni.

Mtoto sasa kwa maana sehemu hiyo nimeandika juu ya street children kwa upande huo sasa nimetoka. Kwa maana nilisema ninasema juu ya watoto hao wanatangatanga. (Haya makaratasi nita acha tafadhali). I'm talking about (bell rings) street children survival. Mnipe radhi tafadhali niseme dakika moja ile ninavyotaka kusema. Hapa ninasema street children survival na nimeweka maswali matatu. How are they going to survive? Iwe Katiba ambayo tafadhali itatengeneza, every child has the right to a decent childhood if there is a bottomline which completes and is a growing problem, it might bring something like this. Unless children are able to go to school, to eliminate the street children phenomenon will be futile.

The key is, education brings opportunities. Education is life and a child denied access to education has no right for now and thereafter. Whilst in the street can we really blame them for becoming intoxicated by the lure of freedom, the wilderness, the excitement of street life. Once children get a taste of this unsupervised form of survival they become reluctant to return home due to slum conditions. Do not go by number. Street children are difficult to address, especially among people who do not understand them and there are situations, whereby they are dirty and dressed in ratters. I think I will just leave these papers here with you.

Com. Kabira: Ni thengiu muno Bwana Njoroge, ni thengiu muno, asante, now Wallace Karanja.

Wallace Karanja: My name is Karanja Gichuki, I am a retired Children's Representative and now I'm doing farming. I'm going to read in brief the composition of government. God gave moses ten commandments to guide his people, the people of wisdom how to govern themselves and lead as one people, one united nation. We should not forget therefore, that we Kenyans God wants us to live united and as one nation. Our destiny depends on total promotion of unity of the nation to the future. We want to be among the national communities where democracy is practiced, its principles and in most developed or developing countries is deliberately allowed to salvage and hinder. The following Constitution for a young democracy should therefore be most suitable in realizing our goals and objectives.

The government: We want a unitary government with strong local government authorities. Composition of that government.

The president: We want a President with non executive, non-allied, non-partisan to any political party. He must be a good Christian, with good Christian principals.

(Interjection): Or muslim.

Wallace Karanja: If the President is a Muslim, he must be a good Muslim with good Muslim principles. His age must be between 50-70 years on nomination date. The president should be on nomination date, not younger than 50 years or older than 70 years. Terms of office: Six years with maximum of two terms.

Education: University degree preferably in Social Sciences or Law.

Marital status: Must be married. How he should be elected: To be elected, with a simple majority by members of Parliament from the panel of 3:5 individuals submitted to the house by the Prime Minister with forming the government and qualifying accordance with clause 2A, B, and E above. He should be sworn in by the Chief Justice. He or she should be subject to individuals and above not the law.

Functions of the President: Swearing in ministers and assistant ministers, receiving his guests, ambassadors, and exhibitions. Any other non-executive form of function given, it must be taken care of. In the event the government of the day is voted out,

by avote of no confidence, the President should call upon any other senior ministers likely to gather majority members of Parliament, to form a government of national unity from a maximum period of six months, during which time the elections should be held.

The government: The office of the prime minister. Prime minister should be the leader of the political party, with majority members of Parliament. She forms the government from her party. The Constitution should also allow a coalition of parties, or government of national unity. Prime Minister is the chief executive and leader of his government. He should be assisted by two deputy prime ministers. The prime minister should have two deputies. That government should consist of twelve ministers, and among those twelve ministers we should have one legal and justice minister. (noise from speaker)

Interjection: We ask you to switch off the mobile phones. He mundu wi na thimu nikio speaker iragamba uguo.

Wallace Karanja: We should have twelve, we should also have twelve deputies ministers, power to decide in the absence of the ministers. They should not be assistant ministers, they should be deputy ministers.

The Attorney General should be a civil servant and should not attend Parliament or be a member of Parliament. Parliament rights should be 5 years per term. The Attorney General should be represented by Justice and Legal Affairs Ministry. The government appoints this or ministries accounting officers.

The government appointments: We start with permanent secretaries, and this or ministries accounting offices, they should be recruited by Public Service Commission on professional qualifications and merit alone be appointed by the Prime Minister who should have a power of giving appointments.

Judges: (bell rings), Attorney General, commissioner of police, commissioner of prisons appointed to this position should be backed by relevant recruiting service commissions. Legal Affairs Minister should be a member of these commissions. In all cases parliament should approve these appointments. Judges should however have office tenure with impeachment clause for the judges also.

Armed forces: Appointment to this position should be made by public service board whose chairman should be the Prime Minister. Parastatals heads: There should appointment boards whose chairman should be the head of civil service.

Public universities: Chancellors should be appointed by individual university senates whose applicants should come from all over the world preferably Africa. The Prime Minister should have power. Controller and Auditor General should be appointed by head of public service with an office tenure. PCs and DCs should be appointed by office of Prime Minister, in conjunction with Public Service Commission. Electoral Commission: Constituency boundaries should be created on population density, communication, and general development.

Election's date: This should be set. We should know when the elections are to be held. In the event the prime minister is removed from the office by individuals on no confident vote against his government, death in office, the first Deputy Prime Minister should succeed him to complete the period of five years.

Electoral Commission of Kenya should be constituted on qualification and merit alone by district. Each district should produce a member who should be appointed by the President and sworn in by the chief justice. In other words, the Electoral Commission should be composed of a person from each district. Whatever the case, if we have 74 districts, we should have each district having a member of the Commission.

Local government Authorities and Provincial Administration: Local authority should be in it's area of jurisdiction, be responsible for development. Development of infrastructure, roads, markets, schools, hospitals, research, farmers institutions, water,... parks and mines, trustlands and urban centers, forests and agriculture. All those are the functions of local authorities. Their funds should come from general levy and taxation.

Interjection: Mr Wallace, may be you can try to wind up.

Wallace Karanja: Yes let me wind up. Provincial Administration, is an engine to Central government and should work hand in hand with local authorities in providing services to the people, but their main activities is in maintanance of law and order, and peace and security. Trust land should mainly be used for human settlement and there should be a ceiling on the size of land an individual should own.

Currency: The country's currency should only reflect or display the first and founder of the Kenyan nation, the Late preseident Mzee Njomo Kenyatta. Any other display should reflect our National heritage, such as mountains, wild life, rivers and peoples with culture. In other words for the currency, we should not have when an incoming president comes in and it is suggested that he should have his own currency and things like that. We should only have a currency like America which should only have the founder of this nation Mzee Jomo Kenyatta. Any other currency should reflect our world life and heritage. Thank you very much.

D. N Mwaura: negetha andu acio maruwiire wiyathi na ciana ciao monekanage thiini wa Constitution (clapping).

Translator: Wale ambao walipigania uhuru wa nchi hii watiwe kwenye Katiba, wao na watoto wao tuwe tunawaona kwenye Katiba.

D. N Mwaura: Maheyo migunda, na ngari, na miguo wega.

Translator: Wapewe mashamba, wapewe magari na wawekwe na hali ya juu.

D. N Mwaura: tundu ni gitio gitu.

Translator: Kwa sababu hiyo ni heshima yetu.

D. N Mwaura: Ni maturuirire,

Translator: Walipigania uhuru,

D. N Mwaura: na ciana citu igutura iririkanaga andu acio,

Translator: na watoto wetu watakuwa miaka yote wanakumba hawa,

D. N Mwaura: na ngiciria ni ngatho ni undu waguthikiriria.

Translator: na mimi nasema ni shukrani kwa kuweza kunisikiliza. Asanteni.

Com. Kabira: Asanti sana Bwana Mwaura. Now, he mwanake wi haha urahoya rutherford niarathii wira tha inyanya John wa Kuri. Tumuhe chance arie?

(Interjection): Kinyanjui Njenga.

Com. Kabira: John wa Kuri, Kinyanjui Njenga No. 38. Go ahead.

Kinyanjui Njenga: Thank you so much my friend Dr. Wanjiku Kabira, and your fellow commissioners. I think I will be very very quick, because I am late. Kuratwika twarie turi andu eri okey. I'll try to do that, I think you better get a microphone because I'll also use Kikuyu so that we may understand. I'll be brief and I'll go direct to the chief points that I have. My name is Kinyanjui Njenga as I have said njariiruo haha Kamandora

Translator: Amezaliwa hapa kamandura.

Kinyanjui Njenga: Na first of all ningwajia na uhuru wa migunda.

Translator: Ataanza kwa maneno ya mashamba.

Kinyanjui Njenga: Nii njiaritwo ni mutumia utari muthuri,

Translator: Mini nimezaliwa na mama ambaye hana bwana,

Kinyanjui Njenga: na twiikaraga kieya-ini gia gichagi,

Translator: natunaishi kwenye ploti ya pale kijijini,

Kinyanjui Njenga: na mama

Translator: pamoja na wajomba,

Kinyanjui Njenga: aria maciaraniiruo na maitu mi migunda minene,

Translator: na wale amba wamezaliwa pamoja na mama yangu, wana mashamba makubwa,

Kinyanjui Njenga: na mami ndaheirwo tondu ndahikire.

Translator: na mama hakupewa kwa sababu hakuolewa.

Kinyanjui Njenga: Nii ingenda kuria Gatiba yuge that each and every kid you have,

Translator: Mimi ningependa kuomba ya kwamba Katiba iweze kusema ya kwamba, kila mtoto ambaye uko naye,

Kinyanjui Njenga: should have the right to inherit property.

Translator: basi huyo mtoto na awe na haki ya kuweza kugawa au kutoa mali ya mzazi.

Kinyanjui Njenga: There was fellow demarcations and land allocations that have been done in Limuru and still if you go to Ngarariga, Kamirithu, Rironi and Ngeca villages, you will get people living in Shauri Yako, you also get people like me who have been paying house rent since the first day I was employed up to now. Na ithaka icio cioetwo ni andu aria mena migunda.

Translator: Nay o hiyo mashamba yote imechukuliwa na watu ambao, wenye mashamba.

Kinyanjui Njenga: Ndeiya is an example. The Ndeiya settlements that were disputed very recently is a clear example.

Tranaslator: Kuna mfano, Ndeiya.

Kinyanjui Njenga: Now a person there who has 100 acres na andu maiyuire Shauri Yako Kamirithu. I would also want to mention on something that I have always talked and I am very bitter about. The Loreto High school land. Most of that land lies idle, and is today being distributed to foreign missionaries who are coming here and we have had Christianity being preached to us for the last I think 100 years. It is unfair, githaka kiu gutwika ni gia thire uguo gia thire umuthi uyu kiheyaguo abiya.

Translator: Sio vizuri hata kamwe kwangu binafsi kwa sababu shamba la baba ya babu liliweza kuchukuliwa na wakoloni kwa wakati huu ziliko pale Loreto na naona sio vizuri mi mwenyewe nimekodisha mahali pa kuishi na sio vyema hata kidogo.

Kinyanjui Njenga: Migunda te yo,

Translator: Mashamba kama hayo,

Kinyanjui Njenga: ingithia igairuo andu acio mari ene, ona okorwo ni ka-plot,

Translator: hata ikienda labda mashamba kama hayo irudi igawiwe wale walikuwa wenyewe, hata kama ni ploti.

Kinyanjui Njenga: Mutitu wa Nguvi uguo ndiraigua na ndi kwenda uhuru ucio dungihutio tondu Ndeiya ndi ngituika desert. Tutingerekereria Ndeiya ituike desert. Mutitu wa Nguvi waheyano ati andu maikarage kuo.

Translator: Twajua itakuwa kama tunaweza pata hizo plot, basi kama tunavyosikia huu msitu ambao ni wa Nguvi, ambao unaelekea kumalizwa labda huenda usiwe ni hivyo tena.

Kinyanjui Njenga: Kuma hau ngwaria uhuru wa githomo.

Translator: Kutoka hapo nitazungumuzia kuhusu elimu.

Kinyanji Njenga: Githumu mundu uciaraguo thiini wa bururi uyu niagiriiruo nigukuruo agithii thukuru,

Translator: Elimu kwa mtoto yeote ambaye anazaliwa katika nchi ya Kenya anastahiliwa kwenda shule,

Kinyanji Njenga: na constitution ni yagiriiruo ni kuga uguo.

Translator: na Katiba inastahiliwa ikasema vile.

Kinyanji Njenga: Very recently they filed the Children's Act,

Translator: Hivi majuzi tunaona palikuwa na ile sheria ambayo ni ya watoto,

Kinyanji Njenga: and in this there is a provision that if you don't take your kid to school you'll be prosecuted. Unfortunately, this is too unfair. If I can't afford why should I be prosecuted? The government should put the financial provision of that in place. If the financial provision of education, basic education for children is there, we won't have the street children we normally have here and again the education providers have not been adequately compensated to cater for that very very important sector. The other thing is also high school should be provided free to the needy cases. The bursary system is abused so much such that there should be a provision by the government to cater for the bursary system. I'm saying this because I almost failed to complete high school more because of my head master because I could not afford. I almost failed to complete high school. Somebody had to come and pay for my high school because I could not afford. Suppose there was a system where I was very bright that I could have been paid for. Today I could have been, Wankiku Kabira, I could have been in the university. I could have been a graduate. I could have been a doctor like you but I never became one because I was not given that position. You find honesty on education, Alliance High school, Limuru Girls, Loreto and the rest are all National schools. Nu ndinama nama nama andu aingi athini a guku gwitu Limuru ciana ciao ingihituka.

Translator: Hapa nina uhakika ya kwamba shule ambazo tunasika kubwa akina Alliance, kina loreto, Limuru girls.

Kinyanji Njenga: Mbeca iria thukuru icio irarihia riu twi na ithue haha,

Translator: Nina uhakikia kati yet ya wanainchi ambo tuko hapa pesa ambayo inalipwa kwa zile shule kama karo,

Kinyanji Njenga: Ciana cia athini itingithii thukuru iyo na nima nitumui meguku mahitukite magetuwo Alliance, na makaga guthii guthii Alliance tundu becca iria iretio Alliance itingirihika.

Translator: Watoto wa maskini hawawezi kwenda shule kama hizi kwa sababu, twajua kunao watoto hata kwa wakati huu, ambao wameitwa shule kama Alliance na hizo shule za hali ha juu, lakini wazazi tumeshindwa kugharamia ile karo.

Kinyanji Njenga: They are as bright as those children of the rich who go there.

Let me now come in to the issue of local government, Mwanake ucio uwituwo Mwaura nia nduta ciugu kanua undu ukunii local government, ni murata wakwa nu ndi ramwirite uria ndirenda kuga.

Translator: Kunaye ambaye anaitwa Mwaura na ni kama ameyatuwa maneno kwa mdomo wangu. (bell rings)

Kinyanji Njenga: I'd go for whatever Mwaura said about the local government.

Translator: Ningalisema pia vile vile Mwaura anasema kuhusu serikali ya mitaa, yaani local government.

Kinyanji Njenga: Hindi iria Kiambu County Council,

Translator: Kiambu County Council,

Kinyanji Njenga: When it was a single county council,

Translator: Wakati ilikuwa county council moja,

Kinyanji Njenga: We used to have about two graders that were repairing roads here. **Translator:** Limuru urban or minicipal, or whichever you call it, cannot afford to buy one grader. This is why roads in Ndeiya are impassable. I want now to be a little bit more quicker, and I'll speak in English. I'm sorry so that I may abide, time is up for me. So I am for that element of having one major county council. We should abolish, especially here in Kimabu, the municipal councils we have, the town councils, and urban councils we have, we remain with Kiambu, county council. Whether we are going to elect those councillors that are there right now. We should have one county council that will have enough revenue to take care of the infrastructure and other services in Kiambu. The distric development board.

Injerrection-Com Wambua: Sorry Mr, Kinyanji, no-ugerie gu-summarise, tondu ni tukirugamirie aria ang i twambe tuguthikiririe.

Kinyanji Njenga: Thengiu, thengui. The district development committee should constitute of elected people who are elected to go and seat in district development committee. No ti acio mathiaga guitia bribes cia guthondeka barabara na magetagia contractors. Iyo ni iria imwe guendaga kuga. Maundu maria mangi, I want to be very quick.

About law: The Constitution that is going to be made shall never be altered either by Parliament or by any other person without the people's approval, there should be people's referendum to alter the Constitution under all circumstances.

Administration: The chiefs, today they are still very powerful before the IPPG package and they are so much linked into politics, they should be de-linked. They chiefs themselves should be elected by the people themselves, we have had, thugs here, we

have had rapists, being in court and they are chiefs. We cannot have, criminals any more leading as chiefs. I want to be very very quick.

The education of the Constitution to the general public otherwise with a lot of ignorance, on the rule of law, and a clear example is the railway trespass. Andu aingi muno ni mui haria railway, no unyitirwo trespass, from post office up to the road here, because people are ignorant and those are the draconian colonial rules that we should do away with.

Elections: The present electoral process is so expensive for people for me who would like to be an MP for Limuru. We should have independent candidates, and if you qualify for any election process, the Constitution should provide way of financing your campaigns. I want to be very quick.

Economy crimes: We have the economy decline that we have right now because of those people who have done what they have done with this Nation. The other day the Attorney General, talked about prosecuting people from the enactment of an act he made in Parliament, Interjection: (Let me finish, I'm just finishing mwalimu). That should not be the case. Andu aria othe maitangite bururi uyu, magiriiruo ni gukusanywo kuma o hindi ya Kenyatta akuruo me mwoyo, matwaruo igotini, marihe rurire indu ciao. Nobody should be forgiven for any economic crimes.

Forest ex-cision: That should never, never happen. Nyayo Tea Zones, should be replanted once again. Otherwise it is waste of land and you go here to Kinari you will see it's all waste of land.

Tribal clashes: Perpetrator should be prosecuted and they should compensate all those people who suffered and return back to their land.

Infrastructure and Communication should be developed by the Central Government, notwithstanding the political affiliation that Kanu zones will have the better roads, iria ikomaga bunda na ng'ombe and there here we don't have roads ourselves.

The issue of majimbo is the one I would like to finish with. If the people of this country say that there will be majimbo, I'll be for it. If Rift Valley will be divided in to three jumbos, Meru and Embu will come back to Central Province and we will have our own Independence, we will have our own coffee to sell and nobody will touch that money. Ndatinio mbecha ciakwa cia muchara, when I'm working in Nairobi, that money should be brought here to develop here, because that is where I come from.

Those people who want majimbo from coast, there money will be taken to coast. So the people of Central Province all their taxes, and whatever will be brought back here, if they reside here. If I reside in Rift Valley that is where the money will be taken. That way we will accept majimbo, otherwise without those conditions, we surely don't need majimbo.

Farmers' marketing of their products, it should remove brokers and giving a farmer his due, because there the most used people

in this country.

Lastly, the presidential: This country is not monarchy, it is not a kingdom, that those people who are in the ruling era their children will continue ruling us. A structure should be put right away, that even if you are poor man, you are brilliant enough and you are qualified, you have a chance to become the President of this nation. Thank you so much.

Com. Kabira: Thank you very much and now we move on to Christopher Mbugua followed by Salome Nyokabi and them Rahab Wanjiku. Kuguo Christopher Mbugua,

Interjection: Ndarikuo

Com. Kabira: Ndari kuo, okey Salamo, Salome Nyokabi ihau?

Interjection: Ndari hu.

Com. Kabira: Salome Nyokabi ndari hau, okey, na Rahab Wanjiku Karanja, onake ndari kuo.

Interjection: Ekuo.

Com. Kabira: James Mungai wi ho?, okey David Mwangi, Gaitho Kuruma. Gaitho Kuruma nduri hau. Okey John Chamo, or sorry Miano. Nguiciria ni Miano, John Miano?

John Miano: My name is John Mbugua Miano, and before everything else I would like to talk about a matter that affects me personally. Entry into the legal profession, under the present Advocates Act, the Law Society of Kenya, determines, who becomes an advocate.

Com. Kabira: Tugire atiriri, either warie na Gikuyu na Githungu kana tu translate-tiruwo nigetha andu aria ang i maigue uria uraiga.

John Miano: Ndiui kana ni nguhota kwaria na Gikuyu.

Com Kabira: Uria angieka-ri...

John Miano: I was saying that under the Advocates Act you cannot enter the legal profession unless, you start in sorting condition that have been set by the council for legal education and the Law Society of Kenya. I think that is unfair because

clubs and other persons who aspire to become advocates should be rewarded for their hard work and study. I think even if I did not satisfy the requirements of the University of Nairobi, I should be allowed a second chance if I could satisfy the requirements of the University of Landon, may be, why should I be denied the chance to become an advocate in my own country. So am recommending that entry to the legal profession, be controlled by an independent commission. The School of Law is powerless, You cannot go to the school of law before you go to the university. So.,,

Interjection Com. Wambua: You said this is a personal problem why don't you.....

(Interjection): Mundu uria wina undu agirire kuga, uhoro ucio aga-summarise na njira nguhi, agatiga maratathi mau nigetha mathumwo. I tundu riu, he has been taking too long.

Com. Wambua: Le me ask you something, is this something personal?

John Miano: It is not personal, I'm talking of.....

Audience: A lot of noise.

Com. Wambua: Is that something personal?

John Miano: It is not personal, when we came here.....

Audience: Loud noise.

Com. Wambua: Excuse me, tafadhalini, can we give him a chance to talk. Let us give him a change to talk.

John Miano: So, I hope you've noted, by the way the legal profession,...

Interjection -Com: Wambua: Give us your proposals of what you want done with the Act. I have already heard, you've talked about the council of legal education, the requirement of the Act, you've talked about the degree programme London University, you've talked about the University of Nairobi, tell us specifically what proposals do you want to make with regard to that law.

John Miano: I want a person who aspires to be an advocate, to be vetted by an independent commission, Independent of the Law Society of Kenya, and also a person who aspires to be an advocate be required to have satisfied he or she has a degree law from a recognized university, a commonwealth university.

I would also like to talk about, the system of government. I would like us to have a Prime Minister. If we get a presidential

system of government, the president will act with even more impunity than he has now, because he will become independent of parliament. We want a government that is controlled by Parliament. There is no evidence that parliamentary government is more expensive than presidential government.

On civil servants: Working hours of civil servants, should be increased to 5:00 pm on week days and from 8:00 to 12:00 on Saturdays just like employees of private companies.

On Local government, there should be separation of power, so that the person we elect as mayor, is the chief executive while the council is the legislature of the local authority. Local authorities ought to be formed out of Parliament. Also on public figures who are part and parcel of those who have been acquitted of crimes they have committed during this regime, the new constitution should contain a clause to enable the prosecution of persons who have committed political crimes, whether or not, they have been acquitted. I am saying I have seen in the news certain politicians, certain public figures who have been acquitted of crimes. Some public have been acquitted for crimes during this regime, when people should not enjoy any immunity, I know that in law there is a clause that protects persons who have been acquitted from being tried again, they should enjoy that immunity. We should insert a clause in the new Constitution.

Com. Kabira: Are you now summarizing Miano?

John Miano: It has been proposed that the elected officials be subject to recall. I propose, that when an official has been recalled, he should be eligible for the subsequent election. Thank you.

Com. Kabira: Thank you very much Mr. Miano, thank you very much. Miano, are you a student. You finished, you left, where at the university?

James Kuria: Ritwa riakwa njitaguo James Kuria wa Kahunyo.

Translator: Kwa majina ni James wa Kahunyo,

James Kuria: Na guitu ni itura ria Gitogothiu guku Limuru.

Translator: Na mimi ni metoka kijiji cha Gitogothi hapa, hapa Limuru.

James Kuria: Wakwa nii gwenda kwaria uhuru wa githuranu.

Translator: Kwangu binafsi ningependa kuzungumuzia kuhusu uchaguzi.

James Kuria: Githurano ni gikinyaga kana ni kirikinya,

Translator: Uchaguzi ufika au uko karibu,

James Kuria: Na warikia gukinya ni Bunge I bunjagwo,

Translator: Na uchaguzi unapo karibia basi Bunge nalo huvunjwa,

James Kuria: Na Bunge ya bunjwo gutikuragwo na mundu utungoretie, othe macokaga kuri ithui me raiya.

Translator: Tunajua wakati Bunge limevunjwa basi, hakuna ambaye huwa ni kiongozi, kwani wabunge wote wanarudi kwetu wakiwa raiya wa kawaida.

James Kuria: Magoka kuri ithui gutuhoya miti.

Translator: Basi nao wakirejea kwetu huja wanatuomba kura zetu.

James Kuria: Na ni undu wa uguo-ri,

Translator: Na kwa sababu hiyo,

James Kuria: kuri atongoria ta mutongoria wa bururi,

Translator: kunao viongozi kama kiongozi wa nchi,

James Kuria: acokaga kuhuthira mbeca cia thirikari, na mitokaa ya thikari gwika campaign u hindiria e raiya hau hari nia ngona ni ihatia rikuraguo ri ho.

Translator: basi yule akirejea kama raiya, bado huendelea kutumia kama ni magari ya serikali, pesa za serikali, mali ya serikali kutumia kufanya ile campaign yake. Na mimi kwangu naona hiyo ni makosa makubwa.

James Kuria: Ni undu wa uguo-ri,

Translator: Kwa sababu hiyo,

James Kuria: ngakiona ati ni kwagiriirwo njuge haha he Commission ya guthundeka Gatiba itu,

Translator: basi naona inafaa basi binafsi niweze kutoa mbele ya Commission ambayo iko hapa,

James Kuria: Magerie uria mangika, githurano giakinya, kwa vunjwo bunge, gukatwika gutiri mundu wi rutha kuhuthira indu cia thirikari, na mitokaa ya thirikari, tundu ni atuika raiya, kinya hindi iria agagithurwo ringi na athurwo e mutunguria.

Translator: Basi iwekwe kwenye Katiba ya kwamba, huyu kiongozi ambaye tayari ni mwanainch sasa, asitumie mali ya serikali au mali ya wananchi hadi atakapo kuwa amechaguliwa tena kama kiongozi.

James Kuria: Undu ungi wakwa wa keri ngugweta uhuru wa mathibitari maitu,

Translator: Jambo lingine ningeliongeza la pili ni kuhusu hospitali zetu,

James Kuria: thibitari citu ni iria turutaga igit iihui raiya,

Translator: hospitali zetu ni zile ambazo sisi raiya tumetoa kodi,

James Kuria: na twarikia kuruta igit iiu, wathii thibitari, ukari raini, ukari inu ikarika, ukara ya kandi, ukari iria ingi, riria urikinyirirwo ni guthia ukaheo ndawa, thaa igakurwo iri thiru munu.

Translator: Tunajua hata baada ya kutoa kodi na kulekezwa katika hizi hospitali, sisi wananchi tunaenda pale, unaingia kwenye mlolongo, unapanga laini, unatoka kwa hiyo, unapanga laini ingine, unatoka kwa hiyo, unapanga laini ingine, unatoka kwa hiyo, unapanga nyingine, na badaye ukirudi angalia wakati unapofikiwa, masaa, yameenda sana.

James Kuria: Tugacoka wathii kwa ndawa ukeruwo gutiri ndawa, thii ukagure ndukaini, kana uthii gwi private doctor.

Translator: Badaye ukisha fikia pale pahali pa kupatiwa dawa, unaambiwa hakuna dawa, basi nenda ukanunuwe kwenye duka au uwende kwa daktati ambaye ni private.

James Kuria: Ngakyuria ati riri, tundu ni turutaga igit-ri, dawa ni ki gitumaga hindi ciothe ciage mathibatari maria turutagira igit?

Translator: Basi nauliza hivi, kwa sababu tunatoa kodi, je mbona hospitali na zahanati zinakosa madawa, na tayari tumetoa kodi?

James Kuria: Private doctor agakoruwo ni we wina hinya gukira thirikari nokuwo ungonera ndawa.

Translator: Yule daktari wa kibinafsi anakuwa basi ni kama ana kiwango zaidi ya serikali kwani huyu daktari wa kibinafsi ana dawa.

James Kuria: Nariu nake private doctor wathii kuri we, agatigirira ati ni amenya thibitari iria ingeguteithia gutiri ndawa.

Translator: Basi na huyu daktari wa kibinafsi ambaye ni private doctor anajua ya kwamba mahali ulikoenda kwa hospitali zile za serikali zingekusaidia, tayari anajua hakuna dawa huko.

James Kuria: Aga kigumira agakwenderia dawa ici goro muno,

Translator: Kwa hivyo anajikakamua yeya madawa kwa bei ghali sana,

James Kuria: na riu uguthiaga thibitari cia thirikari ni getha uteithike.

Translator: na sasa ulikuwa hapa wali ulikuwa unaenda kwa hospitali ya serikali ndiyo uweze kusaidika.

James Kuria: Riu-ri nga kiona atiriri,

Translator: Kwa hivyo hapa naona hivi

James Kuria: gutire uteithio thirikari ituteithagia thiinii wa mathibitari maitu na kugithundikwo tukiagirirwo ta ithuwi andu aingi matiri hinya wa mbia tuthiaga cia thirikari ni undu wa uria tutari na hinya wa mbia.

Translator: Tunaona tumekuwa tumekosa usaizizi kwa kutoka hospitali za kiserikali, na kwa sababu tunaendelea kutoa kodi, tungependa Katiba iyangalie ihakikishe ya kwamba, sisi ambao hatuna nguvu zaidi tunafaidika kwa hospitali za serikali.

James Kuria: Makwa no macio.

Translator: Yangu ni hayo tu.

James Kuria: Asanteni sana.

Translator: Asanteni sana.

Com. Kabira: Asante sana bwana James Kuria. Margaret Wambui eku? Margaret Wambui **Translator:** Mwangi, you are there?

Margaret Mwangi: ni ndiramugeithia inyui othe na Ngai akumio. Amen!.

Translator: Nimewasalimu nyote na sema bwana asifiwe. Amen.

Margaret Mwangi: Kwa njina naitwa Margaret Wambui Mwangi

Translator: Naitwa Margaret Mwangi kwa jina.

Margaret Mwangi: Mimi ni mwenyeji wa Tigoni, na hapa Tigoni mimi hasa na hudumu kwa mambo ya masomo. Na kwa hivyo langu hapa sasa linahusu sana kwa upande wa masomo. Na ninapoanza ninamshukuru Mungu kwa sababu tunaona haya mambo sasa kama ya Commission hii ikifanyika mionganini mwetu, tukawa huru kunena mambo hatungeweza nena otherwise. Sasa hata hii kama tungizingatia hii misingi Mungu ameweka juu yet hatungekuwa na hii taabu yote ya ku- change Constitution kurwo ni twa thingatire uria riathani ria Ngai riugite,

Translator: Kama pale awali tungeweza kuzingatia vile amri na sheria za mungu zinavyo sema,

Margaret Mwangi: Umuthi uyu tutingiri na mihango miingi muno ya gutinda tugicenjia Constitution na maria mangi.

Translator: Basi leo hii hatungekuwa na shughuli nyingi za kuweza kugeuza Katiba na halikathalika.

Margaret Mwangi: Tondu maundu mothe mangithiite wega.

Translator: Kwa sababu mambo yote yangeenda swari.

Margaret Mwangi: Tikuga ati Constitution iria yari mbere ati ina mahitia maingi munu,

Translator: Sisemi ya kwamba ile Katiba ambayo ilikuwepo hapo awali ina makosa mengi,

Margaret Mwangi: no maria maingi mega muno ni magire kurumiruwo

Translator: lakini yale mengi bora zaidi ya mekosa kufwatwa.

Margaret Mwangi: Kuguo nii una ingiuga ati,

Translator: Kwa hivyo ningaliomba hivi,

Margaret Mwangi: una mbere ya gucenjia Constituion-ni

Translator: hata kabla tubadilishe Katiba,

Margaret Mwangi: twambe twitikire gucenjia ngoro citu.

Translator: tuanze na kukubali kubadili roho zetu.

Margaret Mwangi: tundu una twacenjia Constitution-ni,

Translator: kwa sababu hata tukigeuza Katiba,

Margaret Mwangi: ngoro citu iri ouguo i hana,

Translator: roho zetu ni vile, vile,

Margaret Mwangi: Constituion iyo di gututeithia.

Translator: basi ile Katiba, basi haitatusaidia.

Margaret Mwangi: Nakuoguo i ngiuga ati riri,

Translator: Na kwa hivyo ningaliomba hivi,

Margaret Mwangi: twiyuria ati-riri

Translator: tujiulize hivi,

Margaret Mwangi: na muingi wothe wa bururi wi yurie haria tworiire ni ha.

Translator: na wananchi wote wa Kenye wajiuilize hivi,

Margaret Mwangi: Tworiire ha?

Translator: Je ni wapi tulipopotea?

Margaret Mwangi: Wambere tworiire ni undu,

Translator: Ya kwanza tulipotea kwa sababu,

Margaret Mwangi: hindi iria Ngai atuheire bururi uyu,

Translator: wakati Mungu alipotupatia nchi ya Kenya,

Margaret Mwangi: a tuheire bururi uyu tutungatire andu aria angi,

Translator: alitupatia ndiyo tukaweza kutunza hata wenzetu,

Margaret Mwangi: O hamwe na bururi witu

Translator: pamoja na nchi yetu.

Margaret Mwangi: no ni gwacokire gugioka undu ungi

Translator: Lakini ile badae kukabadilika, kukawa na jambo lingine.

Margaret Mwangi: Ati twa giriiruwo guthiii githomo,

Translator: ya kwamba twende kwenye masomo,

Margaret Mwangi: ni guo twathoma tukandikwo wira,

Translator: Na ndiyo tutakapo pata elimu basi tuajiriwe kazi,

Margaret Mwangi: Na niguo tutonge.

Translator: Na ndio tuwe matajiri.

Margaret Mwangi: kuguo riu mwana agithii nathari,

Translator: kwa hivyo mtoto anapoenda nursery siku ya leo,

Margaret Mwangi: athiaga ena meciria ma uria agatonga.

Translator: anaenda tu akiwa na mawazo ya vile atakavyokuwa tajiri.

Margaret Mwangi: Nu ndathiaga ena meciria ma uria eguthoma na niguo atungatire bururi wao na andu a bururi wake.

Translator: haingii pale shule akiwa na mawazo ya jinsi atakavyojitunza ye ye mwenyewe na atunze nchi yake na atunze

wanainchi wenzake.

Margaret Mwangi: Na undu ucio una duri na mwana wiki,

Translator: Na kwa hivo lile jambo halina mtoto peke yake tu,

Margaret Mwangi: uui kinya kuma kwi muciari,

Translator: Iko hata na yule mzazi,

Margaret Mwangi: tundu ni we umuiraga thii ugathome niguo otonge.

Translator: kwa sababu yule mzazi ndiye anamwambia mzazi nenda ukasome upate elimu ndio uwe tajiri

Margaret Mwangi: Akora mwarimu niwe wahang’ire muno,

Translator: Akipata mwali pale anapata ndie aliyo na shida zaidi,

Margaret Mwangi: agicaria utonga.

Translator: akijaribu kutafuta ule utajiri.

Margaret Mwangi: Ati mahinda maingi mwarimu e kuria mbiacara ciake.

Translator: Na nyakati nyingi tunapata mwalimu pia ameenda shughuli zingine.

Margaret Mwangi: Nake agathii etikitie uguo noguo kwa giriirwo gukorwo.

Translator: Nayeye mtoto akienda anaenda ameamini vile vile ya kwamba ndivyo inavyo stahili.

Margaret Mwangi: Riu nii inguria commission-ni uu,

Translator: Kwa vivyo mimi ningaliuliza Commission namna hii,

Margaret Mwangi: Metikire magarure policy ya githomo.

Translator: Commission ikubali ya kwamba, katika Katiba tugeuze policy ya elimu.

Margaret Mwangi: Na ni guo mwana agithii kuingira nursery,

Translator: Na ndivyo mtoto hata akienda kuingia pale shule ya mwanzo, nursery,

Margaret Mwangi: agathii guthumithio meciria ma gutungata bururi wake.

Translator: na ndio hapo, ndiyo siku za usoni waweze kuchukua kutunza jinsi wazazi wao walio waonyesha.

Margaret Mwangi: No riu maturity thukuru,

Margaret Mwangi: ati macoka guthii kunengerwo responsibility,

Translator: hata wakienda kupewa kazi zingine,

Margaret Mwangi: matirahotana na responsibility ingi.

Translator: hawajui kuchukua zile kazi.

Margaret Mwangi: Na githomo gitari na responsibility ni gia tuhu.

Translator: Na masomo ambayo hayana ujukumu basi hayafai.

Margaret Mwangi: Na kwoguo nii no njurie policy iyo nginya icenjwo ya ngiya uria ciana irirutaguwo uhuru wa gu- take responsibility.

Translator: Kwa hivyo mimi ningaliomba, kwanza watoto waweze kufunzwa hata jinsi ya kuweza kuchukuwa jinsi ya ujukumu.

Margaret Mwangi: Unakurwo ni cukuru,

Translator: Hata kama ni pale shule,

Margaret Mwangi: uria ithui twathomaga tene tugithumithagio kwoya responsibility cia thukuru, guthambia cukuru, kurenga nyeki, gwika maundu maria mangi,

Translator: Vile tulivyoelemishwa na tukaonyeshwa jinsi ya kuchukuwa majukumu, shule kukata nyasi, kufanya kazi mbali mbali,

Margaret Mwangi: tondu mahinda maria maingi mena mwarimu.

Translator: kwa sababu wakati mwingi ni yule mtoto mwanafunzi yuko na mwalimu.

Com. Kabira: Thank you very much, thank you. Mary Njoki Mungai. Mary Njoki arumirirwo ni David Ng'anga Muthee e guku? Your there? Kuguo niwe ugocoka after her, and them Stephen Waweru. Stephen Waweru ekuo, UDPK, he has gone out, then James Njenga, kuguo niwi uguka thutha wa David Ng'anga thank you.

Mary Njoki: Thank you commissioner and CRCK the fellow citizens. Mine is very brief because the previous people those who have talked here, they have talked much of which I wanted to talk and (you noted my name?) Mary Njoki Mungai. I thank my fellow commissioner Mrs. Wanjiku Kabira, she is my tutor, because of civic education and mine is very brief, and my concern is for women. What I would like to say about the women is that women, we are so backward. Especially in Kiambu district, let me call it. I am there and we are so backward, because like when we are doing the civic education, I am one of the providers of the civic education in the constituency. We have seen women that are not participating fully. Wanawake hawakuji kwa masomo. So we are so backward and we would like women to participate fully.

I would like to say that adult education should be continuous and be added in the constitution, because our women are so illiterate. When I say that please bear with me, because our women, ni wengi sana wanaweka kidole, because hawajasoma.

Kwa hivo turudishiwe ile ilikuwa inaitwa Adult Education. I think that is very important. The other thing is that this civic education, should be a continuous process. Tujuu maana ya civic education ni nini. Aata kama katiba imeisha, tuwe tumeendelea nae. The other thing is that hii civic education mbeleni at miaka ile ya mbele ilikuwapo ilikuwa inaitwa civic only without education. I think when I say that Wanjiku, you bear with me before it was called civic and it was there. So, hii civic iendelee kabisa, hata kama election imefanywa. What I can add on that is that we don't mix the civic education and the election. So the election has to be there and the civic education has to be there. It has to be continuous.

The other thing concerning NGOs. The NGOs to be given that mandate to have that civic education because the NGOs when they were given that mandate, they are the people who can give us that civic education fully. We understand what is civic education, so that is why we are asking this process to continue as a continuous process.

The other one is this Forest. We come to the Natural Resources. We have to protect our forests because so many people you have seen at Kinari, where people are selling trees like anything else. The president said, we are not going to sell the trees. We are still seeing the saw mills are continuing. So we have to put that as a mandate. If we are not selling our trees, we are not going to sell the trees.

The other thing is when we go to polling stations. When we go to polling stations where we are voting, I recommend this constitution to state that, where we are voting is where we are going to count our votes. We don't transport them. When we are transporting those votes, that is where people somewhere steal our votes. So pahali ile tunachaguliana, ndio tunahesabia kura.

The other thing is hawa watu wa kuchuna kahawa na majani. Wamefinywa sana na ndio tuko nao wengi sana hapa. Hiyo constituion iweke maanani, ati, hao watu wawekewe kiwango ya ile wakivuna kahawa wananyeshewa, si unaona kunanyesha sasa, ndio wananyesewa, kabisa kabisa. Sisi hatunyeshewi wale wanafanya kazi nzuri. Hawa wapewe pesa nzuri, kama yule mtu clerk. Kwa maana hawa ndio wale watu wako na maana sana. Kwa hivyo constitution, iwekwe maanani na iwekwe watu wa kuvuna kahawa, na kuvuna na wa kuvuna majani wawekewe kiwango chao cha pesa.

Ile ingine ningependelea sana sana, ni ile ya president. Tunasema tutachagua president, na tunaona mwaka huu, ile next election tutachagua mwanamke awe she. Kwa hivyo huyo mwanamke au mwanaume, hatusemi hati ni ati mwanamke tunachagua, tunasema he or she, awe ana tabia nzuri. Awe ni mtu ana nyumba yake. Achunguzwe ajulikane, huyo mama au huyo bwana ana watoto wake na nyumba nzuri. Hiyo ndiyo tunaita upright behaviour. Awe na tabia nzuri, good manners.

Kwa hivyo, ningependelea ingine, hii ya utility property. Hii barabara tunaona utility ndio inaleta shida sana, mnaona wale local government, ndio wanapeana hiyo utility sana. Na wana peana vile wanajuana. Tuweke hiyo constitution iweke hati hakuna public utility inaweza peanwa. Kwa maana ikipeanwa unaona wengine wanajenga barabara hapa, na ni nyumba ya gorofa anaweka, hiyo tuwe to abolish kabisa, hiyo ya public utility, tuseme hakuna public utility itakuwa ikipeanwa, na inapeanwa na

ma-councilors. Kwa hivyo hiyo mimi ndio naonelea iondolewe kabisa kwa katiba, iwe kwa local government and waambewe na iwekwe maanani, hakuna kitu kama hiyo.

Ya mwisho kabisa, kabisa, ni ile ya kupeyanwa title deed. Kama skuli hii tunasomea hapa, sasa, inaitwa Limuru Primary School, ikiwekwa ikijengwa, wakianza kujenga, inapewa title deed yake yakusema, hii ni Limuru Primary School na title yake. Kwa maana mtu mwengine next year, atakuja asema tilte yangi ilikuwa hapa, kwa hivyo tukipewa hiyo school school zikianzwa, mnaweka title deed, head master na P.T.A wanaenda Kiambu au pahali ambapo wanachukulia wanapewa title deed ya hio skuli. Kwa hayo machache, asanti sana. Thank you very much.

Com. Kabira: Thank you very much, Mary Njoki, David Ng'anga.

David Ng'ang'a: Jina langu naitwa David Ng'ang'a, mkaazi wa Limuru. Sasa nitaongea kwa kikuyu.

Translator: Kwa majina ni David Ng'ang'a ambaye ni mkaazi wa Limuru.

David Ng'ang'a: Nitaongea juu ya mamlaka ya rais ambaye anaongoza katika tume letu.

Translator: Atazungumuzia kwanza kama alivyo sema, mamlaka ya raisi.

David Ng'ang'a: Ndirambiriria kwaria uhuru wa raisi uria utungoragia bururi uyu witu wa Kenya.

Translator: Kama alivyo taja atazungumuzia kuhusu raisi ambaye anatawala nchi ya Kenya.

David Ng'ang'a: Ni undu wa gukurwo ena hinya mwangi nginya agatha bururi witu nuria we akwiyendera.

Translator: Kwa sababu ya kuwa na nguvu zaidi hata anatawala nchi jinsi anavyotaka mwenywewe.

David Ng'ang'a: Una hakuhi gwituwa ta Ngai.

Translator: Hata labda kujisawazisha na Mungu.

David Ng'ang'a: Na gutiri mundu wa guku thii wagiriirwo gutwika ari iguru ria watho u tiga Ngai ithe wiki.

Translator: Namna yejoto ambaye ni binadabu ambaye anastahiliwa kujisawazisha na Mungu na kuwa juu ya sheria.

David Ng'ang'a: Kwenda gatiba iria iguthundekwo akorwo raisi atari iguru wa watho tundu ni ithuwi tumuthuraga na ni muruti wa wira.

Translator: Ningaliomba katiba ambayo itakayoundwa sasa iwe raisi hayuko juu ya sheria, ya kwamba awe chini ya sheria kama wengine kwa sababu sisi ndio tumemchagua.

David Ng'ang'a: Na gutiri mundu wairiire gutindaga akirwo ati ari iguru iguru munu, na muthiaini agacoka kuga ati ni muruti wa wira.

Translator: Hamni mtu yelete ambaye anastahiliwa kuwa anaambiwa ati yeo yuko juu juu zaidi na badaye anasimama mbele yetu kutwambia ati ya kwamba yeeye ni mtumishi wetu.

David Ng'ang'a: Riu ni ngocoka njarie uhuru wa mbeca iria tuhuthagira thiinii wabururi witu wa Kenya.

Translator: Na sasa nizungumuzie kuhusu pesa ambazo tutatumia katika inchi yetu ya Kenya.

David Ng'ang'a: Unacio ngugaga watho uria uguthundikwo itikanacoke kwandikwo kuhurwo mbica ya mundu nu ciakirwo mapu ya Kenya.

Translator: Ningaliomba pia pesa ya Kenya isirudi kuwekwa picha ya mtu yelete, ila iwekwe ramani ya nchi ya Kenya.

David Ng'ang'a: Tundu mundu riria ekirwo, mbeca iritindaga ikigarurwo ni undu uria waneneha ningi tugathie hathara ya gucithondeka.

Translator: Kwa sababu wakatu tunapoweka picha ya mtu fulani, kila tunapopata kiongozi mpya, basi angalipenda inakuwa picha yake na kila mara tunatumia fedha kwa wingi sana tukitengeza pesa mpya.

David Ng'ang'a: Riu ningi, ni ngucoka njarie uhuru wa thibitari kuria mioyo ito ithundikagirwo.

Translator: Nizungumze pia kuhusu hospitali, ambako ni mahali ambako tunaenda pia tunaundwa.

David Ng'ang'a: Thibitari, niyu yagiriirwo ni gukurwo ikirihio raithi, tundu niyo ithiyagwo ni mundu wothe, muthini.

Translator: Hospitali ni mahali ambapo panastahiliwa kuwa pakilipwa pesa ndogo kabisa kwa sababu ni mahali ambako maskini yelete anaenda.

David Ng'ang'a: Na mbeca iria cikurihika thiinia wa thibitari, igoti nirio rikuragwo rirutitwo ni andu a Kenya.

Translator: Na pesa ambazo zinatumika katika hospital, ni kodi ambayo huwa tayari imetozwa wana Kenya.

David Ng'ang'a: Undu uria ungi ingicoka njuge, ni uhuru wa local government.

Translator: Jambo lingine ningalotaka kutaja ni kuhusu serikali za wilaya.

David Ng'ang'a: Ni o makuragwo makigaya maploti.

Translator: Nayo local government ndiyo huwa inagawa maploti.

David Ng'ang'a: Na nakyo kwathire uhuru wa wiici,

Translator: Na ndiyo hata tunapata wizi umezidi.

David Ng'ang'a: riu inguya watho ucio ugarurwo irugamagirirwo ni thrikari.

Translator: Ningalisema hii sheria igeuzwe na iwe ile serikali kuu, central government ndiyo itashiklia ugawaji wa ploti.

David Ng'ang'a: Na itikanacoke gutwarwo wabici ya raisi.

Translator: Na hii isiwe inapelekwa pia katika ile offici ya raisi.

David Ng'ang'a: Tundu kuu ni kuo wiici wingihaga.

Translator: Kwa sababu pale wizi ndio unazidi, na tunapata corruption ndiyo inakuwa zaidi.

David Ng'ang'a: Ikuragwo ikirugamirirwo ni thrikari iyu iki, tundu niyo ithundikitwo ni raiya.

Translator: Basi serikali iwe ndio peke yake inasimamia kuhusu ugawaji wa maploti, kwa sababu ndio imesimamiwa na raia.

David Ng'ang'a: Na aria othe maiyite iwanja cia muingi.

Translator: Na wale wote ambao tayari wamenyakua viwanja ambavyo ni vyta wanainchi.

David Ng'ang'a: icokio.

Translator: Basi nayo irudishwe.

David Ng'ang'a: Na aria othe macomissioner ni marandika?.

Translator: makamishna maulizwa kama manaandika (laughter) wanaskiza asante.

David Ng'ang'a: Mathii nambere kuigwa.

Translator: Wanaskiza.

David Ng'ang'a: Andu aria othe magwetirwo thiinii wa parliament ni undu wa corruption,

Translator: Wale wote ambao waliweza kutajwa katika bunge kuhusu ufisadi,

David Ng'ang'a: u nakorwo ni rais,

Translator: hata kama ni rais mwenyewe,

David Nga'ang'a: una mutongoria owothe,

Translator: hata kiongozi aina yejote,

David Ng'ang'a: na ni agwetetwo kuiya,

Translator: na ametajwa katika ufisadi, wizi,

David Ng'ang'a: nii nduria katiba igarurwo,

Translator: ningeuliza katiba igeuzwe,

David Ng'ang'a: and acio mathitwo turia aici aria angi mathitagwo.

Translator: nao wale wote washitakiwa, jinsi wezi wowote wengine wanavyoshitakiwa.

David Ng'ang'a: Riu ni gwaria uhuru wa githumu.

Translator: Sasa nitazungumzia kuhusu elimu.

David Ng'ang'a: Githomo nakio ni kiagirirwo gukorwo gita kurihwo guru,

Translator: Elimu nayo inastahili kuwa isilipwe gali,

David Ng'ang'a: tundu nikwo ciana citu cianjagiriria nathari.

Translator: kwa sababu ndio watoto wetu wanaanza kutoka nursery, hadi watakapokuwa maprofessor.

David Ng'ang'a: Naguo watho ucio uthondekwo cukuru,

Translator: Nayo hiyo sheria iyangaliwe shule,

David Ng'ang'a: tundu unayu ihana u ta thibitari.

translator: Maanake shule ni kama hospitali tuu.

David Ng'ang'a: tundu ni turutaga mbeca cia magoti,

Translator: Kwa sababu pia tunatoa kodi, na hii kodi inastahiliwa kuwa ikitosha.

David Ng'ang'a: Asanti.

Translator: Ni hayo tu, asanteni.

Com. Wambua: Mzee ulisema kuna hii pesa inapotelea kwa hii ofisi ya raisi, hukufananua sawa sawa hapo. Unaweza kurudia? Hii pesa ulisema ikipelekwa kwa offici ya raisi, sema hapo.

David Ng'ang'a: Nilisema viwanja au maploti, iwekwe seriakali iwe ndiyo peke yake inasimamia kuhusu ugawaji wa maploti

Com: Wambua: Kile ambacho hatungesikia tutakuuliza swali. Tunaskiza ndio maana unaskia tukikuliza swali. Tumwite yule ambae alikuwa ametoka Kuruma, yuko hapa? haya kuja hapa Kuruma. Mzee kitu kingine, yale maneno yote ambayo unazungumuza yanapitia kwa hiki kipaza kisauti yanaingia kwa machine, kwa hivyo hakuna neno ambayo itapotea.

Interjection: Hiyo piya imekuja.?

Com: Wambua: Hii itaingia, natutaenda kuisikiza tena huko.

Gabriel Kuruma: Thank you very much commissioners, my name is Gabriel Gaitho Kuruma, I am a retired teacher, and former public relations officer and information officer. These are my views, on the powers of the president I, propose that existing powers of president of this republic, should be retained and not curtailed further, because a weak president, and presidency will be sneered at, spurned or disobeyed by the increasingly disloyal and disputing party, society group, heads of institution and ordinary citizens who continue to take the law in their own hands in Kenya today. I state that a strong president, will be able to unify the desperate society groups, and elements and instill patriotism, which is necessary for further development in a free, independent and sovereign state.

I propose that the future president should be empowered constitutionally to appoint his cabinet, vice president, and or prime minister. The chief justice, the chief of the armed forces, the commissioner general of police, the permanent secretary, the Kenyan ambassador but not the heads of parastatals. He should not be empowered to select or to appoint the heads of both. All other officers and public servants, should be appointed by their respective commissions. For example the Higher Education Commission, which I propose should be empowered to appoint the vice chancellors of all public universities.

I propose that the president should not be a figure head in this complex multi racial, multi ethnic and multi party society and should be empowered to declare a state of emergency in a politically and or socially disturbed city, district or province or the whole country if disturbances, or conflicts or violence is wide spread and if the security state is threatened internally or externally.

I am coming to my last point. I am not taking long myself, I read in summary. I come to the subject of Permanent Kenya Ethnic Peace Commission. Is the subject of my proposal. I then propose that a permanent Kenya ethnic or a type of this commission should be provided for by the new constitution to spearhead programs herewith establishing government peace between minority and majority ethnic communities and clans. This Ethnic Peace Commission assisted by law administrators and police should monitor the close current of ethnic communities and advise the central government accordingly and peacefully, especially after receiving the early signals of violence and disturbances. This commission, will function instead of a local or regional assembly in a majimbo system of government, to which I am strongly opposed in view of the impossible high cost to the tax payer, such a system entails.

My commissioners and fellow country men, I would have wanted to comment on a range of topics which are relevant to a new constitution but I chose to concentrate on the subjects or topics which are of continuing interests to first, the people of Kenya. The office of the president, his powers, and his excellency and the matter is at least solved. Thank you. (clapping)

Com. Wambua: Asanti sana, thank you very much bwana Kuruma. Sasa tutamwita Stephen Waweru. Stephen Waweru yuko? Stephen Waweru hayuko basi tumwite James Njenga. Yuko? Haya kuja hapa James. John Ngigi ako wapi? James Njenga, unazungumza? Lakini utazungumza?

Interjection: Hapana.

Com. Wambua: So we tick that one out. So John Ngigi endelea sasa.

John Ngigi: Commissioners na wanainchi wenzagu, hamjambo? Jina langu ni John Ngigi Muthuku. Kwanza nitaanza na mambo ya utawala. Mimi ninaonelea katiba mpya, itangaze wazi kazi ya assistant chief, kazi ya chief, kazi ya DO, iwe imeondolewa. Badala yake kuwe na councilor kwa location. Kwa hivyo sub-chief hayuko. Badala ya DO, tuwe na mjumbe wa tarafa fulani, kwa hivyo DO hayuko. Nikija juu ya chief, chief lazima awa ni mtu anaye chaguliwa na wanainchi, na ikiwa katiba mnataka iwe safi, Chief awe ni mtu wa makamu, asiwe ni kijana wa mwika ishirini na tano au thelathini. Manake, inasikitisha, kama mi mzee hivi, ni kienda kwa chief, ninamiaka sitini, tumekosana na bibi yangu, nitamwambiaje mtoto wa miaka thelathini. Kwa hivyo ni lazima awe ni mtu amechaguliwa, lakini awe ni mtu wa makamu. Na ikiwa imechaguliwa chief atakuwa atawahudumia watu kwa sababu anajua wao wenyeji watamfukuza.

Ningetaka kitu kimoja kusema hapa. Ile sheria inayowezesha kina polisi kukamata watu ati ni walevu, wamechelewa usiku njiani, iyondolewe. Kwa sababu, inapofikia mwisho wa mwaka, tunaona watu wanaenda malesensi ya pombe, na ma-bar haya yote yanajaa hapa, yanajaa kamirithu, Ngarariga, na kwingineko, yamepewa licensi na serikali, halafu serekali inasema, kuna sheria mtu asilewe. Kuna pombe ambayo haileweshi mtu? Kuna sheria, kuna pombe?

(clapping). Kwa hivyo ikiwa sheria pombe inapewanwa licence na serikali, katiba ileze wazi wazi, kwamba mtu akinywa pombe akilewa asikamatwe. Kuna maana gani? Kuna maana gani nauliza jamani, mtu anapewa barua ya kunywa pombe na asilewe, ni wapi hapo ilipatikana? Hiyo tunaomba katiba mpya, muiweke sawa sawa (laughter).

Kitu kingine ni kwamba, siku hizi tunasikia mambo fulani. Watu wamekufa kwa sababu ya kunywa pombe za kumi kumi, na wengi pia wanapofuka hawaoni. Hii mambo zamani haikuwepo, kwa hivyo katiba mnayotaka kutengeneza, mhalalisho pombe za kienyeji inayo tengenezwa sawa sawa. (laughter and clapping). Pombe inayo tengenezwa sawa sawa haiuwi watu, ili mtu ambae hajimudu kifedha, aweze kunywa hizo pombe za kienyeji. (mur mur).

Jambo lingine, ningeonelea kwamba, ili ujisadi uishe, nchini, kuwe na kikosi maalum ambacho kitakuwa kinatembea barabarani kuona jinsi watu wanavyo wapa polisi pesa wazi wazi, hakuna kufichana hapa. Hicho kikoso kiwe kinatembea hata kwa miguu kujiona. Tuingilie kujifanya kwamba wanaenda kutafuta title deed katika maofisi ya mashamba, ambapo ujisadi umejaa. Kiwe kikifanya kinaenda kutafuta, hali ya Chief, kwenye mahakama ambapo ujisadi umejaa, na hao watu watakamatwa na watakwisha. Katika idara za polisi, ujisadi ndio umejaa, idara ya uhamiaji, idara ya mashamba, huko ndiko ujisadi umejaa.

Jambo lile lingine ambalo nataka kugusia kidogo, ni kwamba rais ambae tunaemtarajia awe raisi wetu mwaka ujao, awe ni rais amabae anaweza kustakiwa kotini. Raisi asi kuwe juu ya sheria, na yeze ni binadamu. Hata kama mali ya uma imeibwa, pesa za uma zimeibwa, mashamba yamechukuliwa, uchumi umezorota, akiwa raisi lazima ashitakiwe kwa makosa hayo. Kwa sababu ndie alikwa kiongozi wa inchi. (claapping)

Jambo lile lingine nataka kusema ni kitu ambacho sijasikia hapa mtu akikitaja. Mnamo mwaka wa 1954, baada ya immergeency kuwepo, mashamba ambayo yaligawanywa na kukawa vizingi kila mali, popote ambapo kulikuwa na Wakikiyu. Kwa hivyo kutoka mwaka wa 1954, mpaka sasa ni kama miaka arubaine na sita. Tukihesabu watu waliokuja wakawekwa kwenye vijiji ni wengi sana. Kama walikuwa watu elfu kumi, sasa wamekuwa labda elfu mia ine na sitini. Kwa hivyo maoni yangu na kuuliza makhamishna, sheria ambayo au katiba mnataka kuunda, ifikirie watu waliopo kwenye vijiji kupewa mashamba. Kukosa hivyo, mda si mda kutakuwa na ulagai mwingi sana katika nchi yetu. Kwa sababu watu wengi, hawatakuwa na kazi, hawana nyumba, hawana pesa, hawana mashamba, kwa hivyo kazi watakayo fanya ni kuharibu nchi hii kwa wizii, umalaya, na mambo mengine, mengi mengi zaidi. Katiba mseme watu walioko vijijini vile vilivyo wekwa na mkoloni, zimalizwe.

Watu hao wote wapewe mashamba. Hilo ni jambo lingine.

Kitu kingine ambacho nataka kusema, ni kwamba habari ya makesi ya mashamba, yaondolewe kwa mawakili na jaji, yapewe wazee wa vijiji amba ni watu wanaofahamu ardhi fulani ikatoka wapi, nani aliyekuwa mwenye ardhi hiyo, watu wa jamaa hio ni nani na nani? Kwa hivyo iyondolewe kwa mawakili. Pengine mimi ni mkikuyu na mhindi anakuja kunifanya kesi ya shamba. Ataelewajee? Pesa tuu. Ni mjaluo, anaelewaje maneno ya kikuyu ya mashamba? Hajui. Kwa hivyo ipewe jukumu ya wazee, badala ya kwenda kotini kwa majaji.

Jambo lingine, ningependa kuuliza commission hii ione katiba tunayo taka, offisi ya audit general na judiciary, mahakama na commission inayo simamia uchaguzi iwe ni idara inayo jitegemea yenye. Si idara ya kuchaguliwa na mtu. Auditor General amechaguliwa na raisi. Kwa hivyo offisi ya raisi, kama kuna makosa fulani fulani, huyu mtu anae fanya makosa, auditor general hawezi kum- sack. Auditor general awe na nguvu ya kumshtaki kama zamani. Commissioner wa uchaguzi, awe ni mtu amechaguliwa na bunge, Auditor General amechaguliwa na bunge na uwezo wote uwe kwa bunge. Akifanya makosa bunge linawenza kumhukumu, lakina mtu ambae anaiba mali ya uma, akipatikana na Auditor General, iwe na nguvu ya kumshtaki, si lazima apelekwe kwa polisi. Kwa hivyo nasema khamati ya uchaguzi, na Auditor General ziwe zikichaguliwa na bunge sio rais.

Jambo lingine na ambalo nataka kumalizia malizia, ni kwamba picha ya rais yeote, iondolewe kwenye pesa. Badala ya picha ya rais kuwekwa, kuwe na picha ya Mt. Kenya si rais. Pesa hizo kama mzungumzaji mmoja alivyo sema haitakuwa ikitugarimu kitu chochote, kwa sababu pesa itakuwa pesa ni ile ile. Na napendekeza picha ya raisi haina maana yakuwekwo kwenye mabiashara. Haina maana. (clapping).

Ni kigusa hali ya elimu kidogo, ni kwamba, elimu lazima iwe ya bure. Kodi inayolipwa na wanainchi, inatosha kulipia watoto wetu shule, kutoka darasa la kwanza hadi la nane. (bell rings). Ikiwa ni secondary, serikali ianza either sharing na mzazi na serikali, wanagawanya garama ya kuelemisha mtu katika secondary school na hata university. Sitaki kupotezea wanainchi saa, kwa sababu saa zimekwisha, lakini na shukuru kwa wanainchi kunisikiliza.

Com. Wambua: Kama kuna jambo fulani ama swala ambayo limetajwa na mtu ongezea nguvu kidogo tuu manake tayari tumeirecord. Usirudie manake tutapoteza wakati. So kama tayari ametaja jambo fulani, ongezea nguvu kidogo alafu endelea na yale mengine. Namuita Rosemary Wangari, yuko? Rosemary Wangari, Wendani Women Group.

Rosemary Wangari: Jina langu ni Rosemary Wangari, na ile kitu ningeongeza ni Land and Property rights. Akina mama na watoto wamekuwa na shida miaka mingi sana, ndio wakina mama wali keti na wakaonelea ni vizuri kuzunguza juu ya hii mambo. Female, offspring regardless of marital status, should be entitled to inherit family properties including land without discrimination. Naenda nikiruka. The title deed of family land should bear the name of both husband and wife. The title of 99 year lease of land in Kenya should be abolished and Kenyans should be given free hold ownership of land for posterity. There should be a constitutional land commission with 50% women representation. According to the management of local resources, a local committee to manage local resources and their respective community level should be established and the members should be elected by the community. According to defense and national security, parliament should be given the responsibility of national security and be entrenched in the new Constitution. One third of the parliamentarian should have a role of assessing emergency powers. Local conflicts, restoration connecting with at list 50% with the representation of women should be established in security prone areas.

Com. Kabira: Thank you very much Rosemary Wangari, natutatarajia wale watao fwata wata fwata nyayo. Uguusie tu kidogo kama yametajwa halafu tuyu record. Mwangi Macharia, yuko? Mwangi, kuja hapa Mwangi.

Mwangi Macharia: Maguthii wega.

Translator: Basi itakuwa ni sawa basi.

Mwangi Macharia: Katiba inu i githundekwo,

Translator: Katiba hii ikiendelea kuundwa,

Mwangi Macharia: Ungitwiria munu ni ukwona atongoria aria twi nao nu aria manjiriirie 1963 na ni tuthuranaga.

Translator: Ata kama tutachaguwana, basi tuwe na graduates.

Mwangi Macharia: Na acio a mbere othe me here.

Translator: Na wale wakwanza wote waondoke.

Mwangi Macharia: Secondly,

Translator: Jambo la pili,

Mwangi Macharia: ni getha watho wikirwo wa detaining without trial nigetha acio maraturite ho mahurwo thiini.

Translator: Na ndio sheria iwe ya kwamba wale amba walikuwa viongozi wote watupwe ndani.

Translator: Watu wa hapo wawekwe ndani hata bila kesi.

Mwangi Macharia: Wona twa cokerio ithaka, ibutwo yeherio.

Translator: Basi tukirudishiwa mashamba basi ile nayo iondolewe. (laughter)

Anamaanisha ya kwamba katika katiba iwekwe sheria ya kwamba wale amba ni matajiri kwa sasa na ni viongozi, wawekwe ndani koro koroni bila kesi, yeyote wala mahakama yeyote na baada ya kurejesha mashamba kwa wanainchi basi ile sheria iyondolewe na waachiliwe (lound laughter).

Com. Wambua: Asanti sana bwana Macharia. Tutamwita John K. wa Kuri. Yuko?, okey hayuko. Basi twendelee tumwite Njau Wainaina.

Njau Wainaina: Hamjambo wote?

Audience: Hatujambo.

(Interjection): Mama tumsikize huyu mzee tafadhali.

Njau Wainaina: My name is Njau Wainaina. I don't know how the old constitution was, so I don't know what we are thinking because I thought civic education would have been taught to us. So I don't know how the whole katiba was and what we should know. Secondly there is something that we should know. The whites and the Asians have two citizenship. You find Delamere although he came here and if you ask him whether he is the one who came here, when his wife is told about the legal, he goes to Britain delivers there he is given citizenship there, and here he acquires work because he is living here. That is robbery without violence.

Interjection: Aria na gikuyu...

James Mukuria: Asante sana, mimi ndio naitwa James Mukuria Ng'ara. Ya kwanza nitazungumzia mambo ya masomo.

Masomo ni kitu moja ambayo ni ghali sana. Watoto wanasoma na miaka mingi, bei ya masomo inakuwa ghali sana. Na

akisoma, akisoma akimaliza, anakosa kazi. Mtoto msomeshe mpaka university, anaenda anakosa kazi. Ukiangalia kuna wengine wanasoma mpaka Std. 8 anandikwa kazi. Commissioners, ile katiba mnatengeneza ningewauliza muambie serikali recommendation yenu, mtoto yejote ambae atasoma afike university iwe in mandatory ama ni lazima aandikwe kazi.. Akikosa kazi katika private sector, iwe ni lazima aandikwe kazi na serikali. Sababu amesoma mpaka university, kuona akitanga tanga na bado serikali tunayo, Kenya iko tajiri, awe ni lazma aandikwe kazi na serekali, kama hawezo kupata kazi kwa private sectors.

Inginge tuingilie mambo ya sheria. Sheria yetu vile mnasikia inagusa wengine, wengine haiwagusi. Unaona mtu anaenda anaiba kuku, katika hii sheria ya soko. Huyo anawekwa ndani miaka tano. Unakuta mwengine ameiba Kenya mzima, anawekwa miezi miwili. Ningeuliza katiba iyangalie huyo mtu alikuwa ameiba kuku, aliiha hiyo kuku kwa nini? Ni njaa alikuwa nayo, akashikwa kwa bahati mbaya, ama ni wizi ya kawaida, alikuwa ameiba ng'ombe ama nini. Akiwa ameiba kuku na ameshikwa na njaa, aulizwe ni njaa alikuwa anaye. Huyo mto aachiliwe lakini apewe onyo, lakini si akiiba kuku, miaka saba. Akiiba ng' ombe kumi, miaka saba. Sheria zingine kama hizo ziangaliwe, uzito wa wizi, ama uzito wa kitu kama hiyo.

Mambo ingine ni mambo ya hii watu wameongea sana mambo ya local government. Local government, about county councils needs. Mimi ningeuliza kama serikali ingekubali, kama ni central province, sitaki kusema lakini inaweza kuwa ni kama majimbo.

Kama ni central province, tuko na majani, tuko na kila kitu tuko na ngombe, lakini pahali iko majani, hata uwezi pita. Kwa sababu barabara haipitiki, ukienda pahali iko kahawa, hakuna barabara. Ukienda kama Kinangop pahali maziwa inatoka kwa wingi, hakuna barabara. Ukienda kule Baringo, pahali hakuna kitu, ni mbuzi, kuna barabara za lami na kila kitu. Ningeuliza muulize serikali ni central province, tuwe na pesa zetu, kodi yetu ina tumika hapa. Kama ni PC anaweza geuzwa, tuwe na governor amabae ni kama kaserikali kadogo. Tukiwa na serikali kubwa pale juu, lakini kama ni central province pesa yetu iwe ikitumika hapa hapa, ndio na barabara katika pahali iko na majani, kahawa na ile pesa inapatikana, iwe inatumika hapo na tuone vile tutaweza kundelea.

Mambo ingine ni mamo ya ukulima. Ukulima kama vile watu wameongea hapa, tunasikia maziwa ingine inamwagwa uko Kinangop. Tunasikia mahindi hata kama kulikuwa na fujo sana ya mahindi. Ukulima wetu kama serikali katika constitution ile mnatengeneza, iwe kama tuko na mahindi, tusiletewe mahindi ingini yejote kutoka nje. Kama tuna mchele, tusiletewe mchele ingine. Kama tuna sukari ya kutosha, wajaluo kule wanaumia sukari inajaa kule. Sukari watu wawili tuu wanalete kutoka nje, wanaleta hapa, wanauza kwa bei ya raisi. Ya pili, kama tuna chakula yetu hapa, kama sukari, kama kitu ingine, kitu ingine isitoke nje hata kidogo. Iwe in sheria ya serikali. Hata ikiwa ni rais, ikilete sio watu wanasema mambo yake ichunguzwe ama nini, apelekwe kotini, tena hiyo ya kuletwa kutoka nje ijulikane ni ya nani, na ashtakiwe, na mambo kama hiyo. Hiyo kitu ipewe raia, ikule bure kama ameleta.

Mambo ingine ni ya mishahara. Unakuta civil servant, ameandikwa na serikali. Mtu ambae atapew shilingi elfu tatu, ni mtu ana family, ana kila kitu. Mtu mwengine amendikwa na serikali hii yetu tukufu, amepewa mshahara wa shilingi elfu mia moja,

compare that gap. Mtu moja anapew shilingi elfu tatu, mwagine anapewa shilingi 100,000/=. Labda hata huyo anapewa shilingi 3,000/=. ana watoto kumi. Yule anapewa shilingi 100,000/= ana watoto wawili. Na hawa wote wameandikwa na serikali, na wanalipwa na kodi ambayo tunatowa. Ningauliza mweke sheria, gap ya hiyo mshahara, iwe kidogo, isizidi tuseme kama yule ako chini apewe shililigi 20,000/=. Yule ako juu sana 50,000/-. Lakini isizidi hapo kwa sababu hawa wote tunanunua sukari bei moja, kila mkate ni bei moja. Hiyo gap serikali iyangalie kwa sababu inafinyilia watu wengine sana.

Mambo ya tax ya serikali tuangalie. Hawa watu wa informal sectors na formal sectors. Informal sector, kama ni mtu analima, ama biashara fulani ya ukulima nini. Wengine wanapata pesa nydingi sana. Hata income yake inakuwa kama 500,000/=. Hii hakuna kodi ana, toa hata moja. Inginge kama yule tumesema ameandikwa shilingi 3,000/= ana tolewa kodi yake na serikali. Serikali iyangalie njia ya kupata taxes kutoka kwa watu wengine, kama hawa wanaleta mitumba hapa na nini, wanapata maelfu ya pesa, na serikali hakuna kitu inapata kutoka kwao.

Inginge kama hiyo mama wamesame hapa sana, mambo ya affiliation bill. Hiyo mambo ya affiliation, tunajua ni kwa nini iliondolewa. Kwa sababu tulikuwa tunaona watu walikuwa wanaangali mtoto ndiyo huyo, amezaliwa, na mnaambiwa ni wa fulani. Msichana alikuwa anaangalia yule kijana ako na mali ndio apate hiyo. Na ndio Njonjo akangalia, wengine walikuwa wanasema mtoto wangu alafu anakuja kuzaliwa mzungu, na alikuwa ameambiwa ni wa Kamau. Hiyo tungesema hata kama mtoto amezaliwa, ni kweli lazime wawe wakigawanye garama, baba ya mtoto na mama ya mtoto, lakini serikali hiyo iyangalie kama anaweza kuwa akiwangalia kidamu kama ni wake. Kwa sababu sheria zingine, ni ngumu sana kujua. Kwa hivyo nikiwachia hapo, nafikiri hiyo maneno itaangaliwa. Asante sana.

Nikiingia upande wa umaskini, poverty eradication, ningeuliza serikali yetu ihimizwe na katiba, ya kwamba watoto, wakizaliwa wakifika miaka kumi, mtoto anakua akiwa darasa la tatu,

(interjection): Tafadhalini watu wanaopiga kelele huko nyuma tunaomba mmpe fursa azungumze.

Samsom Mbithi: Watoto wakiwa wa miaka kuma, nikusema mtoto ako katika darasa la tatu, serikali iwe ikimpatia allowance ya kiwango ya percentage kutoka percentage ya 1% -10% wawe wakipatiwa allowance ambayo watakuwa wakijisaidia nayo, na itakuwa ikiwekwa kwa matumizi ya benki tu ambayo watakuwa wakitumia. Na akifika miaka kumi na nane ambaye anaonekana ni mtoto mkubwa, awe ni automatic employee awe anaandikwa kwa serikali, au kwa parastatal, au kwa company, na apatiwe kibali ya NSSF, ile ambayo itakuwa ikimsaidia kuwa anaweka pesa ya kujisaidia badee au wakati wowote ako katika dunia hii. Na hiyo NSSF iwe posa zile ziko uko, huyo ambae amekuwa zaidi ya miaka kumi na nane, anakubaliwa kuchukuwa loan na hiyo NSSF. Isiwe ikiwekwa mpaka, mtu anakuwa mzee awu anatimiza miaka hamsini na tano au miaka sitini, ati ndio attachukuwa hiyo pesa imsaidie kufanya mambo yake. Akiwa na hiyo, akichukuwa loan anasaidika na hiyo mambo ya poverty eradiction itakwisha.

Vile vile, tungeuliza katiba ikubali au ihusishe serikali mabenki yeto yote, all the financial institutions, yakubali kuchukuwa, title deed iwe ni security ya kupatiwa loan, ya kuwezesha biashara, au kuendesha mambo ya kinyumba na kila kitu, na iyonekane ina lipwa. Kwa sababu wakati huu, title deed zile zinahusika, na zinachukuliwa niza wale watu wako na mambo ya pesa au rich men, ndio wanapatiwa tuu title deed zao zinachukuliwa kama security. Unaona kila mtu anajitahidi kupata angalau kashamba ekari moja au quater acre au a plot, na hiyo title deed yake haina maana. Ukienda kwa bank, unaambiwa lazima uwe na share certificates, zile za mambo ya kununuliwa huko kwa share holding. Lakini tungeomba title deed, ioneckana iwe na maana kama zamani na iwe ikisaidia hao watu.

Ya tatu, ni mambo ya elimu. Ningeonelea, elimu iwe ya free, kuanzia nursery school, hadi secondary school, iwe ni free, lakini kutoka kwa colleges, na university, iwe ni cost sharing. Mzazi ana saidia nusu na serikali inapatiana nusu. Na ikiwa ni private institution ya learning kama ya mtu kama mimi, niwe nikiliwa nusu na mzazi, nayo nusu ninasaidiwa na serikali ndio niweze kusaidia hao wanafunzi au watoto wasome. Kwa hivyo hayo ndio ingekuwa maoni, ili kila mtu awe na nafasi ya elimu katika nchi yake.

La mwisho ni mambo ya ulinzi, security. Ningeuliza security yetu in our country, iwe na mithamu kama military ambaye tuko nayo. Ikiwa na nidthamu, iwe mambo yake yote, ya loyalty, itakuwa ni loyalty yao kwa wananchi wa hiyo inchi. Isiwe loyalty yao ni ya kwa wakubwa wao tu pee yao, na kwa wananchi ni kama makaratsasi. Kwa hayo machache ni ninaomba ni kishukuru hii tume kwa kukubali kuja hapa na kutupatia hii forum angalau tuwambie machache ambayo tunayo. Hayo mengine tutawatumia, mungu awabariki.

Com. Wambua: Asante Bwana Samson Karuru, tunamuomba Bwana Joseph Mlowa wa CJPC box 101, aje.

Andrew Kinyanjui: Habari zenu? My name is Andrew Kinyanjui not Joseph.

Interjection- Com. Wambua: Wewe si Joseph?

Andrew Kinyanjui: Apana.

Com Wambua: Lakini unakuja kuzungumza on behalf of CJPC.

Andrew Kinyanjui: On behalf.

Com. Wambua: On behalf of joseph?

Andrew Kinyanjui: Yes.

Com. Wambua: Then what you need to do, are you from CJPC?

Andrew Kinyanjui: Yes.

Com. Wambua: You'll need to register, ukimaliza kuzungumza u-registe jina lako kwa sababu itakuwa si Joseph lakini itakuwa ni wewe.

Andrew Kinyanjui: Now what I might say, mine is very few, Mr. Chairman, Secretary and the members of the commission. Thank you, you have come here and you have met us. We the people, who you have been hearing about, that we are learned and we dont have jobs. Mine will be mostly on jobs, but let me talk something small about it. Mr. Chairman in a society like this one, there are so many things, which affect the common mwananchi. One is unemployment, and that will be my major issue. I am one of the unemployed people. Like now, I have come from an interview somewhere, I never got the job. We are

not here to simperthize with me, but we are here to look at what is the structure of our government. Why did I become knowledgeable. Why did I become educated, its because the government has a place to offer to me, that place I dont have it now. Currently, I was working and I can see one of my officers there, I was walking as an assistant registration officer. Temporary jobs. Could we have a way in our government, to put graduates, like me now, and I'm very old because since the time I graduated up to now is almost 10 years and I have never gotten a job. Those graduates in between , could we have a way, in which we could absorb them in our government, because I was educated by our government. When I was learning, we were being given boom. We used to call it boom. It was a loan from the government. I have never paid it. How could I pay, I have never been employed. How can we make sure that I am employed, I go and pay the loan by which I was educated by my government, so that I can make sure that my brother who is behind me will continue learning like I learnt. It is very simple, we can make it simply this way.

Nowadays it seems there is no system of employing people. This is me Andrew Kinyanjui and I'm a BA graduate, what is required of me now to become a teacher is that I go do a post-graduate diploma of which will cost me another 80,000/= of which I dont have because I'm not employed. Then I become a teacher, but we've relaxed our system somehow. We employ ths young graduates we're missing. We can sacrifice ourselves, we say our system was very bad, so I can sacrifice myself and say but then, those who are younger than me, let them find somewhere, they can fix themselves. They can always fix themselves in the government. There before, I was educated at Kenyatta University. There before, it was automatic, for somebody who has done BA like me to become a teacher. Nowadays, can you become a teacher. What we're saying my friends from the commission, make the labour system, in your government, you can make it I know in the constitution make it such as it is able to absorb those brains you get from the university. Absorb them immediately, dont let them get poluted outside, they are going to be polluted. Life outside here is very harsh, I've experience that. I have been here now for almost ten years with sight for employment, but I have survived somehow. So what I wanted to emphasize is, absorb those who are coming from the university. Absorb them my friends. If necessary, even if in your commission absorb them. Thank you.

Com. Wambua: Kwanza ningawaomba radhi, stima imepotea. Kwa hivyo mtu akija hapa mtu angee kwa sauti ndio wengine waweze kuwasikia, lakini tunaendelea kurecordi mazungumzo yetu yote hakuna hata neno moja litakalo potea. Naomba aje Josephat Mbugua LCEC. Francis Kiango Kunga. D. N. Mwaura, John Ndehu, alafu James Karanja Waweru ajitayarische.

Charles Gakuru Mbugwa: Jina langu ni Charles Gakuru Mbugwa, na nime furahi, kupatiwa nafasi,

(Interjection): Mzee wangu unganiachia kazihyo mimi tafadhali mzee wangu, twende kwa hatuwa. Nimwita mpaka kwa John Ndehu akainua mkono, akasema yuko, baada ya John kuna James, George halafu ndio wewe mzee wangu, tafadhali Bwana, wako wenyewe usiseme wameondoka. Huyo kijana yuko. Subiri kidogo mzee wangu.

John Ndehu: Asanti sana nimeshukuru, kwa yale yote ambayo yanasemwaa na vile vile niko na furaha isiyo na kinaya. Na mimi kitu ambacho ningependa kusema ni kwaba hata ingawa tunayaeleza haya, tuko nayo, kuna mambo ambayo ambayo tunasoma kwa magazeti ya kwamba wengi wanaingilia, hii tume imechaguliwa, na hayo ni mambo ambayo tunaweza

kuyashitumu na kuyalaani, kwa sababu sio mazuri, yanatuharibia shuguli ambazo tunafanya. Waki huu jambo ambalo mimi ningepende, serikali ijao, au katiba ambayo ningependa iwepo, ni kwamba serikali yety iwe na Prime Minister, au waziri mkuu na iwe na naibu wako, ambayo watasaidiana na Rais pamoja na makamu wake.

Jambo lingine ni kuhusu mashamba ambayo hayatumiki kwa wakati huu, na ni mashamba ambayo iko na umuhimu sana kwa sisi. Wengi wamenyakua mashamba makubwa, na pia wazungu wengine wamenyakuwa mashamba katika taifa hili. Kama shamba lingine liko huko Nyeri linaitwa Soi Ranch, ni shamba kubwa na ambayo ni wanyama wamefugwa huko, na halinufaishi watu. Na kwa hivyo ningependa mashamba hayo, katiba iseme tuyanyakue na ikiwa tutaruhusiwa, tutayanyakuwa kwa nguvu, kwa sababu hayo ni mashamba yetu yamekuja kunyakuliwa na wazungu kutoka mbali.

Vile vile kama mashamba haya ya Naivasha, ya humko kwa Delamere, ni shamba kubwa, limetoka hapa kama vile tulivyo elezwa na mwingine, tupewe pia ruhusa tuyanyakuwe hayo mashamba, kwa sababu mashamba ambayo tuko nayo, ni mashamba madogo sana. Vile vile kama kwetu, mimi ni mzalio wa Nyeri, na tuko na shamba la ekari mbili na nusu, na tuko vijana watano, na sister yangu bado hajaolewa. Hilo shamba tutagawanya namna gani, na tuko wengi na hako kuna mashamba makubwa yako huko? Si tupewe tuu tuyanyakuwe hayo mashamba au yauziwe serikali nasi tunayanunua kutoka kwa serikali. Hilo ni jambo ambalo linapaswa katiba ichunguze kwa makini zaidi, ili tuweze kuwa na kila mtu awe huru. Kuna wengine ambaao wanaishi vijijini na pia hao hawana mashamba.

Mzee ambae alipandisha bendera, anaitwa Munyao. Munyao, hakuangaliwa na serikali ilyokuwako. Hai kum –consider hata kidogo. Kwa hivyo tungependa wazee walio pigania uhuru wa taifa hili, wawe mionganoni mwa wale ambaao watapewa kibao kusaidiwa zaidi. Kwa sababu ya hali ya usalama katika nchi hii, na kwa sababu kuna kiwanda cha mareserve ya hapa kimetengenezwa pale Eldoret. Tungependa sasa turuhusiwe tuwe na mabunduki, ile tuweze kuwa tukiyatumia kupambana na wakora ambaao wameziodi kuongezeka katika taifa hili. Turuhusiwe tununue mabunduki, na pia wafanya biashara wapewe ruhusa wanunue mabunduki waweke maduka ya mabunduki kati nchi hii, kila sehemu, ili tuweze kujilinda kama serikali haita weza kutulinda sawa sawa. Hilo ni jambo ambalo tunaomba iwekwe kwa katiba, tupewe uhuru, upewe hiyo ruhusa ya kuwa na bunduki, na pia tutakuwa na barua ya kumiliki hiyo bunduki, ili tuwe tukipigana na wakora.

Jambo lingine ni kuhusu shule. Tunataka shule iwe bure. Sitaenda nikirudia sana, kwa sababu tulielezwa na mwingine ya kwamba tuwe tukisema yale ambayo yamesemwa, tusije tuka rudia. Na kwa hayo machache, nimewashukuru na mambo hayo yaangaliwe sana kuhusu mazingira yetu. Mazingira ni mengi na mwingine alisema wanyama hawana manufa kama binadam. Hata waki wa Yesu Kristo, (bell rings) nitamalizia, hata kengele ikilia nitaendelea kidogo. Yesu Kristo wakati mwingine alikuta mtu ambae alikuwa na mapepo, yale mashetani sijui maibilizi Mark chapter 5. Yesu alimuhurumia huyo mtu na akamau hayo mashetani, yaingie kwa nguruwe. Naa nguruwe wakaingia kwa mto. Hiyo nikuonyesha ya kwamba, hata Mungu ako na haja na mtu wake. Kwa nini serikali haina haja na sisi. Kwa hivyo katiba inapaswa kutumikia hali hiyo kabisa. Tukatiwe mashamba pia huko kwa msitu, ili tuweze kulima na kuendesha kilimo. Tuipingi vikali chakula kutoka nje, sukari kutoka nje ambayo

inaingizwa hapa na yetu inapotelea mbali, na vyombo vingi vinapotelea mbali, tunakosa sasa ya kuuza. Kwa hivyo Katiba inapasa kushugulikia hali hiyo asanteni.

Com. Wambua: James Karanja Waweru. James Karanja Waweru mara ya pili. George Kariku. Bwana Charles Gakuru Mbugua, tumekufikia sasa.

Charles Gakuru: Asanti sana kwa kupatiwa hilo nafasi na jina ni Charles Gakuro Mbugua. Sasa, mimi nitasoma yaliomo kwa sababu ni mengi yalio katika memorandum yangu, na nitaanza na kusema: There should be a preamble in our Kenyan Constitution, stating that for example:

1. The constitution is a property of the citizen of Kenya.
2. Any major change, in the constitution should be decided and done by the citizens of Kenya through a referendum.
3. No body should be above the constitution of Kenya.
4. The constitution of Kenya should be above all other laws in Kenya.
5. No body in Kenya, should be above the laws of Kenya.
6. The powers of the President should be reduced.
7. I recommend the separation of the three arms of the government
8. The present system of government to remain, but the local government to be given powers to spend touches from their local collections.
9. Members of parliament should be full time employees and should have offices in their constituencies.
10. I recommend one man one job.
11. Members of parliament and councilors and any electoral post should be sacked by votes of no confidence, by giving in one thousand names and signatures.
12. Provincial administration to be abolished and be replaced by 3 DCs
13. I recommend the abolition of small councils within a district and replace them with one district council with representatives from every division in the district.
14. Local courts to be established within locations to deal with major cases.
15. State lawyers to be employed to assist those with land and other civil cases.
16. I recommend that army and police should be loyal to the country, and the President, according to the law.
17. I recommend that there should be a war council which should meet before the commander in chief takes any action concerning war.
18. I recommend that all parties should be funded by the government and that all parties which do not have 1/3 representative in the parliament should be scrapped.
19. I recommend that KICC building should belong to the state and not to any party.
20. I recommend that the Social Security Building should belong to the employees, who were in employment, when it was built and who contributed to its building. They should receive dividends every year.

21. Those who have borrowed money from the National Social Security Fund to build houses or buy any properties, should have those properties reposessed if they have not repaid the money.
22. The constitution should provide free education for all citizens from Std. 1 to University level
23. Education should be compulsory from Standard one to Form 4.
24. To provide and ensure that food and other farm commodities, I recommend that large farms should not be sub divided.
25. People who are in employment, should be encouraged to live in plots of a quarter of an acre and which should not be subdivided.
26. To avoid dead bodies remaining in mortuaries for too long due to disputes, over where who should bury the body, which in most cases is caused by those who come after they are separated with the deceased for 10 or 30 years. I recommend that there be a limit to separation period. I recommend 6 months to be the limit. After the expiry of that period, the decision of where and when to bury the body, should rest with those who were with the deceased up to the time he or she died.

Inging ni hii ya ID. ID nimesema iyondolewe. Kuwekwe, National Social Security Card. Iwe ndio ID, na iwe na namba ya ID. Sasa, kila mtu ambae anafanya kazi, awe contributor, kwa National Social Security Fund. Tena wale ambao wamemaliza shule, hawajaajiriwa wapatiwe maintenance allowance. Kwa sababu, ni kazi ya serikali kuwapatia kazi. Kwa sababu wakati wameingia shule, serikali, inatakiwa kupanga mipango ya hawa watu, ndio wakifika university, awe huyu mwananchi, kwa sababu ako kwa record, kuna kazi yake, lakini kama serikali haijafanya hiyo. Basi impatie huyu mwananchi allowance ya kumfanya aendelee mpaka apate kazi. Kwa haya machache nimesema asanti sana na sisi tumefurahi sana kuwaona hapa lakini kunamambo mengi, mengi yanasmakna huko, Ati hii katiba, haitakwisha ama mambo ingine haitafanyika hii mambo inatusikitisha sana, sana sana tukiwa huko nje, kwa sababu hata watu hawana imani, hata pengine ndio unaona hii kiwanja hakijajaa. Kwa ivyo tunasema bidii iwekwe ndio mambo haya tunasema, yasiwe mambo ya bure. Yawe yote yamewekwa ndani na ndio confidence irudi kwa wananchi. Asante.

Com. Wambua: Asante sana bwana Gakuru Charles Mbugwa. Sasa tunamuomba Joseph Njuguna was sanduku la posta 57. Yuko Joseph? Kama hayuko Joseph twende kwa Grace Mugure. Twende kwa James K. Gathige, James Kamau, Mary Wanja Githaiga. Karibu Mama.

Com. Wambua: Asanti sana Bi Mary Nyawira, sasa tungependa kumwita Peter Waweru. Peter Waweru Yuko? Patrick Kimani yuko hapa? John Karanja? David M Njuguna, Stephen Mburu, na Moses Njenga. Kwa hivyo ningemuomba Peter Waweru aendeele, akifwatiwa na Patrick Kimani, na David Njuguna.

Peter Waweru: Thank you, Commissioners, for coming here. I have a long memorandum but I have to just summarise it to a few points. To start with I would say, that the constitution which we are going to make, should be supreme. We should have a supreme constitution. No body should be above the constitution. If there has to be a change, in the key part of the constitution, then the parliament which we have to take the constitution, there should be 75% of the parliamentary vote, so that any part of the constitution can be changed. If parliament cannot muster 75% then it should be taken to the public for a referendum, so that the public can say whether they want that part changed or not. When we come to the state, from my view is that I would wish that we should have a unitary state with an Executive President. That was the wish of the founding father of this nation Mzee Jomo Kenyatta, his wish was that we have a unitary state, all the way from Lokichogio, to Uyoma. All the way from Lodwar up to all the other parts of this country, but having a unitary state with an executive President.

We have experienced with the current Constitution that when we have a President with executive powers, that one is subject to abuse. So to reduce the powers of the President, I propose that we have a Prime Minister, tuwe na Waziri Mkuu ambaye atakuwa akiunda serikali, ambaye atakuwa akichaguliwa, kutoka kwa chama ambacho kimeshinda wingi wa viti katika Bunge. Na huyo Waziri Mkuu, ndio atakuwa akichagua serikali, he's the leader of the government and the President should be the head of state. Now the function of the head of state will be like residing over public functions, receiving state guests and so forth, whilst the prime minister should be incharge of running the day to day duties of the country. Huyo ni Rais ambaye ako na kazi kidogo. Rais wetu wakati huu ako na kazi nyingi sana. Kazi nyingi ipelekwe kwa Waziri Mkuu na serikali yake. The Prime Minister will be the one solving the government and appointing people to fill the position of offices, the Attorney General, ambassadors, the Comanders in Chief and so on.

I have also proposed that, Rais ambaye tutachagua katika uchaguzi wa kiraisi. Rais ambaye atashinda, awe ameshinda 51% ya kura zote ambae tumepiga kwa katika huyo uchaguzi. So that we have a President elected by the majority. A President who gathers 51% of the total votes incurred should be declared the winner. Also when we come to the voting age, we have tied so much to the age, where one gets the identity cards and also is liable to vote. Hapa ningesema ya kwamba, ukichukuwa kitambulisha katika miaka ukiwa na umri wa miaka kumi na nane, lakini katiba iseme ya kwamba unastahili kupiga kura, ukiwa umefikisha miaka ishirini na moja. At 18 years these people are not able to make knowledgeable decisions about the political environment. So I say that voting age should be increased to 21 years whilst if you want to become an MP, ukitaka cheo

katika bunge uwe umefikisha miaka ishirini na sita badala ya miaka ishirini na moja. Nae Rais tuongeza muda wa raisi kutaka kupigania kiti cha raisi kutoka miaka 35 hadi miaka 40. Kama ni uchaguzi.

The elections should be standard. We should not have presidential, parliamentary and civic elections at the same time. Tuwe na uchaguzi wa wabunge na macouncilors muda wao, na baada wa miezi sita, ama miezi mitatu, tuwe na uchaguzi wa raisi peke yake, kwa hivyo uchaguzi usiwe pamaoja, kama vile tunafanya wakati huu. So the elections should be standard.

Our MPs should be full time employees of parliament. Hawa tumewandika kazi, tunataka wakae huko for 5 days a week, and even I am suggesting that Kenya being a poor country, nchi yetu iko na shida nydingi, we should work for more hours and have less time for leisure. Kama especially to the public servants, they are working for five days a week together also with our MPs. They should be in full time occupation and also they should like somebody said. Lazma wawe na maofisi katika constituency ndio waweze kuhudumia watu wao.

I was also coming to the basic rights. Haki za msingi, kama afya, elimu, kazi, shamba, chakula na pia security. It is the right of the Kenyan citizen to be provided with health care. Ikiwa taifa inastahili kumpatia mtu afya njema, it is also of the state to know the health status of its citizens. Here what I have in mind, the HIV Aids epidemic, it has been with us for the last 15 years. We don't know the status of the health of our people, and so many people are dying every day. The current statistics are saying that 700 people are dying every day because of this disease. So should the state have the right to know the health status of its citizens? All those who are infected can be accommodated, they can be looked after and then they can also be prevented from infecting other people. Kwa hivyo kama ni afya, serikali ipatie wananchi wake afya mahospitali yawe na madawa, yawe na madaktari, na pia huu ugonjwa wa ukimwi ambao unatumaliza, labda wengine hata wakti huu wakati katiba itakuwa imemalizika wengi wetu watakuwa wamekufa. So we should know who is infected and who is not infected, so that the government can make appropriate policy. Kama jeshi letu lingekuwa linauwawa, I think everybody will be up in arms. Today we are talking of the Aids epidemic killing our people, 700 people per day and we don't take initiative.

Tukija mambo ya elimu, we should have free education in primary level. Watoto wote wawe wanaenda shule. That one should be said, but for cost measures, the secondary schools we should give free education for those children who qualify for national and provincial schools. Hawa serikali iwalipie na hao wengine wazazi wawe na ile tunaita cost sharing.

Employment: Ni haki ya kila mkenya kuwa na kazi. Kwa sababu hatuna kazi, watu wetu wanataabika sana,. Hapa tumekuwa na kijana ambae ametwambia ya kwamba he graduated 10 years ago and he has never been employed and that is pathetic. The public has spent so much money, so many resources on that man and up to now he has not been employed. At this point he is desperate, tufanye nini? So I was suggesting that Kenya as a nation, the constitution should involve a state welfare benefit.

Serikali iwe inawapatia wakenya ambao hawaja ajiriwa, na wamefikisha umri wa kuajiriwa, marupu rupu ya kuishi kwa sababu hiyo ndio inawafanya vijana wetu waingie mambo ya kunywa bangi, pombe, umalaya na kadhalika. The state should

provide Social Welfare Benefit to our people so that they are not subjected to massive poverty.

When we come to land, thinking about the land like here in Limuru and in Central Province, we have what we call emergency villages, slums and squatters. So can the state because the land should belong to the state, can it make sure that we no longer have this bad subjects from the colonial era of emergency villages by doing what, by making sure that every Kenyan has a right to shelter even if it is 0.5 hecter. Kila mkenya ako na mahali pa kuishi. (bell rings) I was also talking about the...

Commissioner: Ningomba u-samarize kwa sababu ulikuwa utakiwe upewe dakika tano, wewe you had a written memorandum. Lakini umepewa dakika kumi, kwa hivyo usha pata bonus.

Peter Waweru: Thank you let me just summarise on land. Iwas thinking that mashamba yetu tumeyagawa sana. Ukiangalia kama hapa Limuru, tunaelekea kama, sehemu yote itakuwa kama kijiji. We have subdivided this land so much, so I was suggesting that in densely populated areas, like Limuru here and in central province, the land should not be sub divided below 10 hectares. Ikifika acre 10, mzee asigawe hiyo shamba mara nyingine. Hiyo inakuwa family estate. Wale watoto watakuja badaye, kuna ploti ambazo zinaweza kutolewa karibu na barabara, wanajenga huko. Na huko nyuma kunakua shamba ya kulimwa because if we continue like this in 10-20 years we shall not have land to grow our crops, so we shall be begging for food. Also I was talking of the minimum 10 hectares and 100 hectares in densely populated areas and enable land, whereby if you have more than 100 hectares, then the state should be taxing, ndio ipate pesa ya kulipe wale ambao hawaja ajiliwa. Pia kama we have arid and semi arid areas, in this areas I think we should have a minimum of 10 hectares and a maximum of 200 hectares. Thank you.

Com. Wambua: Thank you very much. Ningependa tu kuwakumbusha kwamba tulikuwa tumewaomba, ikiwa kuna mambo ambayo tayari yameshatajwa na wenzenu, tuyagusie tuu kwa juu juu, mtaje yale ambae hayajazungumziwa. Kwa hivyo ningependa kumuomba Patrick Kimani aje akifwatiwa na Chairman.

Patrick Kimani: Hamjambo nyote? Kwanza nitaongea juu ya elimu. Ile ningetaka, kama elimu itakuwa ya bure, sheria iwekwe, ikipatikani mtoto ye yote nyumbani na elimu ni ya bure, mzazi anapelekwa mahakamani na analipa faini.

Ya pili titaongea juu ya viwanda. Serikali yetu wakati ililetie mambo ya uhuru, ilisahau mambo ya viwanda vya hapa kwetu. Ukiangalia mataifa kama Mariekani, kama juzi kulikuwa na vita kati ya Mariakeni na Europa. Kwa sababu Mariakani walikuwa wanapeleka madini huko Europa, halafu Europa wakanza kuchukuwa Amerika ya kusini. Sasa ilibidi ile misaada yote Amerika inapatia Europa kwanza ikakata kuwapatia ili warudie kununua madini yao. Hii serikali yetu ikona kiwanda inafilisika, inakuja yenyewe na inafilishisha kabisa. Vile walifanya FK Macharia Multi Paper ikaisha kabisa.

Jamba la tatu ni mashamba. Mashamba wale walipigania uhuru, wakati walienda msituni, wakaacha homeguards. Homeguards

walikuwa ni walini wa wazungu. Wakati mzungu aliona tutapata uhuru, hiyo mashamba yake yote akandikisha wale ma homeguard na watoto wao. Wakati wale walitoka kwa msitu, wakati waliambiwa na Kenyatta watoke kwa msitu wakakuja wakambiwa watoe pesa waende Rift Valley wakanunue mashamba huko. Sasa mtu ambae amefungwa kwa gereza miaka nane, na ni mzungu amemfunga atatoa pesa wapi ya kununua mashamba. Sasa ndio watu wale wamekaa hapa wengi hawana mashamba, chokora hawa unasikia wakisema. Ni kwa sababu ya serikali, haikujali masilahi ya wale walio pigania uhuru. Juzi hapo nairobi serikali walienda kuwekelea shada kwa watu walio kufa second world war watu ambao hawatuhusu. Kwani sisi hatuna watu ambao walikufa wakipigania uhuru wetu waelelewe shada ya maua.

Jambo la nne ni mgomo. Serikali tungetaka itufananulie ituambie , mgomo ni upi ulio halali na ni gani ambao si halali. Kwa sababu hakuna hata ya watu kugoma alafu raisi anaingilia anaingiza watu wengine na hiyo ni ukabila kwa sababu wale watu wengi anaingiza uko ni watu wa kabilia lake.

Jambo la tano, ni mambo ya ulevi, hakuna haja ya serikali kushika mtu kusema alikuwa amelewa na kupindukiwa. Kwani hiyo pombe alikuwa anakunywa ni uji? Hiyo yote nimesoma hapa ni sheria za mzungu. Sheria za mzungu zitolewe zote. Hakuna haja kutawaliwa na sheria ya Muwingereza. Ukienda kwa Muwingereza unapata kuna provincial administrators, ukienda upande ya Mariakeni unapata kuna president. Hatutaki sheria ya aina hiyo. Tuwe na sheria ya Mwafrika vile tunavyo kaa na bibi zetu. Sio lazima tuchukuwe misaada kutoka kwao ndio twendelea. Tuna lima mashamba, tunalima kahawa hapa na hauna hata gari. Hiyo kahawa inaenda kupakiwa huko wingereza, yule mtu ambae hata hana shamba, hata hajui kuu kwa machini hivi, ku-pack kwa mkebe kama hii ako na gari, na kila kitu. Mkulima wa huko Nyeri, anakufa maskini na kahawa yote ni yake. Serikali lazima iyangalie hiyo mambo sana. Isipochunguzwa namna hiyo, pale ambapo tunaelekea maskini wanzidi kuongezeka. Umaskini ukiingia insecurity ndio itakua nyingi zaidi. Sasa matajiri wote, tutapiga sisi wote watuondokee, tunyakue mashamba yetu.

Jambo la mwisho, ni la akina mama. Akina mama hakuna haja ya kusema ati mpewe nafasi ama nini. Mkipewa nafasi mtakuwa mnavunja amri ya Mungi, mungi anasema wewe fwata mwanaume. Bona unataka mimi nikufwate na wewe mimi ndiye nimekuoa.

Jambo lingine ni mambo ya media, kama ni ma-reporters. Ma- reporters sheria iwekwe. Kama ni mbunge wetu ana bibi, ana mpenzi mwengine nje, ati huyo reporter aki report na iyonekane ni ukweli, huyu mbunge achukuliwe hatua. Lakini kama ni uwongo huyo mwandishi na gazetti lake wachukuliwe hatua pia. Badala ya kuwa gazeti zingine tunasoma kwa gazzeti mambo ya uwongo. Ukifikiria kesho utaendelea na hiyo hadithi unapata hakuna, ilikuwa ni mambo ya fununu na tayari jina ya yule jamaa imeharibika.

Mwisho kabisa ni wabunge. Wabunge wetu tunawachagua kwa tikiti ya chama fulani, akifika huko bunge ana pinduka anakuwa ni wa chama ingine. Bado anakatalia kwa bunge. Kama mimi nilimpigia kura kwa sababu ataleta stima hapa kwetu,

na hiyo chama imenda haileti stima na haileti maji, si mimi nateseka? Wananchi wapewe nguvu. Kama ni mbunge ametoka kwa chama yeoyote na hatujampatia ruhusa sisi wananchi, huyo mbunge watu wachukue signature kama ni elfu moja, huyo mbunge anae leta kuto kuwa na imani, tunafanya uchaguzi ingine na tunachagua yule mtu tunayetaka. Asanteni sana.

Com. Wambua: Asante sana. Chairman.

Chairman 3C's- Mwaura Njuguna: Asanti Bwana Commissioner na wenzangu, na furahi kwa sababu hata mimi ni kiwa ndie Chairman niko na maoni yangu ambayo ningalitaka kutoa hapa...

Interjection - Com. Wambua: Chairman, for the record unajua tunarecordi, utaje jina lako.

Chairman 3C's- Njuguna: I am David Mwaura Njuguna. Nataka kuongea hali ya preamble katika Katiba yetu. Nimesoma Katiba nyingi kama ya Amerika na zingine na hii yetu, na yetu haiko na utangulizi. Inatakiwa ikawa na utangulizi ambaao utataja kinaganaga, lengo la sheria zote ambazo zitazaliwa kutoka kwa hiyo katiba ambayo itakuwa ni kama kinga kwa haki na usalama ya wananchi. Therefore I am saying the Constitution of Kenya should have a preamble which should clearly state the broad objective for Kenyans. These broad objectives should be unchangeable, and Kenyans can sue whoever violates those broad objectives. It should state something like for example, it should say in order to promote the welfare, anything that should be outside the welfare and prosperity of Kenyans, the people of Kenya resolve that they will follow the law. That will mean whatever is done, lolote litafanyika, which is not promoting the welfare and prosperity of the Kenyans, that will be unconstitutional. Therefore mwananchi can sue whoever has violated that or violating a constitutional right of that person.

It could also state something like...., and by the way at that point I am imagining of the mama mbogas. Those ladies that are going selling vegetables at 6 O'clock, and they are going to find city askaris chasing them. Shops have already been closed. They are not inconveniencing any body. Now chasing them and bashing them and beating them. That is violating their constitutional right when they are taking their tradeware. The mboga wanaauza, and all the rest of that. That is not constitutional, it is not for their prosperity. Tutasema wana violate constitution.

Ina weza endelea iseme, that Kenyans can move trade and own property anywhere in Kenya. Now it should be recognized that was a broad objective, of freedom of movement such that when you are moving of course you are going to do something, you are not just moving for nothing therefore it should state that you can move and trade anywhere and own property anywhere. That will avoid events like before, the land clashes, na mambo hiyo ingine yote ambayo I am not going to mention each of them kwa sababu ya muda.

Now ninaenda kwa summary tuongee hali ya citizenship, tuko na our sons and daughters are moving to America some of them, or to other countries, and I think it is terrible that a son of Kenya comes home and is barred from coming to Kenya or even from

claiming the rights of being a Kenyan. I am suggesting that Kenyans of indigenous stock, get my word, should be allowed to acquire duo citizenship, if they venture abroad and acquire another citizenship. This will avoid our sons and daughters being discriminated against, when they venture out of the country and acquire citizenship of those countries. The Kenyans who are married by non-Kenyans will therefore not lose their Kenyan citizenship, nor be barred from visiting their relatives back in Kenya. They also can finally choose to settle in Kenya and repatriate all their Army from America, from Germany from anywhere. They may choose even to come with their spouses and repatriate their earnings in Kenya.

I will move on and summarise that and come on presidency. Here I have a revolutionary suggestion. Zote tunasema ati Rais should rule for two terms, I agree with that. Not only rais, even the MPs. We have educated people, now all leaders should run for two terms. It is those terms that they should serve us, but that we are not losing the president, the MPs and the concillors, but even the councillors should not run for longer than two terms. We have educated people the MPs should run for two terms, the councilors for two terms, even the leader of cooperative society and other groups that are being led. This will avoid the great pride that usually comes when people are struggling for leadership.

Now Chairperson I'm rushing very fast. On family, now the family institution in Kenya madam commissioner, is endangered. There are too many laws, too many statements coming from outside and we try to make them ours and they are militating against our laws. Now the respect for our own tradition should be kept, such that for instance, wives should inherit from their husbands and so own. That is known. Now I know of a case right now, where a lady acres while she is married is struggling to inherit, 1.5 acres which her father had and her four brothers are strugfling for the same. Now this is going to create strife, remember we said in our objective, that we shall try and maintain welfare and prosperity of Kenya. Therfore rules that are going to bring strife and struggle should be avoided.

Now on children I think we are great copy cats. Now in other countries like in Japan, children are trained on hard work from very early age. Its actually a dogma in Japan. Now here in Kenya Madam Commissioner, we are saying that children should not work, should not be made to work, it is violating their right if you make them pick tea, if you make them pick pyrethrum, if you make them milk. Now we should not create a country of laziness. This people are going to be our leaders tomorrow, and therefore provided, the child is not denied education is not denied opportunities for self development, they should be trained to work so that they learn education for life. Many of them are going to be unemployed, they will not get wage earning employment, They will depend on what they would do back at home. I am therefore saying, children's bill was passed but it was very foreign in many of those suggestions that it had and therefore, our law should be inkeeping with our environment, our economic situation and circumstances.

We should not just hear there is women's Bill. My mother is not opressed, she has always earned bread for us, my father knows the work she is doing and I think foreigners envy our way of life, but we are not sure of ourselves, we want to copy anything from America, anything from Germany or anywhere else and leave ours.

Com. Wambua: Chairman you need to summarise.

Chairman 3C's- Njuguna: Thank you, I will finish now. Provincial Administration. I want to suggest that the PCs should be removed. There should be only the DO and the Chief and station of the chief should be well renumerated, so that it will attract people who are very well educated, people who are committed. Even their assistant chiefs, so that in the end we shall have a good government. I think I will leave the rest.

The salary, as I finish, that there is man here for increasing salaries for a few people at the upper echelon and this echelon is the one that is creating great disparity. We buy sugar at the same cost. A man is earning 700,000/=, I am earning 2,000=/. We are going a cup tea for the same price. I think it is unfair. There should be a commission that is going to guide on the salary and salary reviews be therefore judges for whoever, so that we don't have this huge yawning disparity. Thank you very much.

Com. Kabira: Thank you very much, I want you to clarify that you want us to change the Kenyan law which says that the boys and girls should be able to inherit from their parents.

Chairman 3Cs- Njuguna: Now what I said is only in my hurry I avoided reading that portion. I wanted to say that the inheritance should be left to the will of the family. If my sister is married somewhere, and they are comfortable. They should not come bothering me and my brothers when we are struggling for ¼ of an acre, and she has 18 acres at the other side. This is to avoid family strife continually. If she is not married then she can inherit. If she is not married she or her heir and successors we can do that. If she is in another place, maybe I'm married in a very poor family, where my wife cannot inherit any thing worthwhile, now my sister should not come and inherit what I have or what we have we are going to struggle to share with my brothers. This is in keeping with kind of laws we have. Today even a mzee says in his will, you may find it is daughter who was taking care of him and he feels he wants to give her a reward, fine and good we accept that. What we are saying is that a law shiould not be backed to say that married and unmarried must, because they will all come and state their interests. I think that priority should be given to those that live with the parents, unmarried and the boys. Have you asked me something about the presidential? I wish you would ask me. (laughter)

Com Wambua: She didn't thank you. You can see we were keeping time and fairness even with the chairman. Now I will go through a list of names and please indicate if you have something to say. Andrew Kinyanjui I think he spoke. Peter Kiru Gichuhi, Edward Njoroge, your hear? You're next and Peter M. Njenga, you have something to present? This is the last name I have on the list for somebody who wishes to make a presentation before this formal meeting of the commission to colect this. Is there any other person who is not in this list has been left out of this list, but has something to say to the commission, you may speak now or for ever hold your peace as is said. You would like to speak. So we'll give a chance to Peter Njenga, and then if you can come and put your name in this list. (laughter)

Peter Njenga: Thank you the Commissioners present, I will be very brief and direct to the point. One concerns land, for the bill that latin nobody should be entitled to more than 50 acres of land in this country, either president, an MP, a councillor or whoever nobody should have more than 50 acres anywhere but can a maximum of the same.

On education, I'll say primary education should be free by deed and not by word, and I stress again by deed and not by word. The government should provide all that is required for edcuation to be provided. For the secondary school as well, the same should be extended at least to form two because we have witnessed majority of the poor are not getting the same.

On election I will say, the local parliamentary and even the presidential elections should be given, or the citizens should have a right, be they civil servants or teachers, they should have that freedom not before deciding if they can be given a list, so that they can vie for anything and maybe there after resign after either getting the seat or otherwise.

On economics I would say, if any government does not register growth on economic aspects for three consecutive years, it should have a clause that any government of the day that does not register economic growth in three consecutive years should resign. By doing so, we shall have a government that will be hardworking and create jobs for the non-working citizens. For all the aspirants either civic, parliamentary or even presidential, they must all declare their wealth to the public before they are declared candidates.

For the salaries and working terms, there must be a commission to determine their terms of reference and their salaries. That should not be left to the head of state. No president in future should be above the law. Every citizen must be below the law. There must be an election calendar that should not be left to the president of the government party. There must be an election calendar where all the citizens events should be aware of when elections should be done. For the supervision of the elections I'm proposing, the electoral commission should have officials up to constituency level, and they should be elected by the constituents. Therefore the commission will have to endorse the constituents' wish.

For the president, I propose he should be having at least 50% of all the casted votes at the least half of the constituency in this republic and I repeat. A president should have garnered 50% votes in at least half of the constituencies nationally.

Government officials should be subjected to impeachment, if they are involved in corruption and they should be subjected to imprisonment of more than 10 year, if need be.

For the constituency I propose we have witnessed constituencies with less than7,000 citizens, while others are having over 100,000 voters. I propose the electoral commission to determine the level and boundaries of counstituencies by the number of citizens but not the acre range.

Lastly, the commission should be voted by the parliament or elected by parliament, and the president should not stay in the electoral commission. Thank you.

Com. Wambua: Thank you Bwana Njenga. Bwana Njenga sign the register please. Bwana John Miano.

John Miano: Thank you very much. It is the third time that I am addressing this commission, I have presented two memorandam and one of them I submitted in September, I dont know whether you received it? I brought it personally to your offices at Kencom House. So I have already spoken about the type of government I would like to see in Kenya, I said I want a parliamentary government with a Prime Minister as the head of government, who enjoys a majority in the lower house of parliament.

Com Kabira: Mr. Miano since it is the same gathering, I thought you wanted to talk about the issues you forgot.

John Miano: I have additional issues. A few minor issues.

Com Kabira: Additional ones, but not the ones you gave this morning?

John Miano: Yes

Com Kabira: Okey thank you.

John Miano: I would like to touch on the appointment of judges. Judges should not be appointed on contract. A civic judge should not be appointed to an Executive Office such as being a prosecutor. At one time, we had Mr. Justice Harun Rijera, an officer in the Attorney General's office, I think he was solicitor general. I think that compromises his independence.

On the salary of MPs, those salaries should depend on hours attended.

Also, it is the last point, passports should be issued as of right. It should not be as if the President is giving us a preivilage. A Kenyan should be free to leave and enter the republic at any time. Thank you.

Com. Wambua: Thank you very much Bwana Miano, now I would like to return you to the chair of the pannel Prof. Wanjiku Kabira so she can wrap up this process.

Com. Wambua: Thank you very much there are two hands up. You want to ask a question? Or do you want to present?

You have a message for the Commission, okey.

Wambua: I thought I asked if there was anybody who has views and I said, if you don't have views please you will for ever hold those views. Were you here when I said that?

Speaker: I have just come.

Com. Wambua: You have just come? This process is your process, you are a Kenyan, you have demanded to be heared. You have a written memorandum, or you want to present verbally?.

Speaker: Verbally.

Com. Wambua: You have a written memorandum. Then you have 5 minutes to summarise only the important points of your memorandum and then after that you will sign the register and give in the memorandum. The other one about the question I don't know if Prof. Wanjiku Kabira will allow it. I leave that to her discretion. Lets hear the views first before we close.

Stephen Mburu: Thank you, thank you my name is Stephen Mburu. I want to say that the people should have the power over the Constitution such that if they see that their Constitution is being violated, they should be able to go to court and say that somebody somewhere is violating the Costitution and that the law has been broken. I think the the registration that empowers the AG to enter locally or nolle prosequi that one should be repealed. The other one is the Constitution should have a preamble whereby the spirit and principle of the document of the people who are official. The spirit of the constitution should be well designed in the constitution.

Another one is, the citizens of the country should be well defined such that members of the the nation should have the figurement to right of freedom, inhuman, degrading treatment or slavery. I also think that the international convention should be incorporated in the constitution such that some may say that the international convention is being violated. Even if it is not in our constitution, we should be able to go to court and say that such and such an action violates internation agreement.

I think there should also be a provision in the constitution to guarantee the feedom of the media and publish information in the public news papers, such that the media is not barred or hindered in public truth any aspect in public interest.

The police should also not hold suspects arrested on capital cases for 14 days. I think they should have a period whereby they are arrested for fewer days.

Again citizens should be able to have groups or organizations or civic groups for that matter which should not necessarily

require to be registered in the law. They can just have them left without necessarily registering them. The office of ombudsman should also be created such that people can be able to state their grievances and have their grievances investigated by the government without the police interference. And that I think should be entrnched in the costitution.

I think we should also have special gender groups such that minority and all those special cases constitutionally be protect on the equality issue: A President should also not be members of parliament. The Constitution should explicitly provide for a coalition government. The Constitution should also create a position for acting President. Nobody should be above the law. The Constitution should outlaw any form of immunity. The Cabinet should be appointed from within Parliament. The Attorney General's office is given four responsibilities, legal advisor to the government, chief prosecutor, cabinet minister and an MP. I think this duties are not only eroneous but open to many conflicts of interet. I think we should create an independent office of the AG. The Constitution should also protect the office of the prosecutor general. The director of the prosecution should be protected so that he does not face any interference from the political circle.

I think we should have also a provision whereby citizens should be able to remove non-performing MPs and civic leaders. Once they are elected in they should not think that that's the end of the road, that they can do whatever they want. I think we should also have the elected leaders having a kind of proportional representation, such that , we don't have a leader who is representing 30,000 Kenyans and another is representing 5,000 Kenyans or less yet they same the same power. I think we should have a provision for proportional representation. I think we should allow for a provision for extending services. The way it is today, a candidate is well chosen but political parties cannot contest. I think this is wrong and should be rectified. Again leaders who want to contest, who are in public office. There should not be a requirement whereby they are supposed to relinquish their previous positions before they can content. I think they should be given leave such they will be able to contest, and if they lose they will be able to bring back their duties, because their salary having to be stopped as is normally the same. (bell rings) I think also for the cabinet ministers, there should be no law for cabinet ministers in electoral regions in acusation of electoral exercise. The question also of administrative boundaries. Some of this boundaries have been put in place in a manner that is not really in the interest of the people such that we have some people representing large areas, other people representing small areas where by those people representing that big area where by 50,000 people represented by one person, are having their views supressed by this non representation because you will have less to represent. I think also the parliament should have a constitutional, provision in the constitution whereby the parliament can control its own calender and no body should come from anywhere and say now I'm desolving parliament or I'm opening it, no. I think there should be a constitutional provision whereby it states when it is open and when it is closed. That should not be determined by an individual.

Com Wambua: Stephen I know you came late, but that bell was supposed to say that your time was up and you need to summarise. Then you can leave the written memorandum

Stephen Mburu: For foreigners who have for many years stayed in the country and have become interested in matters that

are taking place in the country, they should be given the voting rights.

For the registration of voters, we should have a continuous registration of voters not only when elections come and then we register for one month. The registration should continue through out whether there are elections or not. There should be a provision in the constitution where voters have a right to vote. Kenyans without the ID but genuine members of the society and are known and have their birth certificates and other documents should also be allowed to vote whether they have their ID document or not. The electoral officials who change their plight for affiliation should not need to pick the mandate from the electorate. Once the parliament creates its own calender, it should not be extended. That calender is supposed to be upheld at all costs. The MP should also have a continual provision wherby MPs have the right to live without intimidation or fear of anything. The quorum of the current parliament is only 30 members against 220 members which is only 13.5% of representation. That means 30 members can be able to change the constitution of laws. I think that is a very small number. I think the constitution should create a better provision of a quorun whereby this percentage should be increased to at least say 2/3 not 13% which is too little.

Com Wambua: Stephen you need to chose two last points you want to make.

Stephen Mburu: Should parliament have a vote of no confidence, we should not have the entire parliament getting desolved. I think those who are in office, who are governing the country, are the once who are supposed to resign not the parliament. The parliament should not desolve. It is not the parliament that has failed to perform, it is the govenment.

There should be a constitution provision where members of the public are able to adjourn the parliament. (bell rings) during the time of electoral exercise when the elections are taking place, I think we should have an Independent leadership in an acting capacity to govern the country until the elections are completed.

Com. Wambua: Last one.

Again, there should also be a provision whereby an elected government should be able to assume office mostly. So that the handing over of power is well taken care off.

Com. Wambua: The transitional procedures should be well taken care of.

Stephen Mburu: Exactly.

Com. Abubakar: Thank you very much Stephen. You need to give that memorandum to our members there, and since you had not even indicated that you are going to give views you need to write your name here and then sign your namene in the

register, but I need to tell you this, that if you want to give us this memorandum but if you want to refine, when I say for every hold your peace, it doesn't mean that you can no longer write a memorandum to us. If you must write a memorandum, please do it quickly because you know that Kenyans are pressuring us on time, please work hard, work hard. If you want to go and write the memorandum either to add things you think you did not articulate well, or things which come up to you because of consultations with people, you need to write that memorandum bringing to our office or to the office of the co-ordinator and it will reach us. But you need to do it quickly and this Stephen it is very important that if you feel you still have to add to that memorandum, you are free to do so. Professor I would like you to speak to the gentleman who said that he wants to give us a message.

Com. Kabira: Before he does, Stephen, if I may ask you when did you know about the meeting. Umenyire ri uhoro wa mucamanio? (inaudible answer)

Peter Waweru: Thank you very much the commission, there is something that is quite burning which I wanted to pass to the commission. My name is Mr. Peter Waweru Kahoro. Now there is this message I want to pass to the commission about the constitutional review and the general election. My fear is that, there seems to be a rush in this process and if you look at the review act, we know that so far, the commission has worked within the time of the act deadline, that will be in October, the commission will only have worked for only 14 months. Now 9 months were lost as the chairman was trying to negotiate within the and the parliamentary review commission. Now what I am saying is that Kenyans, are fearing that there seems to be a rush with our commissioners. Let us not tie the review process with the year 2000 general elections. Let the elections go on as per the current Constitution, because we have a Constitution, we are not in a vaccum. Let the 2002 year general elections be held under the current Constitution and the review process take its course. So I am saying that, you go to Parliament, help that the current Parliament to extend your time, even if it is 2 years. We know South Africa it took about 3 years. We know the independent concession which you have used now was done for about 3 years, 1960-1962, the Lancaster House. We have Uganda here they did their Constitution review and took about 5 years. So whey are we rushing? My prayer is that the commissioners, don't be in a hurry, we are the Kenyans and we are the people who are filing this process and we want a water tight Constitution that will take care of our hopes, our fears and our aspiration for the generations to come. So let's not be in a hurry, let Parliament give you more time and let us not tie the general elections with the review process. The review should continue even if it is for 3 years, we Kenyans are ready to budget for that one. We are talking of the cost, but anything good has to cost alot isn't it? Ata ukitaka nguo mzuri, lazima utatoa pesa zaidi. So if you want a good constitution, then we have to foot the bill. Thank you very much (clapping).

Com. Kabira: Thank you very much Peter Waweru and with that advise I think we can say we have come to the end of this day. I want to thank all of you for your commitment for the process. Some people are still here since morning like this young man, now I even know his name, Miano and others in this room who have been here since morning, and I think this is a demonstration to the comitment and the interest that we have.

When collecting the views from the Kenyans sometimes you get a better picture of where you are going and where the Kenyans themselves are going. So it is a negotiating process. There are many interested parties, but Kenyans I have to say are the most important. The Kenyans as a Nation are the main stakeholders for this process. For those who were not very sure whether this process is going to go on, I wanted to re-echo the statement that was made by Com. Zein alittle earlier, that we are operating at a law that cannot be just dismissed any day, but will continue also to struggle for the entrenchment of the process in the new constitution inorder to ensure that the Kenyans feel completely comfortable with the process, but we are very happy with the views today and I want like Zein has just said, this will not be the end. We are still in Kencom House, 2nd Floor in Nairobi and anybody with a memorandum can still send it to the commission. We are receiving many memorandums by the way, including through E-Mail. You can also send the memorandum through the District Coordinator and I think that as we move together, I believe we'll come with a very good constitution, that will take for a few other decades as hopefully move to a better Kenya for the children, men and women you know of this country. I think with those few remarks, I am going to ask the Chair to say one or two things and then also ask somebody to prayer and we'll close the session.

Chairman 3C's- Mwaura Njuguna: Thank you very much commissioners, I want to thank you all professor and the secretariate thank you very much. I want to thank the members here who have remained up to this time. That shows we are really committed so without tiring you very much, I thank you and we wish a good journey. I will request Mbugua to say a closing prayer.

Mr. Mbugua: Let us pray. Beloved into the Father and to the Son and to the Holy Spirit, as it was in the beginning is now and ever shall be without end Amen. Gracious and most loving father we come before you to thank you and bless your holy mighty name through this great we have had our father, this is a blessing. All the minds talked and it reminds me of the children of Israel with their leader Moses, when they had to seek long days and take long hours to delibarate on an issue so that they may come to a decision. Lord the commissioners here, are a blessing and we want to commit them in to your blessings even this moment. We want to bless them and now close this sitting and wherever else they go, father we commit them into your hands for protection, for security, even their own persons and their own families, we have a brother who even got married yesterday, and he has foregone that marriage he has just entered in, for the beauty to come and sit with us. Thank you very much lord for giving us such committed commissioners. Even the secretariate our father, we are thanking you for them, and we commit them into your blessings. Even this members of the public who have been here all day long. We are saying thank you, thank you lord because you are with us as we pray for Kenya. We want Africa Kenya to worship you our father to look up to your interests. We want a Kenya that makes you happy our father, to guide us, lead us, locate what we are looking for Lord, because it is by your choice that we are there even this moment. In this we pray trusting and believing it is done because we pray in the holy mighty name of our Lord Jesus Christ Amen. May the grace of our Lord Jesus Christ, and the love of God, and the fellowship of our Lord Holy Spirit, be with us now and for ever more. May God bless you all.

Meeting ended at 6.00 p.m.
